The third of a series of pretty bridge parties was given yesterday by Mrs. W. L. Staley and Mrs. Frank G. Bowersox at the beautiful new Staley home.

The beautiful living room of the Staley home was lovely with great bronze and yellow chrysantheums while the dining room was decorated in vivid colored berries and autumnal foliage.

FAT THAT SHOWS SOON DISAPPEARS

Prominent fat that comes and stays where it is not needed is a burden, a hindrance to activity, a curb upon pleasure.

generously to the scholarship fund. Miss Jessie McGregor, chairman of the board of trustees, reports that the trustees have had great difficulty this fall in meeting the requests that have been made for scholarships, and that several worthy applicants have been refused because of lack of funds.

At present five most appealing cases are being filed and the applications are being held in the hope that some cash may come in either as repayments of loans or as donations from clubs.

Miss McGregor suggests that clubs hold benefit teas or entertainments to procure money for the scholarship loan fund, that they materially increase their donations this year and that, if possible, they send in their contributions before red letter day so that the board may know before the first of the year about how many new applicants it can take care of the coming semester.

Checks should be made payable to Jessie McGregor, chairman of the board of trustees, and mailed to her address, 1809 Kilkittat street, Portland.
