

SPORTS---Here, There and Everywhere

PENNSYLVANIA WILL PLAY AT PASADENA AS NEW YEAR EVENT

CORVALLIS, Or., Oct. 25.—Pennsylvania State university will accept the invitation of the Pacific Coast intercollegiate conference to represent the east in the inter-sectional football game at Pasadena, Cal., January 1, against a team to be selected by the Pacific Coast conference, according to a message received late today by Dr. U. G. Duback, president of the coast conference.

The acceptance from Penn State as received by Dr. Duback in the following telegram from Hugo Besdek, manager for Penn State:

"Penn State accepts kind invitation of Pacific coast conference to play a football game at Pasadena on New Year's day, 1923. Thank you. (Signed) Hugo Besdek."

Negotiations for the game were conducted by Dr. Duback and Professor Leslie Ayer of the University of Washington, as president and secretary of the conference under authority granted them at the recent conference meeting in Portland. They considered several eastern teams.

"Penn State was invited to play a 'representative' Pacific Coast conference eleven," said Dr. Duback. Nothing was said about meeting the champion team. As a matter of fact the east has been rather shy of the idea of making this Pasadena game a so-called championship engagement, so the conference felt that the least emphasis placed on it as a championship game, the better. What it will be is a game between a representative eastern eleven and a representative Pacific Coast team, either of which may or may not be the champion of its section. The game will be played under auspices of the Pacific coast conference."

STATE COLLEGE, Pa., Oct. 25.—Pennsylvania State College athletic authorities tonight confirmed the news that invitation of Pacific coast inter-collegiate conference for a football game at Pasadena, Cal., had been accepted. Formal invitation was received last night and was accepted immediately with the understanding that the first announcement was

SECTION GAMES NOT ABOLISHED

Outside Football Teams Can Invade Eastern Triangle in Future

NEW YORK, Oct. 25.—The impression which appears to prevail in certain quarters that Harvard Yale and Princeton are barred from further participation in inter-sectional football games by the new "trangle agreement" is not apparently borne out by a careful reading of the clauses in the agreement which goes into effect on January 1.

Under the new plan it is specified that football training shall not begin either at the university or elsewhere until one week before the institution opens and that the scheduled number of games shall be reduced to a number consistent with the shortened season.

In the next paragraph it is stipulated that no post-season contests for the purpose of settling sectional or other championships or involving long or extensive trips or extended absence from the university shall be permitted.

With the exception of the visit of the Harvard team to California during the 1919 Christmas holidays to meet Oregon and the present week end journey of Princeton to Chicago, none of the big three has violated the incoming regulation within the past decade. Many other colleges from other sections of the country have in turn invaded the gridiron at Princeton, New Haven and Cambridge during that period and there appears to be nothing in the new arrangement to prevent their coming in the future under similar conditions.

CAR SHORTAGE SERIOUS

(Continued from page 1.)

WASHINGTON, Oct. 25.—Railroads in the eastern half of the United States were called upon today by the car service division of the American Railway association to return at once to roads in the western half of the country all box cars on their lines belonging to the western carriers. The step has been taken to relieve car shortage which has been occasioning hardships in the western agricultural and stock raising territory.

The order of the service division, which is the organization through which railroads cooperate in the interchange of equipment, was declared to be the most drastic ever put into effect.

In defining the territory affected, the car service division ordered all box cars belonging to western roads now on eastern lines at points east of Chicago, Peoria and St. Louis and west of Grand Rapids, Detroit, Toledo, Cleveland, Youngstown, Wheeling and Pittsburgh, sent to their home lines without even being held for loading. On territory further east than the Grand Rapids, Pittsburgh line, eastern roads are permitted to load the western box cars on their lines provided loads destined for the west are available, but must move them west empty if loads are not immediately available.

The action is expected to relieve congestion markedly.

I. C. C. Asked to Build Central Oregon Railroads

With the object of bringing about needed railroad development in central Oregon, the public service commission yesterday forwarded to the interstate commerce commission copies of its complaint against the Central Pacific company, Southern Pacific company, Oregon - Washington Railroad & Navigation company, Oregon Short Line, Oregon Trunk and Deschutes Railroad company. The complaint demands the construction of railroads from Crane to Odell, Crane to Burns, Bend to Odell, Oak Ridge to Odell and from Lakeview north to connect with the Crane-Odell branch.

The complaint is one that was drawn up some time ago by Commissioner H. H. Corey and which has also been signed by Commissioners McCoy and Kerrigan. There is a provision of the interstate commission act whereby railroad extensions may be ordered if the proper showing can be made by the petitioners or complainants.

M'MINNVILLE TEAM COMING FRIDAY

Hard Game Ahead for Salem, But Local Strength Is Bolstered Up

The present outlook is for better weather for the Salem high school-McMinnville football game Friday afternoon at Sweetland field. However, the Salem team is as good in the mud as the visitors can possibly be. They are showing a class that easily makes them contenders for the state championship. They have a hard schedule, but the way they are going up to now, they are good for any kind of a demand that may be made on them.

Lillegren, who was hurt in the Chemawa game early in the season, is getting better. He played in the Albany game when he couldn't raise one hand as high as his shoulder, and he made some star plays. When the Indian boy gets strung out just right, he's a bad man to clean up after.

The team is being worked into a better unit, and its team game is likely to prove a puzzle to any of the visitors. Salem did not play the team game that Albany did, last week, though there are much the brighter individual stars in almost every position. With steady team drill, to make the most of this personal prowess, Salem high will be one of the most formidable school organizations in the northwest.

The Friday game will be called promptly at 3:15.

Nebraska Football Team Best in History, Belief

ST. LOUIS, Oct. 25.—(By The Associated Press)—Nebraska university this season has the greatest football team in the history of American football, in the opinion of Steve O'Rourke, coach at St. Louis university who saw the Corn Huskers romp over Missouri university last Saturday to the tune of 48 to 0.

"Nebraska is so good it could play Harvard Thursday, Yale Friday and Centre Saturday and win all three games," the local mentor said.

PIERCE SPEAKS AT SILVERTON

Promise to Reduce State Expenses Made to Large Church Audience

SILVERTON, Or., Oct. 25.—Walter M. Pierce, candidate for governor, spoke here tonight, to an audience that filled a local church, which seats 500 people, to overflowing.

Mr. Pierce spoke for almost two hours on the issues of the present campaign. The speaker said: "I can reduce the present state expenditures by at least \$1,000,000, by eliminating unnecessary employees, by cutting down the number of state audits, by the consolidation of a horde of commissions, and by other methods that business sense will suggest to any executive."

He proposed to redistribute the tax burden. He said he would revise the assessment laws so as to make property that now goes free, or carries only a light load, do its proper share, and he would stand for a graduated income tax, that places the heavier burden on those best able to bear it. He proposed to tax earning capacity rather than lands, as one of the major sources of income.

Mr. Pierce declared that Oregon is the highest taxed state in the union, on a basis of wealth and population also, the heaviest bonded, with one-quarter as much of a bond issue as the state of New York. He showed where the neighboring state of Washington, after the legislature had appropriated \$12,000,000, had

WILKENS' SON GOES ON STAND

Lad of 8 Years Says Father Pleaded With Bandit Not to Shoot Wife

SAN FRANCISCO, Oct. 25.—Henry Wilkens, garage manager, pleaded with the automobile bandit who shot down his wife Anna Wilkens, not to take the woman's life, Henry Wilkens, Jr., his 8-year-old son, testified today in the trial of the elder Wilkens on a charge of murder in connection with the murder.

"After the bandits had stopped our car," the child testified, "mother told my sister Helen and myself to cover up under the robe over the back seat and pretend we were sick. I heard my father say 'Don't shoot,' and a minute later I heard a shot and heard my mother scream."

Before going on the stand the child was asked by the court if he understood the seriousness of an oath and the need of exact truthfulness in court testimony. He replied that he did so.

Asked whether his father and his aunt, Miss Helen Lange slept at a summer resort in Lake county some weeks after the shooting of Mrs. Wilkens, the child said: "My father did not occupy the tent where my aunt was during the night, but he slept in his automobile."

Wilkins previously had testified

FIRO NOT ALLOWED TO BOX AT BUENOS AIRES

Opposition Came from Socialist Members. It was Argued that in Granting Fipro a Permit the Councilors were under a Misapprehension and they did not Understand that he was going to Stage a Public Prize Fight.

BUENOS AIRES, Oct. 25.—(By The Associated Press)—After a lengthy debate, the city council revoked the special permission granted to Luis Angel Fipro, South American heavy-weight to stage boxing exhibitions in this city.

The opposition came from Socialist members. It was argued that in granting Fipro a permit the councilors were under a misapprehension and they did not understand that he was going to stage a public prize fight. They referred to the recent bout between Fipro and Jim Tracey, the Australian heavy weight.

WILL MEET SHADE

CHICAGO, Oct. 25.—Sailor Friedman, Chicago lightweight, tonight was matched to meet Dave Shade in Boston November 6, and Morrie Schlaifer in Omaha, November 13.

The School Monopoly Bill has a misleading name!

YOU have an interest in schools? Then be sure to understand the true meaning of the School Monopoly Bill which is called on the ballot the Compulsory Education Bill.

The reason that this name is misleading is because we already have compulsory education under the present existing law, and we already have compulsory teaching in English in all schools.

What this bill really proposes is to substitute state control over the education of your children for your control. The people of Michigan have already overwhelmingly defeated this measure, because it attacked the freedom of education.

Protect your rights which are being endangered—do not be misled by the name of this bill. Read the proposed bill carefully. Read the campaign literature. Find out the intent of the bill which is disguised by the title.

You will find that that they propose school monopoly. A hidden attack upon freedom of education.

Vote 315X NO on the School Monopoly Bill
