

# CITY NEWS IN BRIEF

**License Issued**—Marriage licenses were issued to the following in the county clerk's office yesterday: J. E. Ryan of Dundee and Ruth Robertson of Aumsville; William H. Porter and Myre Chambers of Salem.

**Valentines**—The Song Shop.—Adv.

**Sleepers**—The following were given beds at the station yesterday evening: E. White, W. Brecht, B. Moor, T. Harris.

**Confectiory Robbed**—F. J. Rupert of 538 State reported that his confectionery was broken into yesterday. Little was taken.

**Swift's Pestilizers**—For easy terms, C. S. Bowna, phone 353.—Adv.

**Has Old License**—J. J. Loter of 1353 South Twelfth street was arrested yesterday for driving his car with an old license.

**Dr. B. H. White, Osteopathic**—Physician and Surgeon. Diagnosis by Electronic Reactions of Abrams and Oculofluoroscopic treatment.—Adv.

**Canvassers Raise Funds**—A number of canvassers were out Tuesday, to raise the Salem quota for the WCTU Organ's Home at Corvallis. In general, they report good success, and a gratifying sympathetic reception almost everywhere. The Salem quota was \$2500; the latest report late night did not indicate how close the workers had come to raising that sum.

**Carriers Regular**—S. Z. Spittler and Carl A. Martin who have been serving as substitute carriers for the Salem post office, are now regulars, since the order to put on two more regular carriers. The city has not been

rerouted, but the two new men are put on as extras on some of the heaviest routes, and they are finding the days' long and busy. They will be listed as specials until the first of July, when they go on the steady list.

**Open Meeting**—Of interest in fraternal and patriotic circles is the big open meeting planned by the United Artisans which will be held in their hall in the Odd Fellow's building Thursday night. The Grand Army veterans and their affiliated orders have been invited as the special guests of honor. Speakers will be present and every member is expected to bring at least one guest. The program will be in honor of Abraham Lincoln's birthday. The new field deputies are here and will help with the program.

**Salem Family Returns**—Walter T. Jenks and family have returned from a month's auto tour of southern California, and the roads between here and there. They drove leisurely, seeing the whole thing, instead of fogging up the road and getting dust in their eyes and bearings, and report it a most delightful trip all the way.

**Card of Thanks**—We wish to thank our friends for their assistance and kindness during the illness and death of our beloved daughter and sister, and also for the beautiful floral offerings. Mr. and Mrs. J. Johnson and Herbert, Gerhard and Hans Miller.—Adv.

**Grower Out Saturday**—The February issue of The Oregon Grower, the monthly publication of the Oregon Growers' Cooperative association, is to be the most pretentious number they have issued. It comes out Saturday of this week, with 44 pages of horticultural and business news of interest to every fruit man of Oregon. A particular feature is the showing of the advertising methods employed by the association in stimulating the market for Oregon fruits, in the eastern American and the European markets.

**Drs. Hensley & Hensley**—Practitioners of Osteopathy and Electronic Reactions of Abrams at the Silvertown Sanitarium, Silvertown, Oregon.—Adv.

**Dr. Walters to Speak**—Dr. J. H. Walters, vice president of the Eugene Rotary club, is to be principal speaker at the Salem Rotary luncheon at the Marion today noon. He is the first of the Eugene club members to venture this far from home since they organized a little more than a month ago. The Rotarians are planning to celebrate Feb-

ruary 23 as the 18th anniversary of the founding of Rotary, though that is still two weeks off. They are planning for the big district conference at Tacoma during this month. A special car service is being arranged for to take the Rotarians from Klamath Falls, Marshfield, North Bend, Roseburg, Eugene, McMinnville, Salem and Hillsboro.

**Legal Blanks**—Get them at The Statesman office. Catalog on application.—Adv.

**Talk Loganberries**—"Loganberries" will be the subject up for discussion at the Marion-Polk Realtors' noon luncheon at the Marion hotel Thursday, February 8. H. H. Mumford, Wilbur Weeks and other growers of loganberries will talk about the loganberry situation. All interested in loganberries should attend this luncheon.

**To Get Hearing**—J. Morris, accused of obtaining money under false pretenses, will be given a hearing in justice court next Monday. It is claimed that he received \$9 from G. W. Linfoot on the grounds of having cut and piled 40 oak posts and two cords of oak wood when in reality such was not done.

**Dr. B. H. White**—506 U. S. Bank Bldg, Electronic Reactions of Abrams.—Adv.

**Specialty Shop Sues**—A suit was filed by the Business Men's Adjustment company vs. Blanch Coe in justice court yesterday. It is claimed in the complaint that Mary A. Hoff, who runs a specialty shop in Silvertown on February 11, 1922, sold goods to the value of \$14.45 to the defendant, of which \$4 but no more was paid. The plaintiffs want the remainder due.

**Year Said Good**—"There are not one-tenth as many men hanging around the newspaper offices, waiting for

latest 'Help Wanted' ad pages as there were a year ago," is the cheering story told by James Nicholson, who returned this week from a visit to New York and other points in the east. Mr. Nicholson attended the annual meeting of the Metropolitan Life general agents from all over the country, and he had a chance to hear the business news from everywhere. The story is general that the year starts out better than any year for a number of years past. Everywhere they look for 1923 to be the banner business year in almost every line of rational business. Manufacturing, farming, transportation, everything, has the same general note of optimism.

**A Classified Ad**—Will bring you a buyer.—Adv.

**Mortuary is Moved**—Webb & Clough have begun moving their mortuary establishment from the old place on Court and High, to the new, permanent home, Church and Ferry streets. The new place was begun about three months ago and work has been pressed as rapidly as possible, with the weather a formidable foe to speed and efficiency in construction. But for the past two or three weeks of fairly good building weather, after the roof was put on and finishers could get to work, a large force, as many as 25 men, have been employed in the carpentry, plastering, painting, glazing and wiring, and the place has been completed in record time.

## PERSONAL

**Dr. L. W. Hyde of Hillsboro**, was a Salem visitor Tuesday, coming down with a patient for the state hospital. Dr. Hyde was state commander of the United Spanish War Veterans, a year ago, and is well known over the state.

**Will Jones of Macley** was in the city yesterday.

**E. J. Weisner, wife and son** George from North Howell were in the city yesterday.

**Jacob Voorhies of Woodburn** was in Salem on business yesterday.

## COURT COUNCIL BILL OFFERED

Three Measures Bearing on Litigation in Multnomah Introduced.

Senator Joseph yesterday introduced three bills relating to court procedure in the state, one of which provides for the administration of courts by a council of judges.

The chief justice of the supreme court would be chairman of the council and he would appoint as associate justice of the supreme court and three judges of courts of record to serve on the council. The chief justice would have power to invite the president of the State Bar association and the president of the State's Attorneys association, or other members of the bar to attend the meetings of the council and advise in the performance of its duties. No member of the council would receive compensation for his services, except expenses. It would be one duty of the chairman to expedite court business by assigning any judge of a court of record to assist another judge when necessary, contingent upon the consent of the judge whom he desires to assign.

Another bill introduced by Joseph creates "the unified circuit court for the state of Oregon" for counties having population in excess of 100,000, which would confine it to Multnomah county. This would be a combination of all circuit, district and municipal courts, and the unified court would have original jurisdiction of all matters that were originally cognizable in either of the other courts. The judges now in office in circuit, district and municipal courts would become judges of the unified court.

It would also be the duty of the circuit judges to establish a conciliation board within 90 days of the taking effect of the act, the board to consist of an indefinite number, but not less than six or more than 12. Any person having the qualifications of a voter would be eligible for appointment as a conciliator. The third bill introduced by Joseph pertains to the making of rules in civil practice and pleading in courts of record.

**TEST**—In this city, Ed C. Test, age 43 years. Body will be forwarded to Portland for interment by Rigdon & Son.

**HILDEBRAND**—At the home, Salem Heights, February 6, David S. Hildebrand, husband of Mrs. Bertie May Hildebrand, father of Mrs. Elbert Rose, Hubert and Norman Hildebrand residing in California, Ray, Gladys and Thelma Hildebrand of Salem. Deceased was formerly engaged in the real estate business. Announcement of funeral will be made later by Rigdon & Son, morticians.

**S. P. Sleeping Car to Marshfield Is Resumed**—Beginning last night S. P. train No. 13, southbound, leaving Salem at 9:44 p. m. carried the through sleeper for Marshfield. This sleeper service was discontinued when a flood put the railroad out of commission. Now the railroad service has returned to normalcy, and the sleeper is again on the job. This sleeper has proved a great convenience to the traveling public and its replacement on the schedule is welcome news to many.

## MANY FATHERS AND SONS AT BANQUET

Almost 100 Attend; Dinner Is Enjoyed and Several Reports Read.

Almost 100 fathers and sons attended the father-and-son dinner at the First Baptist church Tuesday night. The dining room of the church was crowded clear to the brim with boys, old, middle-aged and young, bent on getting acquainted and having a good time together. A delightful dinner was served by the ladies of the church, with apple pie, roast beef, mashed potatoes and gravy and other things that boys like best.

President D. D. Socolofsky presided over the business part of the evening, which included several musical numbers, the reading of minutes and reports, and the reception of a number of new members. One interesting report was that of Dr. Hall, evangelist, who is being kept in the field largely through the efforts of the Salem congregation. He has been having wonderful success in his work, though financially it needs a little more steam on the part of his supporters.

A "saw solo," by E. W. McCroskey, was vociferously applauded and encored. Mass singing was led by Fred Brewer.

H. S. Gils was introduced as chairman for the social program. A number of brief talks were made by Herbert Socolofsky, Professor H. F. Durham, Carleton Roth and I. Willis, covering various phases of the father-and-son relationship.

Prof. Roy Hewitt, instructor in law of the department of commerce, OAC, was the main speaker. He has been giving much time to the county YMCA work, and this week has talked to more than 1000 of the high school pupils of Marion county in his traveling with Edwin Socolofsky, county Y secretary. His talk last night was a fine presentation of the value of character as it should be built up in the home, under the care of the father who is a chum of his boys and girls.

## MONEY IS NEEDED FOR NEW HOSPITAL

Subscribers to Fund Asked to Pay Up That Work May Be Hastened.

If the subscribers to the Salem Hospital fund, whose pledges were due January 1, would but go out to the hospital now and see the work that is being done, its quantity, its quality, and how near it comes to getting the hospital actually into operation, they would almost break down the doors or clog the mails of the collectors to get their money into humanitarian action. The money is actually desper-

ately needed, for the work has been concentrated on the credit of the subscriptions, and much of this work has been already done. The heating plant is complete, and is working like a charm; it is believed to be the most efficient heating plant in the valley. The concrete floors have been poured, on all four floors; they are the very last word in sanitary flooring. The partitions and doors are being set, and in every way the hospital is fast approaching the usable stage.

Manager Henry Meyers drove to Portland Saturday to buy a vault in which they will keep their priceless records. He shopped around like a woman with two bits in her purse and a ten-dollar note; and he bought for \$120 a door outfit that was priced at \$175. That was the price that another Salem user had to pay for exactly the same size and kind of vault fitting. The hospital money is being carefully spent; the hospital is to have the very best, the very safest equipment that can be bought, for life hangs on so many things in a hospital—the heating, the lights, the freedom from contagion, the fireproof construction—but it is all being shopped for in a way to get the best for about the price of the poorest if it were not so carefully supervised.

It is urged that the subscribers come forward with their pledge money, and put the hospital into usable condition.

## Petitions on School Building Circulated

At least three forms of petitions are being circulated, it is understood, relating to the school building program that is quite generally agreed must be put on in Salem this year. One calls for the full \$500,000 continuing building program outlined by the Chamber of Commerce committee, not all the money to be spent now, but spreading it out over two or

three or more years; according to a schedule not yet definitely agreed upon. Another calls for an addition to the high school building, and one junior high school unit at Washington, that would relieve some of the pressure on the grades and care for the present congestion for perhaps one year. Yet another calls for specified construction as improvements at practically all the city school properties. Some of these improvements would be minor, though all are said to be needed.

OF GREAT consolation to the bereaved is the memory to have given the departed a dignified burial at a minimum of cost.

This we stand ready to do.
