Total Sales Largest of Any Half Holiday in Recent Months, Report.

NEW YORK, Feb. 17 .- Operaions for the rise which have been conducted with great vigor for as a bear factor, but cold weather the last two weeks were again expected to last several days longinterrupted today by heavy profit taking sales, giving the stock territory acted something of an market an irregular appearance. Total sales, however, were the largest of any half holiday ses-

sion in recent months. One of the most significant deelopments of the day was the establishment of a new high record for sterling exchange, since the "pegged rate" of \$3.75 was reached by the British govern- grain and in line with cottonseed ment in March, 1919. Demand oil. bills sold today for \$4.69 % or %c above the previous high, which was established last December, and duplicated twice during the past week. The par rate orated apples, quiet; prunes, unof sterling is \$4.86%. When for- settled; apricots, firm; peaches eign exchange rates collapsed so steady. disastrously in the spring of 1920 the rate fell to \$3.18, the

lowest ever recorded. Domestic developments continue to dominate the course of stock prices, little or no attention being paid to the foreign situation. pound, the highest since 1920 and up 1/2c. another increase of 10 cents a barrel for mid-continent crude, furnished speculators for the advance with additional ammunition in their campaign to boost prices. Reports of an early advance in tire prices also were circulated

around the financial district dur-Coppers were in great demand in the final dealings.

Rails showed mixed changes mostly upward. The clearing house statement showed increases of \$5,135,000 in loans, discounts and investments and \$9,881,000 in the reserve of member banks in the federad reserve bank. Net demand deposits decreased \$30,250,000, and time deposits dropped \$7,195,000. Aggregate reserve totaled \$548,-781,000, leaving excess reserve of \$19,383,050, an fincrease of

\$60,343,490 over last week.

British War Debt Settlement at Washington Has Stabilizing Effect.

CHICAGO, Feb. 17 .- Wheat averaged a little higher in price today with buying based partly on the British war debt settlement at Washington and on asserted cheapness of wheat compared with the general commodity list. The market closed unsettled at %c decline to 4c advance, May, \$1.19 % to \$1.20 and July, \$115 % to \$1.15%. Corn gained % to 1/2 to % @ %c net. Oats finished %c off to %c up, and provisions varied from 2 cents setback to a

rise of 10 cents. An upward slant shown by the wheat market at the outset was taken in some quarters as due chiefly to senate action disposing of any doubt which might have remained in regard to the plans for funding Great Britain's financial obligations to the United States. A little upturn in wheat values at Liverpool tended somewhat to emphasize this view. Bulls were also encouraged, owing to early absence of any ex-

tensive selling movement. On the upturns in the wheat market some renewals of liquidation for eastern interests, however, became apparent and the May delivery showed considerable weakness at times. Meagerness of export dealings was used er in the domestic winter wheat

offset. Speculative buying gave independent strength to the corn market and helped to sustain oats. Exporters were after corn and there were signs of better eastern and southern demand for oats. Despite weakness of hog val-
