

MOVIE GOSSIP

Coming to the Liberty theatre today, Charles Ince in "West of Chicago." Supporting Jones is the vivacious, winsome Renee Adoree, whose acting in Fox productions of late has been the subject of a great deal of very complimentary comment. According to advance notices,

Tomorrow—"Monte Cristo" with special orchestra.

This photoplay is filled with thrills. The action takes place near the Mexican border. To quote the producer:
"Startling scenes follow each other in rapid succession. A powerful sweep of dramatic strength carries the mind of the spectator right along to the end. Romance is deftly woven in the story, and there are many touches of comedy."
Adding up the advance news with the possibilities of the picture, the Liberty should play to capacity audiences.

One of the striking scenes from "Monte Cristo," is the one in which Dantes, the young sailor is thrown over the edge of a chateau wall into the sea. In this scene he is tied in a bag

and makes his escape under the sea; the scene being photographed by five cameras under water. "Monte Cristo" will be shown at the Grand, starting tomorrow. A special orchestra will give the musical interpretation.

What has been pronounced one of the most notable screen productions of the season, "Hungry Hearts" will be the feature at the Oregon theatre starting today. This is a pictureization of Aniza Yezierska's volume of short stories of the same title—another of Goldwyn's "Big Twenty," which in itself is sufficient recommendation.

"Hungry Hearts" was written out of the author's own experience, and as a result, say those who have seen it, an amazingly realistic picture of New York life, with all its humor and pathos, is presented.

Goldwyn gathered a superb cast for this photoplay, including Rose Rosanova, who has a strong intensely dramatic role as the mother; Helen Ferguson, who has recently come to the forefront among the most consistently capable actresses of the screen; Bryant Washburn, long a favorite with motion picture fans everywhere; E. A. Warren, well known character actor; George Siegmann, Otto Lederer and A. B. ...

Jack and Flo Jackson, one of the best numbers on the bill present a comedy rural offering entitled "The Boob and The Girl." Mr. Jackson's boob character is a gem and he entertains with some very fine Harmonica playing being the equal if not the superior of any you will see this season. Miss Flo Jackson has charm and personality that radiates humor and good will. The number used at the finish wins much applause as the result of their efforts. A snappy dance used as an encore will also please you. In a nutshell, their offering is mighty good entertainment. At the Bligh theatre today and tomorrow.

Cecil North, a clever female impersonator presents an offering entitled "A Dancing Oddity," consisting of three numbers featuring "Spanish," "East Indian" and "Dance Variety," each dance admitting of Bazaar color combination in costuming and a decided novelty. Mr. North is a chic dancer, tall and graceful and possesses an amplitude of personality and feminine charm which makes his impersonation a decided success. At the Bligh theatre today and tomorrow.

Local playgoers are keenly interested in "The Fox," Harry Carey's Universal Jewel production at the Bligh theatre, for it is the first picture in which the noted Westerner appears as a Universal Jewel star. He was recently promoted by Carl Lamme, president of Universal, in recognition of his world-wide popularity and his place in the affection of the public as the foremost exponent of the outdoor drama. He wrote "The Fox" himself, which was adapted to the screen by Lucien Hubbard, scenario editor at Universal City, and filmed on the Mojave desert under the direction of Robert Thornby.

It will be better than \$1800 taken from the blue sky; because it will take up a little of the slack of idleness at the prison; the curse of idleness; the mistake of idleness; yes, the crime of it.

Society commits a great crime in keeping a prisoner in idleness as the prisoner has been guilty of in the stealing of an automobile or the cutting a purse or a throat.

The crime of society in Oregon is especially heinous when it is known that the men may be employed on a home grown product, the manufactured articles of which are needed badly by home people, and who will pay enough for it to support the prison and give every worker there a daily wage; and create a big annual surplus besides.

BUSINESS MEN MEET AT CHAMBER

Talk of Boycott is Started—Trading Stamp Heresy is Also Attacked

A special called meeting of the Salem Business Men's League, at the Chamber of Commerce last night, discussed a number of matters of business interest. The club has gone on record against the trading stamp business, and is carrying on a campaign of education against the practice. Crooked and misleading advertising was discussed briefly, and a letter was read from the Portland Grocers' and Merchants' association, asking cooperation with them on Sunday closing and a number of

other business practices. The invitation to punge up \$25 for a Portland membership, however, was laid on the table for future action.

The annual report of the league shows that a year ago there were 99 members; there are now 109. They had nine regular meetings during the year, and the directors held 17 called meetings. Several new names were added to the membership roll last night.

Some unsubstantial talk of a boycott, that in the talk took portentous proportions, was brought up, as a matter that the business men should understand. It would be a strange hodge-podge to get just what all they do understand from what actually transpired; though and the fact was definitely stated and apparently forever settled, that whatever has been done the KKK didn't do it. The impression is gained from the meeting, and the lobby conversation later, that loose, vicious, uncorroborated assaults on the KKK have done the organization good rather than harm and this is at least as free a country for the KKK as for any other organization or individual.

Chairman Cahedort steered it along on an even keel and there were no fireworks. Some very pointed personal allusions did creep into the debate, but the meeting agreed to love practically everybody at last.

BITS FOR BREAKFAST

Hurrah for Salem high!

Surprised, were you not, to know the Salem district grows the best celery in the world?

Better even than the Kalama zoc celery.

You will be surprised again next Thursday, perhaps, to see the showing of the spinach industry here. It is a great thing to know the things in which we excel; and to tell the world.

This is the sure way to build up the solidest city surrounded by the most prosperous country on the green footstool.

The penitentiary will clear about \$1800 working up the Rickreall flax, stored there since last harvest. And the growers will get their money, at higher prices for their product than they expected. That will help
