## DOPE IS UPSET IN BASKETBALL

### Bonesteel, Anderson and Brown, Better-Yet-Breads Come Out Winners

Tuesday night's games in the Y. M. C. A. commercial basketball series resulted in a more or less upset of earlier traditions. It was the proverb of "You can't sometimes most always tell, in swift action.

**Bonesteel's First Win**  
The Bonesteel team scored a complete though small victory over the Hausers, 11 to 9. This was their first victory. The score looked as if Kinney, the big Bonesteel center, did it all, with three field goals and one foul goal out of seven tries. The Hausers then scored three field goals and three points on fouls.

**Pharmacists Crumble**  
The Central Pharmacists met their Waterloo when they played the Big Brothers team, the Better-Yet-Breads. The bakers had to keep a-going all the time, but they fed the ball up to Harold Sociolofsky for two field goals and to Glenn Greag, the other forward, for three field goals and three foul baskets out of eight tries. The druggists were not in luck in either their foul shooting, where they got only one out of six attempts, or in their usually brilliant floor work. Lenon was the Pharmacy star, with three field goals and one foul basket.

**A & B Get Practices**  
Anderson & Brown ran up the largest score so far this season, on the U. S. National Bank, with 17 to 8. Hulsey and Lieske each made three field goals, and Harra two and a foul basket. They have the system of playing big guard Hulsey back out of sight, and nobody seems to be watching him, when he slips in out of nowhere and picks off a basket or two. Hulsey bobs up where he isn't expected and collects the baskets. Lucas, center for the bankers, was their high man, with two field goals.

**Four Fouls Allowed**  
At a meeting of the captains of the teams Monday night, the matter of enforcing the penalty rules was discussed, and hereafter any player who has four personals charged against him goes out without argument. It was agreed further that there shall be no postponed games, except for absolutely unavoidable reasons, and there are to be no new players run in as substitutes for the teams already nominated, except where illness or removal, or some other disqualifying cause may reduce a team's personnel so that there are not enough eligible players to make a contest. The series was agreed to be a great success, thus far, and all the boys are eager to see it through. With last night's games, every team has at least one victory; and no team has played three straight wins—everybody has tasted defeat as well as victory.

been told that that was a lie. I did not know I was lying, but if it is necessary I will bring my informants, all honorable gentlemen, to bear witness and we will then know who is speaking the truth.  
"I have written this down, and I will have the whole document printed. However, I want to read a few lines to you. This is official:  
"One hundred and fifty cannon, the 195's, also 343 howitzers, enough to equip two army corps, have been discovered by the allied commission in Germany. This is one fact that I quoted, and it was denied. Thirteen large field guns were unearthed January 16, 1922, and three thousand of the smaller field pieces have been uncovered and marked.  
**Would Destroy France**  
"Multiply that by 50 and you have some idea of what has been found in Germany by the inter-allied commission since July, 1921. The Germans have been getting this large amount of armament, don't you think, for the purpose of destroying us. It certainly is not for any peaceful operation.  
"Their finances have been depleted for the purpose of destroying us. They have not paid us and we have been unable to pay our obligations. Go through the schools of Germany and you will find that they are teaching hatred of the French. Go to our schools and colleges and universities and you will not find one man who would not consider it something undignified to preach hatred toward Germany."  
**Has Old Allies**  
He reiterated his assertion that Germany has as allies in her designs for war the Russians and the Turks.  
"Now my friends," he concluded, "I am going to leave you. But not without returning to the words with which I began. My message is peace. I hate war, although it gave me some of the highest joys of my life, but I am ever in favor of peace.  
"France does not wish for war. The French people are a good people. We do not fear to fight—that is quite different; but we do not fight for the pleasure of dominating."  
**Dawes Introduces**  
The Tiger was introduced by Brigadier General Charles G. Dawes, formerly director of the budget, as "one of those great figures whose memory will span the centuries and live through the ages."  
"In these days of political tremors," the general continued, "when our politicians want to discuss only those facts which please us, we want the man who believes what he says and say what he really thinks."

### Class of '25 Takes First Honors in Cross-Country Athletics

After having planned to stage their annual cross-country run between the halves of the Wilmette-College of Puget Sound football game Thursday, the Wilmette classes decided to hold the event Tuesday so that all the boys who could otherwise arrange to do so could go home for Thanksgiving. They ran off the fight during the afternoon of one of the prettiest days of the year.  
The class of 1925 is listed as winning, with a score of 25 points. The class of 1926 trails in with 30 points. The frosh captured first place with Laird by a wide margin. Haines, another frosh was second but the

## Ballot Title Completed on Single Tax Measure

Attorney General Van Winkle yesterday completed title for the proposed single tax amendment to the state constitution which will be initiated by the Oregon Single Tax league to be voted on at the general election of 1924.  
The title reads:  
'To provide that from July 1, 1925, to July 1, 1919, all public revenue be raised by tax on the value of land, irrespective of its improvements, and thereafter the full rental value of land irrespective of improvements shall be taken as a tax in lieu of all other taxes for the maintenance of government, and such other purposes as the people may direct; and repealing requirements of section 1, article 9 of the constitution of Oregon, for uniform rules for assessment and taxation, and for a levy and collection of taxes under general laws operating uniformly throughout the state.'
