the finest mingling of pastoral scenes ever conceived for an American drama. Music adds its charm to this swelling appeal and the combination spells a new form of expression to every sense that seeks the playhouse for entertainment and illustration. The new Grand orchestra will play an especially written score.

The engagement of D. W. Griffith's wonder spectacle, "Way Down East," opens at the Grand theatre tomorrow.  
Basically "Way Down East" is a pictorialization of that delightful story of New England rural life which Lottie Blair Parker and Jas. R. Grismer, made so familiar upon the American stage covering a period of more than a decade. By Griffith's treatment it becomes a new art, vibrant with life that is all but too fast passing from view and infused with realism and tenderness plus

William S. Hart in a triple role—that is one of the novel features of "Three Word Brand," his Paramount picture, which will be shown at the Bligh theatre today. The double exposure was remarkably well done. The task of keeping the characters absolutely distinct was a problem for any actor, but Mr. Hart succeeded where many would have failed, and the illusion is perfect.

The Liberty theatre presents Elaine Hammerstein for the last times today in her latest film.

"Evidence," a play of swift passages, surprising denouements and great entertaining qualities. Miss Hammerstein's popularity has been enhanced by the cleverness of the plays she has appeared in, coupled with her charm of manner and skill in presentation, and it is declared that "Evidence" will still further endear her to the host of admirers her work has created.

"Never too old to learn" seems to suit Dorothy Phillips to a nicety, for she says she learns something new and useful in every one of her starring pictures. This time, during the making of Allen Holubar's "Hurricane's Gal" today at the Oregon, it was seamanship she studied under the tutelage of Captain Christian Johnson, of the three-master schooner, "Apollo," which was used at sea for five weeks during the filming of Mr. Holubar's picture. First she learned how to handle the wheel and then she studied the compass and finally tried her hand at mending the rigging.

Widner and Wells with a musical oddity in which they derive melody from ordinary saws. The male member of the duo also has an uncommonly good baritone voice, which is heard to good advantage in single solos, duets and the female is a clever musician who adds greatly to the offering with her musical talents. Some neat and pretty costumes are worn which make the act interesting and entertaining. At the Bligh theatre today and tomorrow.

Joe Deming, that "entertaining fellow," is all of that. From the time he breezes in with his personality and clever routine to the place where he stops, like a good showman, the audience is in a continuous uproar. Mr. Deming is one of the few old timers who has ripened with the years instead of deteriorating, and he is most certainly a credit to any bill. At the Bligh theatre today and tomorrow.

## DRINK WATER TO HELP WASH OUT KIDNEY POISON

If Your Back Hurts or Hadder-Bothers You, Begin Taking Salts

When your kidneys hurt and your back feels sore don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which helps to remove the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a table-spoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they no longer are a source of irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. By all means have your physician examine your kidneys at least twice a year.—Adv.
