## BEARCATS AND LEGION TANGLE

### Collegians in Practice Game Have Edge on Army Throughout Match

Nobody kept the exact score, but in a fast practice game last night between the American Legion team and the Willamette Bearcats, the collegians made about three baskets to the army's one. Both teams were playing good ball; good enough to interest almost any team from anywhere. The Bearcats made a number of substitutions, giving most of the candidates for team honors a chance to show their wares.

### Positions Still Doubtful

The team is not yet definitely made up; there are several positions still in doubt, with two or more candidates for each place. Shepherd looks quite sure of a permanent place, and the team would not be complete without Logan, last year's fast forward. He has been tried at center this year, there being no other outstanding center who could hope to really bolster up the team. Logan, however, is not experienced in that position, and he is not thought likely to be left there for the season. Shepherd, from Chemawa, has the best reach, though Caughlin is a good man on foot or in the air, and a hard, aggressive player. Emmel is one of the most promising forwards, fast, resourceful, and he is developing rapidly as a goal-maker. Robertson is a strong, experienced guard, and Patton is always safe at that position. Max Jones, from Salem high, is showing up well at guard and he will quite certainly be one of the permanent squad. "Bill" Vinson is a strong, aggressive player, and in practice is one of the best basket shots of the team. Warren Jones is one of the fastest of all the guards, and is always in the game.

### OAC Game Saturday

Schreiber went in for a time

last night, showing up fairly well. Johnny Robbins, senior, has worked faithfully, was one of the stars in the class series, and may get a chance as guard; he is a steady, consistent player. Erickson, a freshman, has shown up remarkably well, though he was not out last night; he has a natural aptitude for athletics, as did his father, Professor Erickson of Willamette, who years ago was a star track and weight man, and he is counted on for both basketball and football in the next three years. He might make it even this year.

Willamette takes on the first big stunt of the year Saturday night in meeting the OAC team at Corvallis. With all the advantages of a gymnasium of their own, the southern team seems to have the best of the match—although the Bearcats have slaughtered them in some other years, and they will have a hard-fighting team again this year that may do as well as the Willamette giants of the past.

### Willamette River Flood Crisis Considered Past

PORTLAND, Or., Jan. 10.—The crisis of the Willamette river flood was considered tonight, as definitely past. The river was falling at all points and despite the fact that it was raining again the weather bureau predicted that it would continue to fall. An estimate of the property damage suffered by its railroad lines and trestles within the state placed the total at approximately \$150,000. Trains generally were running today, although some detours were being made.

### KIDNEY TROUBLE CAUSES LAMENESS

"A lameness followed me for some time, and I felt that it was caused from kidney trouble. One bottle of Foley Kidney Pills had the desired effect," writes H. B. Arbuckle, South Barre, Vermont. Backache, rheumatism, dull headache, too frequent or burning urination are symptoms of kidney and bladder trouble. Disordered kidneys require prompt treatment. Neglect causes serious complications. Foley Kidney Pills give quick relief. Sold everywhere.—Adv.

## CONDITION IMPROVES

SCOTLAND NECK, N. C., Jan. 10.—The condition of Representative Claude Kitchin, minority leader of the house, who is seriously ill here with pneumonia, was reported tonight as satisfactory. Mr. Kitchin passed a good day and according to his physicians, his lungs are rapidly clearing and his general condition is satisfactory.

## There are good cooks

who just happen so—by guess, and some who are so because of mental effort and good judgment. To the latter class belong the women who choose wisely and for a reason. You find this class using Crescent Baking Powder because it is a scientific product made to stand every kitchen test. And it's economical. Women of the West have proven this by many years' test.
