International Labor Bureau Ends Sessions

GENEVA, Nov. 1.—(By The Associated Press)—The council of the international labor bureau concluded its sessions today. The council unanimously re-elected Arthur Fontaine, France, president, and M. Carlier Belgium and Yan Oudegeest Holland, vice president. The two latter are respectively representatives of the employers and workers.

A SURPRISE FOR YOU

Our advertisements have led you to believe that we had an exclusive Jazz system. You will be surprised to learn that a Classical department is included with our regular Rag course without additional cost. It is taught right along with the rag-time. A short cut in classical playing has been considered impossible heretofore. Our "system" absolutely accomplishes this result, now.

"But," you say, "I'm not interested in the classic. All I want to play is popular music." Listen! To be a well balanced entertainer you must do both and well. Your repertoire should be large and varied and memorized. How tiresome it is to listen to an all classic pianist. Likewise a bore to hear jazz, alone. A real player serves you with a consistent variety. This pianist delight. Our course teaches you classic and jazz quickly, easily. Do both, why not?

For ordinary home entertaining, the following standard melodies are imperative:

- Morning Mood Op. 46: E. Greig.
- Nocturne, Op. 9 F. Chopin.
- Prelude, Op. 3, Rachmaninoff.
- Idilio Theodore Lack.
- Liebesträume, No. 3, Liszt etc. etc.

The above merely illustrates the type of classical music taught by our new course. Any classic having a florid melody will adapt itself to this system.

Don't forget that we give you jazz, jazz and more jazz, and blues, and chimes and unheard of spacers, trick endings and fillers.

It will be but a short time until our schedule is completely filled. Now is the time to enroll. Do it today. NOW.

FREEDOM and LIBERTY

Can Only Be Preserved by Defeating the Compulsory School Bill, for Which Neither of the Two Great Political Parties Nor Their Candidates Are Responsible.

We are opposed to the so-called Compulsory Public School bill because: It is hostile to true Americanism.

It is contrary to those principles of liberty and justice upon which our cherished institutions rest.

It is an appeal to religious and racial intolerance.

It is fraught with consequences fatal to the fundamental principles of the Constitution.

It is a repudiation of the ideas represented by Washington, Franklin, Jefferson, Hamilton and Lincoln, and by the hosts of men and women who have made our country tolerant, free and united.

It arouses bitter hatreds and establishes intolerant bigotry. What possible justification can there be for suppressing schools maintained by any portion of our citizenry which acts in accordance with its conscientious conviction?

What right has a majority to impose its views upon any minority, however inconsiderable?

It is a measure as oppressive to mankind as any promulgated by czaristic tyranny when at its worst.

It is an attempt to destroy America's proudest achievement.

At a time when the whole world is lifting up its voice for peace, why introduce a new motive for the new renewal of hatreds and intolerances?

Our present school laws amply provide for the proper education of our children.

It is the highest duty of every true American to vote against any attempt to so change these laws that they stir up new discords and hatreds among us.

Honor, patriotism and freedom demand that you vote NO on the Compulsory Public School Bill.
