

SERVICE FOR VETS IS HELD

Sedgwick Post of Grand Army of Republic Holds Memorial Sunday

Sedgwick Post, Grand Army of the Republic, held a public memorial service Sunday afternoon at their hall, in honor of their members who passed away during the year 1922. There were 19 draped, empty chairs, representing that many comrades who have answered their last call in the one short year—exactly one-sixth of what was the membership on January 1, 1922. They are passing fast.

Judge Earl Race, commander of the Post presided. The regular memorial ritual service was carried through. This included a roll call of all the departed, the reading of a brief history of each comrade, with his military record, and the placing of a white lily on each wreathed chair as a token of remembrance.

Dr. Lisle Speaks

Dr. James Lisle, for 13 years a member of the Post, was the speaker of the day. He gave an eloquent address on the duties and privileges of American citizenship. It was interspersed with unusual, little-known historical facts, such as the presidential breakdown of the camel fast express across the Santa Fe trail, established by Jefferson Davis as Secretary of War a few years before the firing on Fort Sumpter, and over which line it had been planned to seize control of the army on the Pacific and bring Oregon and California into the Confederacy. But the camels wouldn't stand white drivers, and the line died out; and when the war actually began, the northern message to the coast got to San Francisco first. General Albert Sydney Johnson was superseded by a Union soldier, and the Far West was saved.

A quartette, Mrs. Waters, Mrs. Clark, Messrs. Pound and Raymond, furnished the music for the day. The two rooms of the Grand Army Hall were crowded for the occasion.

Many Answered Call
Those who have answered the call during 1922 are: W. H.

NURSERYMEN MUCH RUSHED

Tree Supply Smaller Than Previous Years—Many Shipped from Calif.

For two very good reasons there is a greater activity among Oregon nurserymen this year than at any other time for some years past. There is likely to be not a single desirable fruit tree left for sale by the end of the planting season, if The Statesman is correctly informed. It promises to be a 100-percent cleanup. One reason is that the dry season of 1922 put many young and ambitious scions out of the running. They died on the growers' hands and all but went up in smoke during the 90-days dry-up. The tree supply is therefore smaller than of other years. A considerable number of trees of various kinds have been shipped out of California; especially grafted walnuts, English walnut tops on black walnut stocks. These bring a high price, up to \$2 per tree for the No. 1 size and root quality.

HIGHWAY DAMAGE TO BRING PAY

Farmers Would Be Liable Under Eddy Measure Passed Yesterday

Senator Eddy's bill making farmers liable for damage to highways by moving farm machinery on them, passed the senate yesterday.

Under the bill the farmer may obtain consent of the county court or the highway commission, and if he complies with the rules laid down by them he is not liable to damage. Also he may use the highway for moving his machinery without asking permission, but in that case he is liable for damage.

A bill by the Linn county delegation in the house providing for the eradication of livestock disease in Linn county and the appointment of a county meat and herd inspector passed the senate.

Hall Consolidation is Reported Out Favorably

Senator Hall's consolidation bill was reported out early yesterday with a majority favorable report. Senator Johnson, who has an opposing bill and who is a member of the committee on county and state offices that considers consolidation bills, did not sign the report, but did not bring in a minority report.

Senators who oppose the Hall bill decided to allow it to go on the calendar and attack it when it comes up for third reading. Senator Johnson sent to the desk a statement giving his reason for not concurring in the report.

Latin Club Maid Has A-1 Vocabulary Score

As one of the exercises at the Latin Club, which met Monday night, a test of vocabulary was given and one of the girls from McKinley Junior High school, Helen Pemberton, gave correctly every one of the 250 words. Her companion from the same school missed but three words in the same school, Grace Mortensen, missed but three words in the same list. They won the first place with teams from Grant Jun. and Salem High tied for second place, and Washington third. The membership in the club is open to all the junior and high schools of the city.

Piano and violin music livened up the program, which was held at the High school auditorium. An ancient play in modern settings, "Aulis' Difficulty," was put on, with six characters, in the costume of 2000 years ago and the slang and things of today. It was a great hit.

George Rhoten, Consul Primus, presided at the meeting, which was attended by several hundred members and friends.

Teacher—What does the reign of King Charles I teach us?

Tommy—Please, sir, not to lose our heads in moments of excitement, sir.

Harvest Season Far Beyond the Small Fruits, it should be less susceptible to harm from rain in the harvest season, and the great and growing market for filberts makes it look like the big thing that the busy grower has been look- ing for.

Demand for Prunes

There is a good demand for prunes, also. The prune crop of last year and the reasonable certainty that well-cared-for prunes will always produce a crop, and make some money for the grower have called for almost as large a number of trees as the boom years a while back, when prunes ran hog-wild in price and made the growers feel like millionaires. A considerable acreage of prunes will be set out this year. The national and international advertising being started by the Oregon Growers makes an expanding prune market a certainty, so that there couldn't be a chance of over-production.

It is understood that there is less activity in strawberry-plant production in the valley, for all that strawberries have proved to be a profitable crop. The sales, however, will not really begin until about in March and there may be a very great change in conditions by that time.

Society

ONE of the pretty social affairs of the week will be the birthday luncheon given by Mrs. Earl C. Flegel in honor of her mother, Mrs. R. E. Lee Steiner.

For many years a small group of Salem women have joined in observing their birthday anniversaries, which come within a week of each other, on the same day. This year Mrs. Flegel will entertain for the other members of the group in honor of her mother, Mrs. Steiner, whose birthday comes Thursday.

The women included in the group are Mrs. George H. Rodgers, Mrs. Ben W. Olcott, Mrs. W. Carlton Smith, Mrs. H. H. Olinger, Mrs. Reuben P. Boise and Mrs. Steiner.

Mr. and Mrs. Lewis D. Griffiths were hosts Sunday on the occasion of Mrs. Griffiths' father, Charles K. Spaulding's birthday.

The guests included Mr. and Mrs. Charles K. Spaulding, Mr. and Mrs. Walter Spaulding and children, Leone and Rodney, Mr. and Mrs. Clifford Spaulding of Newberg, and their children, Jean and Clifford Jr., and Mrs. Heulah Mills and children, Roberta, Ila and Charles Kent.

The silver tea which was to have been held today at the home of Mrs. J. H. Baker for the Old Peoples' Home has been postponed.

The Woman's club benefit dance which was to have been given Thursday February 1 in the armory, will be given in the Elthe hall, Derby building on the same evening, instead.

Mr. William Kiltz, Jr., of CHICHESTER'S PILLS
