You will have a similar experience if you equip with Western Giant Cords.

FIFTH

Production and overhead cost. A detail production cost is carried on every kind of feed manufactured. Every feed is priced according to cost. The overhead and selling expense kept at the lowest possible efficient point our selling price is based on cost plus a fair profit.

SIXTH

Experienced feedmen are employed in the manufacture of Cherro feeds under laboratory supervision, assuring a uniform product, which means so much in scientific feeding.

IT MEANS THIS TO POULTRY AND STOCK MEN
