

SPORTS --- Here, There and Everywhere

BOXING BOUTS SLATED TONIGHT

Rocco-Duffy Go Excites Interest—Bayes and Coyle Will Fight Again

Much interest is being shown in the main match at the Company F. boxing program tonight between Chih Rocco of Portland and Jimmy Duffy of Aberdeen. They will weigh in at close to the same figure with Rocco possibly one or two pounds the heavier, at about 126 or 127 and 125.

They represent two different types of skill. Duffy is a "powerfully good" wailer with the best two-handed style seen in Salem in years. He has been boxing longer than Rocco, and has the experience to carry him through pretty rough ring weather. He is a vicious hitter with either hands. He has the best tricks as back arm muscles yet shown in the Salem ring.

Rocco is a crouchy, slippery boxer, who can both give and take the hottest stuff. When he boxed Phil Bayes here last fall he used a high left to the face that earned him the decision but that might lose him several ribs against the two-handed Duffy. Rocco is fast and gaining in skill, and Duffy ought to put up a whirlwind bout, and it ought to go the limit, with a decision on points and the winner still in doubt.

Phil Bayes expects to a hard match against Brick Coyle of Vancouver. Coyle is a good wailer, and it is apparently up to Bayes to carry the fight. Coyle meets it capably when it is brought to him. Bayes has not had the long rigorous training for a long distance match. If he had the Coyle family would want to talk turkey to the doctor or the insurance company. Under present conditions it should be a slashing go for six rounds. Two other four-round preliminaries are on the program. The time set is 8:30, at the Armory.

When Big Bill Hunt steps into the ring tonight the crowd is going to rear up and yell. He has been on four programs within a year, and every time he gets better. If he performs up to his past improvement schedule he may be the star of the evening, so far as interest goes. He has Earl Smith of Eugene to face him. Smith is an unknown here, but comes with a good reputation, and he is himself a big fellow and willing to take a chance. The last match between Hunt and "Lone Wolf" McDonald, who came from Portland expecting to win in a round, and was lucky to get a draw, was a real epic of the ring.

Girl Found Dead With Bullet Through Heart

NEW YORK, Dec. 26.—Teresa McCarty an 8-year-old Brooklyn girl, was found dead in the bathroom of her home with a bullet wound over her heart when her mother returned tonight after being away most of the day.

The mother had left the key to the house with the child, and when she found the entrance door locked on the inside, summoned a policeman to force entry. No weapon was found in the house.

MONDAY TO SEE BIG TITLE GAME

Corvallis High to Clash With Toledo, Ohio, Championship Eleven

CORVALLIS, Or., Dec. 26.—East may be east and west be west as the poet said, but "Never the twain shall meet" is a mistake. The east will meet the west in a national high school football championship game at Corvallis on New Year's day.

The Toledo Ohio school will be the east in this struggle, and Corvallis high the west. The Toledo team has triumphed over the "far east" America and mid-west, and three years ago played a tie game with the Everett, Wash., school.

Corvallis has won the championship of the Willamette valley three times in the last four years, and won all its games points to 7 by its opponents combined. Toledo managers elected this team because they consider Corvallis representatives of football at its best on the coast, because they could use the agricultural college field, stadium, armory and gymnasium, because they wanted to strike as near the center of population as possible, and because their coach, being an old Whitman grad, they wanted to keep as close to Walla Walla as possible.

The college stadium, and covered bleachers, built by the students, will seat 10,000 persons and if that is not enough the open bleachers will care for half as many more.

The army, to be used for practice, is almost large enough to play a regulation football game in.

The gymnasium with its showers and great swimming pool will serve the health and pleasure of the easterners.

A \$5000 guarantee fund was put up by the Corvallis business men. Many thousands of spectators from Portland and the rest of the state are expected to witness this east-west contest.

Peoples Home at Lacombe Is Destroyed by Fire

LEBANON, Ore., Dec. 26.—The home Mr. and Mrs. O. M. Peoples of Lacombe, but formerly of Salem, caught fire Friday, Dec. 22, and burned to the ground. Only Mrs. Peoples and two small daughters were at home when the fire was discovered about 10:30 a.m.

The fire, which started in the loft from the chimney, was already well under way in the upstairs and as help was quite a distance away, little was saved. They saved a heater, one bed, 55 quarts of fruit, an organ, a teakettle and some clothes for Mr. and Mrs. Peoples. The two older boys who were away at school, lost everything except the school clothes they had on. The family are staying at the home of their son-in-law, E. W. Bartruff of Lacombe, for the present, but arrangements for the future have not yet been made.

Scott High School Team Practices in Minneapolis

MINNEAPOLIS, Dec. 26.—After an eight-hour stopover here which included a brisk two hour practice on Northrup field, the Scott high school football team of Toledo, coached by Dr. William Neill, former Pennsylvania star, left tonight for the Pacific coast where they will meet the Corvallis, Ore., high school team on New Year's day.

HOME ASKED BY AMERICANS

Turns Asked to Allow Establishment of Quarters For Armenians

LAUSANNE, Dec. 26.—The Armenian plea for establishment of an Armenian national home in Turkey will be presented to the Near East conference tomorrow by President Noradunghian Pasha, of the Armenian national delegation. He was once minister of foreign affairs in the Turkish cabinet and has been invited to appear before the sub-commission on minorities to explain the desire of the Armenian people.

The Turks have announced their decision not to attend this meeting. For one thing, they say, they have made up their minds definitely not to set aside any part of Turkey for the Armenians; for another, they assert that subjects, they should plead their cause before the Turks, not before the conference as a whole.

Noradunghian says that his people will accept any locality in Turkey which the conference decides upon and also a dominion form of government under the Turks similar to that enjoyed by Canada and Ireland under the English. If the territorial limits of the republic of Erivan are to be extended and Erivan proclaimed the real home of the Armenians, then, he thinks Russia should be asked to guarantee the independence of Erivan which now threatens to become a Russian bolshevik province.

Hope Not Abandoned
The Reverend George R. Montgomery of New York, director of the Armenian-American society, who is in Lausanne laboring for the cause of the Armenian people, said tonight that the goal of all the friends of Armenia was to procure a national home under conditions which would provide some separation for Armenians in the future; he had not abandoned hope that some territory would be set aside for this purpose.

United States Fleet to Rendezvous at Panama

WASHINGTON, Dec. 26.—The newly constituted United States fleet, of both Pacific and Atlantic naval forces will rendezvous at Panama, February 19, for winter maneuvers and great gun target practice against the old battle-ship Iowa which will be radio controlled during the firing. The maneuver schedule was made public today by Secretary Denby.

The battle fleet, commanded by Admiral Eberle, whose flag will fly from the U. S. S. California, will sail from Pacific coast ports February 9, for Panama while the scouting fleet and train will leave east coast ports on January 3 for Guantanamo Bay to join the battle fleet at Panama. Vice Admiral McDonald, aboard the U. S. S. Wyoming, will command.

Admiral Jones, commander in chief of the fleet, with his flagship, the Maryland, and the battleships Arkansas and Florida, will leave the Atlantic coast after the scouting fleet to participate in the maneuvers which will be continued until March 31.

NEW ERA COMING SAYS CRAMMOND

English Writer Believes Europe Will Develop in Intense Manner

LONDON, Dec. 26.—"We are entering a new chapter in the economic history of the world, a period which will, I believe, surpass in the intensity of its development the wonderful forty-four years preceding the Great War," said Edgar Crammond, an English financial writer, recently in the course of a lecture on "The International Financial Situation," to members of the London Chamber of Commerce.

"This country is called upon to undertake tasks of reconciliation and reconstruction such as her broad shoulders have never carried before, and is the one power organized and equipped to bring order out of the great chaos.

"Our two great duties must be," continued Mr. Crammond, "first, to secure the disarmament of Europe, and secondly, to solve the problem of reparations and inter-Allied debts. ... we have practically arranged for the payment of our debt to the United States. It might be possible to invite American cooperation with us in a policy of help and forbearance. To carry out these great tasks, it is essential that we have freedom from governmental control of the financial machinery of the country. The great joint stock banks, the Anglo-foreign banks, and the great British mer-

cantile houses should now be allowed to exercise a greater influence in the shaping of our financial policy than they have enjoyed since August, 1914."

"If we can arrive at a friendly speaker added, "re-unite the understanding with France," the world into a single unit, and establish once again the international financial system, I, for one, look hopefully and with great confidence to the future. There is no finality to economic expansion, and viewed historically, the great war is a part of the process of economic evolution of the world. We have effected in four and a half years of war and four years of peace, progressive changes which would have taken perhaps two generations of peace to accomplish."

FAMOUS DOCTOR DIES

KANSAS CITY, Dec. 26.—Dr. Louis Luscher, widely known for his adventures in connection with army medical service during Indian uprisings in the United States, in a Cuban and a Honduran revolution and in the Franco-Chinese war, died here today. He is survived by his widow and three brothers.

Park Shepherd Motor company, Oregon City, from \$10,000 to \$20,000.

Corvallis Creamery company, Portland, from \$15,000 to 200,000.

THRIFT WEEK IS ON Y CALENDAR

Necessity of Saving to Be Emphasized, Beginning on January 17

National Thrift week is to be observed in Salem again this year as part of the good citizenship annual campaign of the Y. M. C. A. The Y has featured this week for the past 15 years and it grows in interest with every year. It starts January 17, the anniversary of the birth of Benjamin Franklin, the original public thrifter of America.

The Salem campaign of last year, reported to the Y. M. C. A. conferences all over the country, is said to have been one of the best offered by all cities of approximately the size of Salem in the United States.

An organization luncheon is to be held at the Y Friday noon, to which all the civic organizations of the town are invited to send representatives. All the clubs, business and trades organizations and any one who wish to come as individuals will be welcome. Plans will be made for the 1923 Salem thrift week, with the hope of making this year's work a spectacular showing.

The Y is planning on a big day for New Year's day in the annual open house program. It will have almost everything that can interest people from the age of 5 years upward. There will be musical games, specialized sports and good fellowship to fill almost every social need. Physical Director Boardman was out at Chemawa Indian school Tuesday and secured the promise of two pairs of wrestlers and two pairs of boxers for two matches in each of these kinds of sport. There will be many other sports presented. The really big event being a probable game between the Better-Yet Bread basketball team, winner of the recent Commercial league series, and an all-star team picked from the other contesting teams.

This week the Y is putting on a series of schoolboy sports. A series of basketball games yesterday created some interest. A series of pentathlon or five-sport contests, for three size classifications of boys, is to be put on beginning today, with a number of prospective contenders in the three classes of 95-pounds, 110-pounds and those over 110 pounds.

The Midgets, a team that plays at an estimated 100 pounds though some of them weigh up to 105, left Tuesday for Newberg to play a team from the Newberg academy Tuesday night. They will go on to Portland today and play two other games before returning home on Thursday afternoon.

The men who assail politics are unable to be politicians.

"Every mile a scene worth while"

What you should pay 'for a rubber boot

When you buy boots you should pay enough to get a pair that will give you most wear per dollar. Buy them as you would tires. Cheap boots which last only one season actually cost more in the long run than a better pair you can wear for several seasons.

Be sure it's Pure Virgin Rubber

Be sure you get pure virgin rubber, Virgin rubber, you know is new, lively rubber that has never been used before. It never takes on a dull lifelessness, color that reflects inelasticity. It is never honey-combed with the small cracks which become big cracks.

Goodyear Gold Seal boots are made from pure virgin rubber. We vulcanize the layers of fabric and rubber by a special vacuum pressure process. We put the ribs and reinforcements where the bending and the wear come. Gold Seal boots are crack proof!

We first made Gold Seal boots back in the seventies to withstand the grueling use of miners and fishermen. Today they are still the standard.

Gold Seal boots outwear ordinary boots. Good stores all up and down the Pacific Coast sell them in various weights and heights. Men who are out o'doors a great deal wear Gold Seal oiled clothing, too.

We are the original and only GOODYEAR RUBBER CO. Portland and San Francisco No connection with any other firm using the name "Goodyear"

Goodyear GOLD SEAL BOOTS

Authorized since the 70's to use the name of Charles Goodyear, inventor of vulcanizing
