

GENERAL WHITE TO BE SPEAKER

Parade Will Be Striking Feature of Program on Armistice Day

The speaker of the day at the Armistice celebration is to be Adjutant General George A. White who is a thrilling and eloquent speaker and one who has at heart the feeling that inspires

the celebration of this day. The program committee feels that there is a program in preparation that will please even the most skeptical. Last night the parade committee had a meeting at the Chamber of Commerce and the plans for this display surpasses almost anything previously held in Salem. Major Dusenbury, the chairman of this committee, has as his helpers Col. Carl Abrams, C. A. Kells, Howard Zinzer and Dr. Carl Wanner who is also a member of the general committee. It is expected that an appropriate float will be prepared representing the different parts taken in the winning of the war

by the faithful servants of the boys on the line, Red Cross, Y. M. C. A., Knights of Columbus and The Salvation army. Paul Wallace and C. A. Kells will extend an invitation to the different schools to take part. They will talk to the children. The parade will include the G. A. R. and the Spanish American War veterans. These bodies will each have a prominent place in the line. The Bungalow Christian church will have two well decorated floats in line and others are expected. The invitation has been extended to all the fraternal organizations of the city to take part and a good showing is expected from them.

LANE PAYS FINE ON SPEED CHARGE

Police Officers Said to Have Right to Pursue Violator Into Country

J. J. Lane of Salem appeared before Judge Race Monday and paid a fine of \$20 for speeding within the city limits on Halloween night. The testimony showed that Chief Moffitt and Officer White had followed him and his party of seven north on Summer street and out on the Pacific highway, two or three miles. The police Ford speedometer, it was testified, showed 40 miles an hour, their limit of speed. Finding that they were being distanced, Chief Moffitt fired two shots in the air and Lane stopped. The officers took the name and number, and Lane appeared in court to answer to the charge of speeding. Lane doubted the officers' limits for an arrest. They have express authority under section 53 under the state automobile statutes, as well as the sanction of common law and the firing of such shots by officers in the performance of their duty, is also sanctioned by 500 years of usage, it is claimed, ever since gun powder came into use. "Continuous pursuit" could be made, even by a city police officer to any reasonable distance, which might even be across the state, it is understood.

MONEY SOUGHT FOR CHARITIES

Sum of About \$3000 Needed to Guide Activities Through Winter

Here's one drive that isn't a drive at all. The Associated Charities here sees much want in Salem this winter; more, probably, than there was last winter—certainly much more if it happens to be a hard winter to break up outside work. To meet an estimated need for those who are already down almost to suffering point, the Charities wants to raise a fund of from \$2500 to \$3000 this coming week, by volunteer subscriptions. Bottles will be placed in the stores, where either cash or pledges may be deposited. The banks will receive cash or check or pledge cards and the committee hopes that it will not be necessary to spend \$500 worth of time to collect a little money for the inevitable needs of those who suffer. Thursday, Friday and Saturday are the days set for this volunteer drive. They ask everybody to make it a personal matter, and give liberally, so that those who are already to the suffering point may have Christian support when they need it through the organization. Every year the story goes out that somebody has received charity who didn't deserve it, and somebody swears, "Well, that's the last dollar I'll ever give!" It would be quite comforting, perhaps, to some shrewd financiers to have the law kill everybody who is out of luck, or hide them off in the brush so that the virtuous man who has hung on to his money can't see them suffer or hear them groan or beg. It would be especially fine for these money-savers to have all the hungry women and children killed or exiled, so that they could suffer decently and not disturb the neighborhood. But since neither the laws of Oregon nor

built on that sort of selfishness, and the "I-am-my-brother's-keeper" creed prevails, the Charities confidently counts on a liberal response to this appeal. Air has always been free, but we couldn't appreciate it until tires were invented.

ENTENTE TO KEEP MILITARY POWER

Allies to Be Impartial With Regard to Turkish International Policy

CONSTANTINOPLE, Nov. 6.—(By the Associated Press)—Though the nationalist civil power is in control in Constantinople, the entente does not intend for the present at least to lose its grip on the military authority; Great Britain and France are in accord at the present that the Turks must live up to the convention drawn up at Mudania and it is not doubted that the other interested countries will fall into line with this policy.

There is every desire, however, to meet Turkish aspirations within proper limit and to this end the allied commissioners today issued the following statement:

"The inter-allied high commissioners are firmly resolved to observe strict impartiality with regard to the events which concern the international policy of Turkey. The allied governments will continue to apply the clauses of the Mudania convention and maintain order and security in the zones occupied by the allied armies."

Replying to the last communication from Angora concerning the Lausanne treaty, the commissioners, while renouncing the wish to interfere with Turkish policy, express the hope that there will be only one Turkish delegation to the conference.

Silent on Demand
CONSTANTINOPLE, Nov. 6.—The allied commissioners refuse to discuss the demand of the Angora government that only one warship at a time enter Turkish ports and then only with the consent of Turkish authorities.

Foley's Honey and Tar has stood the test of time. Contains no opiates—ingredients printed on the wrapper. Largest selling cough medicine in the world. Sold everywhere.—Adv.

Those who believe the religious issue has been injected into the campaign by Patriotic Orders, read this and judge for yourself who is appealing for support on religious grounds. The following appeared in the Morning Democrat of Baker City of November 4: as quoted in a warning advertisement by the Baker County Defense League.

CATHOLICS!

BEWARE!

The so-called "Good Government" and "Anti-Machine" tickets circulated during the past few days are not what they purport to be. They are the insidious propaganda of the unholy heretic orders—Freemasons, Odd Fellows, Knights of Pythias, Orangemen, Knights of Pythias, Knights of Luther, and last and most villainous of all, that cowardly hooded band—the Ku Klux Klan.

Remember the injunction of the Holy church, as voiced by Bishop Gilmour, "Nationalities must be subordinated to religion and we must learn that we are Catholics first and citizens next."

Vote only for Catholics or those who are known to be broadminded in their attitude towards the holy church. Do not toss your vote to the enemies of our cause by supporting a single candidate whose name is published on the good government ticket.
