

SPORTS---Here, There and Everywhere

WASHINGTON WINS 42-16

Bearcats Trampled on by Heavy Sundodger Squad—Game is Rough

Chief, "Heck" Edmondson's Seattle football squad made its debut into Oregon last night in a game against the Willamette Bearcats and the score says that they won 42 to 16. They are to play tonight at Eugene against the Oregon State team and they also take in the OAC in their schedule.

Fast Players

They are fast without doubt. They are powerful brutes; they have played basketball long enough to know how to make it football and get away with it. Almost every one of them is a good floor shot and they certainly are trained down to the minute, so they are as tireless as wolves. They play the roughest game ever seen on the Salem floor; the only approach to it was the Pendleton cowboys in last year's State high school tournament. They must have been brought up in the Apache school of basketball, where anything goes if you know how.

One must have admiration for big men who can be so active and tireless. It shows a painstaking quality of mind for the big man to keep at his work so that he can play as actively as the little, bone-and-muscle midget. The way that the huge Bryan could get around the floor was a real marvel; it was worth going to see.

Good Showing Made

The Bearcats, however, made a better showing against them than they did with Idaho Tuesday night. Stolzheise, for instance, has exactly doubled his playing experience since he met the Vandals; this is his second. What he and Emmel did to checking the burly visitors is a Willamette epic. And all the local team performed wonderfully well.

In the first half Willamette had a curious handicap that did them much dirt, in that Referee Coleman was dressed in white, as were the Bearcat players. A dozen or a score of times the local players either threw the ball to the white-clad Coleman or caught themselves just in time to save the throw, but to lose their chance. In the second half the referee came in with a black jersey and it made an appreciable difference.

Washington Good

The visitors brought practically three teams and during the second half changed every player. The new ones were fresh but they couldn't more than hold their own. They were patently second-class stuff as compared with the first team. They couldn't ever have beaten the locals, for all their superior height and weight.

Washington plays an enthusiastic game and this year's team is undeniably good. Weight and height are legitimate assets, the same as speed or strength or an unflinching accuracy at goals, such as Pat of Idaho displayed

Tuesday night. Willamette knew the rules of the game—there's no allowance for size, or age, or anything save the number of players, and the Bearcats don't raise a "holler." Neither do the spectators, for they saw one big fast team use all its stuff against a light, fast team, and win; and it was a mighty interesting game.

Many Goals Tried

Logan threw four out of five attempted foul goals; Patton and Caughlin each made four points; Jones, substituting for a while for Patton, made two; and Emmel made two. The Bearcats made 23 tries at goal and scored six times, a percentage of 18. The visitors made 59 tries for goal, with 19 goals, or 33 per cent of hits. The visitors all took chances instead of trusting it all to one goal machine as the Idaho did for Fox. When the Washingtons played Idaho, they put the big Bryan to do nothing but guard Fox, and the record, and the way he used his size and strength and speed last night, show how it worked.

Coach Norgren Has Little to Work With

CHICAGO, Jan. 24.—Coach Norgren, who will direct the 1923 baseball team of the University of Chicago, decided today that his first task will be to get a team to direct. His decision was arrived at when but one candidate reported for first indoor practice. Only a few of last year's baseball players are eligible for this year's team, and some of them are on the basketball team at present.

Loos Wins Championship of Southern California

LOS ANGELES, Jan. 24.—Eddie Loos, Chicago and Los Angeles professional, won the open golf championship of Southern California today at the Flint Ridge Country club, turning in a card of 291 for the 72-holes.

Jack Hutchison, former British open champion, took second with a score of 292, and MacDonald Smith, former metropolitan open champion was third with 295.

Gene Sarazen, national open and professional champion, played better today than on the first two days of the tournament, shooting the first 18 holes of the final round in 71. It took him 79 to negotiate the next 18, however, bringing his tournament total up to 306 and leaving him well in the rear at the finish.

Eight Jurors in Hayes Fraud Case Are Chosen

CHICAGO, Jan. 24.—Eight jurors had been chosen to hear the evidence in the trial of Daniel Hayes and 17 co-defendants on charges of using the mails to defraud, when court was adjourned today.

The defendants are charged with having sold desert alkali lands, representing them as valuable orchard lands in California, thereby defrauding investors of about \$6,000,000.

JOHNSON SIGNED

SAN FRANCISCO, Jan. 24.—"Bobby" Johnson, formerly boxing instructor with the University of California, has been signed to train the Seattle club of the Pacific coast baseball league.

TELLEGEN DENIES SENDING FLOWERS

Possible Reconciliation Between Geraldine Farrar and Husband Scouted

NEW YORK, Jan. 24.—Reports of a possible reconciliation between Geraldine Farrar and Lou Tellegen were revived today after Arthur E. Schwartz, counsel for the actor, had obtained a postponement until Monday of a referee's hearing in a divorce suit brought by the diva.

The attorney said he had asked for the postponement in order that he might receive from Mr. Tellegen, now in Los Angeles, a reply to a letter asking whether there was any truth in reports of a reconciliation. He denied that the continuance had been sought by his client and emphasized that he merely decided to ascertain whether there was anything to the report that Mr. Tellegen recently had sent a bouquet to the singer in Lynn, Mass. Mr. Tellegen has been quoted in dispatches as denying that the flowers came from him.

BASKETBALL CHAMPIONSHIP IN MARCH

NEW YORK, Jan. 24.—The Amateur Athletic union today announced that the week of March 12 had been fixed for the national amateur basketball championship tournament to be held at Kansas City, Mo.

Entries for the tournament have been received from colleges, schools and other amateur teams in nearly every state. The title was won last year by a Kansas City quintet.

PRESIDENT HAYS SAILS

SAN FRANCISCO, Jan. 24.—The liner President Hays, with representatives of the chamber of commerce of Seattle, Tacoma, Olympia and San Francisco on board will sail from here tomorrow upon a trade excursion to South American countries. The excursionists will be joined in Los Angeles by a delegate representing the Chamber of Commerce there.

BEARCATS GO TO PACIFIC FRIDAY

Local Boys Get Chance to See How Good They Are Against Own Class

The Willamette Bearcats go to Forest Grove Friday night to play Pacific university. Last year the teams divided honors, a game apiece. This year the Bearcats have hit all the big uns right in the first of the season and they hardly know just how good they are, against their own class. Pacific has been going pretty good in athletics this year and the boys expect to have to work for all they get.

A return game with OAC is to be played here in Salem next Tuesday night. The OAC team is big and fast and earned its victory over the Willamette aggregation. Idaho beat the Corvallis warriors, however, so even the strong Aggie team is not invincible. A game with a home-state team ought to draw even better than the Idaho or Washington game, because of almost everybody being personally interested in one of the two contenders.

STATE GAME FARM WILL HAVE BROOD

Eggs to Be Shipped Out to Various Parts of Country for Hatching

WALLA WALLA, Jan. 24.—Preparations for a brood of 8000 birds and 50,000 eggs are under way at the state game farm according to Superintendent August Rade. Eggs will be shipped out to various county game commissions for hatching and birds at maturity are to be freed in hunting localities.

A large number of birds, it is said, during the past year have been salvaged through the farm hospital and are now loose in pens. This hospital has saved the state considerable expense as the fowl is worth at least \$4 apiece.

Actual breeding starts as soon after February 1 as weather will permit. Ducks and geese will be confined to pens and not permitted to use the pond and large pen in the belief that more eggs and better birds will result.

California mountain and valley quail and Oregon rice and macaroni fed pheasants have been fed to the stock this year.

Award Day Celebrated At Willamette Yesterday

Award day was celebrated at Willamette Tuesday morning at chapel when the football players of the year were given what they had earned of recognition for gridiron prowess.

Blankets and certificates were given to three players who have been on the squad for four years and who have won three previous letters. These were Verne Bain, Bruce White and Waldo Zeller. The cheering for these three sterling players was perhaps never equalled in the history of Willamette; they have made football history worth the reading in the years they have been here.

Sweaters and certificates were given to six players, new this year: Stolzheise, Max Jones, Warner, Houston, Allen and Bird. Certificates were awarded to four who received sweaters last year, Carey, Patton, Isham and Sherwood.

Award day was scheduled to come shortly after the close of the football season but some delay in the receipt of the sweaters and blankets held off the ceremony.

DEMPSEY WOULD BOX HARRY WILLS

Champion Not Ready to Take Willard on Yet—Negro Looks Easy

NEW YORK, Jan. 24.—Jack Dempsey's principal objective in his heavyweight campaign this year is a bout with Harry Wills, negro challenger. Second choice is Jess Willard, who lost the title to Dempsey three and a half years ago at Toledo.

That was the way Jack Kearns, the title holder's manager, summarized his plans today after his arrival for conferences with promoters which are expected to result in a definite program of action for Dempsey next summer.

"The Wills match is what the public wants most of all," Kearns declared, "and Dempsey is ready to sign for any reasonable terms. I have had no bona fide offer for a match with Wills, but I am going to insist that it be given first consideration."

Dempsey is ready to fight on short notice during the indoor season, Kearns added, or early in the spring.

Handballers Meet for Their Second Session

The second session of the Salem business men's handball tournament comes this afternoon at the YMCA courts. Three games are played simultaneously, two players on a side for each court. The whole series calls for four days' play, and the interest is said to be mounting like a skyrocket with a week's gas in its innards.

The first session, Tuesday, brought out all the players, without a flunk. Marr and Findley won from R. Paulus and Oleson, 2 to 1. This was about the fastest and most hotly contested series of the day. Gingrich and Roberts won from Hug and George Paulus by a 2 to 1 score. White and Staley trimmed Hamilton and Bellinger two straight.

All the contestants pay an entrance fee of 50 cents, which goes to provide trophies for the winners, and perhaps a general feed for all the players after the war is over.

ENGLISH LANGUAGE FOR PHILIPPINES

Military Training in Universities Advocated—Many Dialects Spoken

MANILA, Jan. 24.—The establishment of English as the common language of the Philippine Islands and a system of universal military training in Philippine universities, colleges and higher schools are subjects of great importance to the people of the islands, in the opinion of Governor General Leonard Wood. In a Thanksgiving day statement General Wood said the people of the Philippines labor under two disadvantages. One is due to their residence on many different islands, preventing a quick assembly for purposes of defense, and the other, he declared, is due to the fact that there is no great common language.

"The people speak a number of different dialects and those from one portion of the islands often cannot understand the people from another," declared General Wood. "This is a great source of weakness, but happily, one which we can and are overcoming. The dialects will live just as the local dialects have lived even in as highly developed a country as England. Spanish will endure. We can develop English without lacking in appreciation of either Spanish or the dialects. What we are striving for is to establish the best possible language condition for the people of the islands so there may be a transmission of ideas and a medium through which all the people can be reached. As it is now, in order to have a message reach the people of the islands it is necessary to publish it in many different dialects."

Illinois Declines to Meet California Team

BERKLEY, Cal., Jan. 24.—The University of Illinois track and field team declined today an invitation to a meet with the University of California here in April. The faculty of the Illi-

Woman Claims to Have Broken a World Record

CHICAGO, Jan. 24.—Miss Edna Webster of Toronto, Canada, who is in Chicago to participate in the National ice skating races the last of the week, today claimed to have broken a world's record for women skaters for 220 yards straight away from a standing start when she covered the distance in 22 3-5 seconds.

Some snow was on the ice when she made the attempt for a record.

At a school, the message said, does not approve of such a long trip.

A New Coupe Conception

The trouble most people are confronted with in purchasing a closed car is the difficulty of securing something that is really out of the ordinary.

So, the Rickenbacker Coupe was designed to please those who have an exacting taste and can appreciate that which is beautiful, graceful and harmonious.

This Coupe is hung very low—just a natural step from the ground. Also, it is splendidly equipped. Has those shock absorbing rear springs.

And the motor—well, if you'll try it, you'll buy it. Peppy, swift, silent and without the slightest trace of vibration! The ingenious tandem flywheel design is the reason.

Come in today for your demonstration.

A CAR WORTHY OF ITS NAME

PROPOSED NATIONAL ART CENTER, WASHINGTON, D. C.

Plan of the new \$35,000,000 National Art Center, which has been approved by the Senate and which is the materialized dream of Rita Roen, president of the American arts and industries Association.

PROPOSED ENTRANCE HALL

Wouldn't You Like to Go East Though?

California

Of course you would and by going this way you will see most of the beauty spots of the West.

You may join the merry-makers on California's silvery strand; see the races at Tia Juana; go through Cariso Gorge and over the Apache Trail Highway, and take in the Mardi Gras.

Then too, you have a choice of routes, stop-over privileges and best of train service.

Ask your local ticket agent for LOW ROUND TRIP and ONE WAY FARES, time tables and descriptive folders or write
