

JUDGES' BILL IS UP MONDAY

Measure Introduced by Multnomah Members May Cause Long Debate

The bill introduced in the senate by several members of the Multnomah delegation in both house and senate providing for three additional circuit judges in Multnomah county will be up for third reading in the senate Monday and is expected to cause a lengthy debate. Senator Joseph, who did not join in the move, has an opposing bill which would allow \$5 a day additional pay to circuit judges from elsewhere in the state when assigned to Multnomah county to assist the judges there.

Other senate bills up for third reading in the senate Monday are:

26, Garland—Giving jewelers and other craftsmen lien privileges on articles worked on.

117, Clark—Providing for the

If Ruptured Try This Free

Apply it to Any Rupture, Old or Recent, Small or Large and You are on the Road This Free Cure—Thousands Sent Free to Prove This

Anyone ruptured, man, woman or child, should write at once to W. S. Miles 7972 Main St., Adams, N. Y., for a free trial of his wonderful stimulating application. Don't put it on the rupture and the muscles begin to tighten; they begin to bind together so that the opening closes naturally and the need of a support or truss or appliance is then done away with. Even if your rupture is long standing, you will find the use of wearing supports all your life. Why suffer this ailment? Why run the risk of gangrene and such diseases from a small and innocent little rupture, the kind that has thrown thousands on the operating table? A box of this and you are fully cured. Each box contains three applications. Do not let any one prevent you from getting relief. Write at once for this free trial. It is certainly a wonderful thing and has aided in the cure of ruptures that were at last cured. Write the coupon below.

chamber of commerce, gave a capital talk on the program of co-operation being instituted by the

Portland Chamber of Commerce, the state organization, and the Farm Bureau as one of the most important working units of the cooperative plan. The bureau is to be one of the strongest forces in organizing the state for better cooperation between city and country, for cooperative buying and selling Oregon products in the larger markets of the world.

Election Postponed

Seymour Jones, of Salem, though not a member of the Bureau spoke on the benefits of the Farm Bureau organization plan, saying that it is on the only way out for the producer.

The Marion county branch was to have elected officers for 1923 at the Saturday meeting; but because of having a number of important visitors with big messages to present, the election was passed over until the next regular meeting, the last Saturday of the month.

south. On the west the range was from the bed of the Pacific ocean at a point southwest of Lower California to the vicinity of the Marshall Islands between Hawaii and the Philippines and in Japan. Prompt radio communication with Japanese, however, disclosed no unusual disturbance in that country.

Inasmuch as the telegraphic or cable communications brought no intelligence of any earthquake in Hawaii, the Philippines or Alaska, or the countries of South America, it is considered most possible that the disturbances were submarine shocks or sea quakes, which never will be definitely located.

MEMPHIS, Tenn., Feb. 3.—An earth shock of sufficient intensity to cause doors and windows to rattle was felt at Belzoni, Miss., 150 miles south of Memphis, at 4:05 o'clock this afternoon, according to information received here late today. There is no seismograph at Belzoni. The tremor lasted but a brief period, the message said.

Senator Charles Hall At Relative's Funeral

small park near Hilo and the yacht club there were inundated and practically ruined.

KAHULUI, Island of Maui, T. H., Feb. 3.—(By The Associated Press)—At least one man was injured and a number experienced narrow escapes when a tidal wave 12 feet high swept Kahului bay at 1 p. m. today. The wave demolished the automobile in which Dr. L. C. Smith was riding and his leg was broken. Two steamers broke loose from their moorings at the dock. The village of Kahului is under water and considerable damage has been done. It is not known if any lives were lost.

A large part of the road between Kahului and Waikuku, on which Dr. Smith's automobile was caught by the wave, was destroyed. The car was hurled over a fence by the force of the rushing water.

Judge William McKay saw the incoming waves and raced for safety. He was barely able to reach higher ground when the water swept the road.

The steamer Maheikona broke adrift from the dock and was nearly driven ashore. She then put to sea to escape the danger and is now anchored off shore. The vessel struck bottom before getting out. It is not known whether she was damaged. The

steamer Kileawn also broke from her mooring but was not damaged.

HILO, Island of Hawaii, Feb. 3.—(By The Associated Press)—From four to ten Japanese fishermen are reported to have been drowned in a tidal wave which swept Lower Hilo at 12:30 p. m. A number of sampans at Waikaeae were sunk and the actual loss of life is not known.

The wave was accompanied by flurries of wind from all directions.

The tidal wave smashed several boats in Hilo harbor, washed one cottage from its foundations and demolished another. The streets are covered with debris.

Population Suffers

The foreign merchants are located principally on Shameson Island which is under British and French flags, but a number of missionaries are exposed on the outside.

Pending the outcome of the expected battle, Canton, which has been experiencing continuous war for the past 12 months is suffering extremely from the closing of business houses. The million or more population of Canton are existing in miserable circumstances as the result of the military occupation.

ORATOR IS CHOSEN

EUGENE, Ore., Feb. 3.—Paul Patterson of Seattle won the right by competition to represent the University of Oregon in the state oratorical contest at Albany February 9, according to announcement today.

College Marketers

Fifty members of the senior class in marketing, at OAC, visited Salem Saturday, to go through some of the local factories and study marketing and business conditions. They inspected the Kay Woolen Mill, the paper mill, the Oregon Growers' fruit plant, the Oregon Packing company cannery, and looked over the town in general. At 12 o'clock they gathered at the Chamber of Commerce where Mayor John Giesy gave a brief address of welcome in the name of the city; and J. M. Clifford, market manager for the

Oregon Growers, gave an instructive talk on the marketing of grapes and other fruit products. The class left for home on the 4:15 train.

RHEUMATISM!

Your attention is called to the opportunity of now being able to secure without charge the "Mystery of Rheumatism," a most remarkable book that shows how this dreaded malady and like disorders have at last been conquered by an authority who has studied the underlying cause of rheumatism for over twenty years.

The revelation of facts overlooked by doctors and scientists for centuries past have already enabled legions of sufferers to laugh at the old, false "Uric Acid" theory that has caused millions to take wrong treatments.

NOTE: Physicians are now notified that a limited new edition is now available for professional use. Sufferers, however, may receive their copies direct by mail, entirely free of charge, from H. P. Clearwater, Ph. D. 653-E, Masonic Building, Hallowell, Maine.
