Lumber Production is 6 Per Cent Below Normal

One hundred and forty-five mills reporting to West Coast Lumbermen's association for the week ending December 2, manufactured \$9,473,981 feet of lumber, sold 75,489,101 feet and

shipped 71,403,607 feet. Production for reporting mills was 6 per cent below normal and new business 16 per cent below production. Shipments were 5 per cent below new business.

Forty per cent of all new business taken during the week was for future water delivery. This amounted to 30,549,101 feet, of which 19,592,505 feet was for domestic cargo delivery and 10,-956,596 feet for overseas shipment. New business for delivery by rail amounted to 1498 cars. Forty-three per cent of the
