

# SPORTS—Here, There and Everywhere

## BROTHERS MAKE BASKET SQUADS

### Two Marion County Teams Composed of Brothers; All Look Winners

There are going to be at least two "different" basketball teams in Marion county this year.

One is the Better-Yet, Bread team in the Salem Commercial league. This is composed of four Socolofsky brothers—Edwin, Harold, Walter and Howard—and three Gregg brothers—Earl, Glenn and Lloyd. Edwin Socolofsky played a good game in the Salem high and later in Willamette, where he graduated in 1921. Walter was a star footballer and a half-timer on the varsity basketball team, last year, and How-

ard and Harold were both among the best in Salem high. None of the boys is in school anywhere, this year, but all expect to be back somewhere next fall.

All the Gregg brothers had brilliant careers in Salem high, and Glenn and Lloyd were top-notchers at O. A. C. The team will probably line up with Harold Socolofsky and Glenn Gregg, forwards; Lloyd Gregg, center; Walter and Herbert Socolofsky, guards; and Edwin Socolofsky and Earl Gregg as subs.

The other unusual team is up at Mill City, where the five Morgan brothers are said to have developed a fast and sturdy organization. Several of the brothers are at work in the Hammond Lumber company sawmill, and they are keeping in trim for anything, by juggling sawlogs and other industrials as well as basketball. The Better-Yets want to try their luck against the Morgans. The game is to be arranged if possible, some time this season.

From the six teams in the Commercial league, the Salem Yellow Jackets are to be selected, to challenge anything in the state. Each team is to have ten games, at least, two with each team, besides the championship at the end for the two highest. It will be a long, busy enough season to give everybody a chance to show everything he has, and the Yellow Jackets, picked after such a series, are bound to be top-notchers. There are some speed boys in every one of the teams, so that it should be a battle royal up till the last game is played. They start the series week after next.

### Basketball and Track Awarded to Colleges

OREGON AGRICULTURAL COLLEGE, Corvallis, Or., Nov. 7.—Inter-scholastic track meets and basketball games were granted O. A. C. and the University of Oregon at the last meeting of the Pacific coast conference.

These events are to alternate between the two institutions in such a manner that the track meet will be at Oregon one year and O. A. C. the next. Inasmuch as Oregon was granted special permission by the conference last year to hold the track meet, it was decided to give it to the O. A. C. the present year. Oregon will hold the basketball games.

High school students who otherwise would not have an opportunity to see the institutions may in this way see just what the schools have to offer as to

courses, according to members of the student body who are interested in this work.

## BASKETBALL TO START IN WEEK

### Preliminary Training of Willamette Teams Will Be in City Hall

Willamette university's record in basketball last year may not be quite equalled this year, but again it may be beaten with some of the new but promising material now getting ready for the season which opens next week for training, if the new city hall gymnasium is ready by that time.

In a good many ways the new location will be much better than the old armory stand. The teams can have the place all day, and there are no chairs to move or any interfering spectators during practice hours.

Albert Logan, captain of the team for the coming year, reports that there seems to be a wealth of good freshman material that may be worked into team prospects. Philip, from Spokane, is said to have a record back of him that will give him a fine start. Bell, who played on the Corvallis high school team, is another promising newcomer. Irving Shepherd, who was rated as a star at Chemawa, is here to have a try for center. He is known to be fast, and courageous and tall enough to go against the best of them.

Stanley Emmel, the squirrel-like freshman of a year ago, stayed off the glee club and out of football to make the most of basketball this year. He is the fastest man on foot that Willamette has had in years, and if he develops in shooting ability he should make one of the stars.

Caughlin will be in again this year. He played a good game last year, alternating with Walter Socolofsky for the fifth place on the team. Max Jones, one of the speed artists of Salem high last year, is to try for a place. There are said to be many other new men who have had enough experience to give them a good start.

The team has only two of last year's lightning team—Logan and Patton. Logan came near being the star forward of all the players of the northwest last year. A little more steadiness and experience in shooting would make him easily the peer of the coast. Patton has one of the best get-aways in the game. His dribbling down the field broke the heart of many a despairing rival.

### Bezdek May Manage Ball Club at Philadelphia

STATE COLLEGE, Pa., Nov. 7.—Hugo Bezdek, director of athletics at Penn State college and coach of the baseball and football teams, tonight refused to confirm or deny a report that he had been offered the managership of the Philadelphia National league baseball club for 1923. Bezdek formerly managed the Pittsburgh National league team, coming to Penn State in 1918. Under his leadership the Pirates advanced last place to a position in the first division.

NEW YORK, Nov. 7.—William F. Baker, owner of the Philadelphia National league baseball club admitted tonight to the Associated Press that he will not retain Irvin K. Wilhelm as manager of his team next year, but denied that he is negotiating with Hugo Bezdek to take charge, as reported from State college, Pa.

### Badgers Use Ghost Ball Preparing for Illinois

MADISON, Wis., Nov. 7.—The Badgers will take no chances in their game against Illinois next Saturday. Coach Richards said today, and added that he expected a hard game with the Illini despite early setbacks of the Orange and Blue.

The Wisconsin squad went through a long signal drill today, the ghost ball being used after dark. Coaching was concentrated on the development of new plays from passing formation.

### Mutiny Takes Place in Southern Football Team

COLUMBIA, S. C., Nov. 7.—Declaring that he could not back Coach Sol Metzger and his assistants in the treatment of the men on the University of South Carolina football team, Tackle Alexander Waite today resigned as captain of the team.

At the same time Waite's resignation was announced, it also was announced that Fullback Eric Snipes, chief ground gainer on the team, had been fired by Coach Metzger for failure to obey orders.

### Roll Call of Soldiery Is Proposed in Nanking

SHANGHAI, Oct. 13.—A commission created at Nanking by representatives of Nanking public organizations to affect a reduction in the army proposes a roll call of all the soldiery in the province, contending that this automatically will cut the number of troops, given as 40,000, by not less than 15 per cent, due to absences and vacancies. Following the roll call it is proposed to dismiss all under age and physically unfit. The commission contends that its plan will reduce Kiangsul's military force 50 per cent within two years and will cut the cash outlay for troops to less than \$5,000,000 a year.

## ENTRIES FORMED FOR NEXT MEET

### General Manager Myers Sails for Europe to Confer With Athletes

INDIANAPOLIS, Nov. 30.—For the purpose of receiving foreign entries in the 1923 International 500-mile automobile race to be held at the Indianapolis motor speedway, May 30, 1923, T. E. Myers, general manager of the speedway, has sailed for Europe, according to an announcement of Carl Fisher, president of the speedway company.

Indications point to the largest foreign entry in the history of the race, according to Mr. Fisher, foreign manufacturers, he pointed out, have been experimenting with cars of the smaller dimensions for more than two years and, with the reduction of the size of motors eligible for competition here next year from 183 cubic inches piston displacement to 122 cubic inches, European automobile engineers are said to be making plans to retrieve the lost honors of the automobile classic.

Foreign cars took the honors at the speedway from 1918 to 1919 inclusive, but in 1920, when the size of the entrants were limited to motors of 183 cubic inches piston displacement, the Americans

were victorious, repeated in 1921 and again last May.

Mr. Myers will spend six weeks or more with W. F. Bradley of Paris, the speedway's foreign representative. Together they will confer with the majority of the larger automobile manufacturers of Europe, Mr. Fisher said.

Former Vice President Marshall says he will never again be a candidate for office. This will give the other poets of Indiana a chance.

### Forget-Me-Not Day to Bring Big Celebration

CINCINNATI, Ohio, Nov. 7.—Fraternal societies and patriotic organizations including the Boy Scouts were actively engaged in the preparations for the national "Forget-me-not day" observed on November 4, according to G. Hamilton Cook, national commander of the Disabled American Veterans of the world war.

Proceeds derived from the sale of flowers were used in the inter-

ests of the wounded and disabled American veterans of the recent war, in welfare and relief, national legislative assistance, rehabilitation and hospitalization aids and numerous other benefits, said Commander Cook.

The services of the Boy Scouts were offered by James E. West of New York, chief scout executive. The scouts acted as liaison officers between the various committees, and patrolled the headquarters of the citizens' committees, and other officials associated with the activities of the day.
