**SAGE TEA TURNS  
GRAY HAIR DARK**

It's Grandmother's Recipe to  
Bring Back Color and  
Luster to Hair

That beautiful, even shade of  
dark, glossy hair can only be had  
by brewing a mixture of Sage Tea  
and Sulphur. Your hair is your  
charm. It makes or mars the face.  
When it fades, turns gray or  
streaked, just an application or  
two of Sage and Sulphur en-  
hances its appearance a hundredfold.  
Don't bother to prepare the  
mixture; you can get this famous  
old recipe improved by the addi-  
tion of other ingredients at a  
small cost, all ready for use. It is  
called Wyeth's Sage and Sulphur  
Compound. This can always be  
depended upon to bring back the  
natural color and lustre of your  
hair.

Everybody uses "Wyeth's" Sage  
and Sulphur Compound now be-  
cause it darkens so naturally and  
evenly that nobody can tell it has  
been applied. You simply dampen  
a sponge or soft brush with it  
and draw this through the hair,  
taking one small strand at a time;  
by morning the gray hair has dis-  
appeared, and after another ap-  
plication it becomes beautifully  
dark and appears glossy and lus-  
trous.—Adv.
