CHAMPIONS OF THE MIDGET LEAGUE

Tumbling Midgets Count Coup on Whole List of Salem-Little Fellows.

The Midget League of Salem is dinner to be given the winners, at all-over, except the celebration the Y some time the coming week. The last game of the series was played Saturday night, between the two leaders, the Tumbling Midgets and the Lion Tamers. The Tumbling Midgets won, by a score of 22 to 5, which was decisive enough, though it was a far closer, harder game than the score seems to indicate. A large crowd was in attendance to the championship contest.

The Tumbling Midgets had Howard Waters and Ivan White, forwards; Stanley Waters, center; Bryson Clutter and Marlin Muelhaupt, guards; with Bill East substituting for White. The Lion Tamers lineup consisted of Delbert Schwabbauer and Bob Hill, forwards; Lawrence Copenhavre, center; Carl Lehman and Duane Kirk, guards; with Bob Vlesko substituting for Hill, and Hill for Copenhavre.

Jacob Elliott was referee, Robert Forger score keeper, and Marlen Lehman time keeper.

The series leaves the Tumbling Midgets in first place; the Lion Tamers, second; and the TTT's and the Tigers tied for third place. They will probably not play off this tie, but let it go as it now stands.

Stanford Team Defeats California Aggregation

STANFORD UNIVERSITY, Cal., Feb. 17.—Stanford University's basketball team defeated the University of California's team here tonight 18 to 17. At the end of the first half, when the score was California 12, Stanford 6, it looked as though the Bear team would prove too much for the Cardinals, but the Stanford quintet rallied in the second half and prevented California from making a single field goal. All of California's points in the second half were made by free throws.

Oregon Takes Hair-line Decision From Whitman

WALLA WALLA, Wash., Feb. 17.—In a give and take game here tonight, the University of Oregon basketball squad defeated Whitman college 37 to 26. At the end of the first half the score stood 13 to 11 in favor of Oregon, although the Missionaries outplayed their visitors during this period. At the opening of the second half Oregon flashed over the floor and held the local quint down until they piled up a lead of 29 to 20. Whitman rallied then and shot baskets from all over the floor and the game stood for several minutes nip and tuck.

Rushing Business Done
A store room full of pint bottles and demijohns of whiskey and wine collected by the minstrel revenue agents was sorted last night by prohibition chiefs and police and orders given the raiders for their drive today.

All afternoon the patrol wagons ran hurriedly between the fast traveling squads of raiders in the various police precincts, carrying prisoners to the station houses, while government trucks hauled in the gallons of confiscated liquor. At one of the busiest station houses during the afternoon stood Asher, clean shaven and well dressed, an apparently neutral on-looker, calmly identifying prison-

Passaic, N. J., high school "wonder" basketball team reached one goal it had set for itself by winning its 100th straight game by defeating St. Mary's Academy of Ogdensburg, N. Y., at the Paterson, N. J., armory. The score was 59 to 38, the first time in eight years, or since there is a record of Passaic's basketball activities, that a rival has scored more than 34 points against Coach Ernest A. Blood's proteges. A crowd of 5,000 persons packed every inch in the drill shed. Photo shows the Passaic High School team. Left to right—Amasa A. DEAF SCHOOL WINS GAME AT MILL CITY

Fast Local Quint Takes Victory From Strong Mill Towners, 22 to 13.

The basketball team of the deaf school journeyed to Mill City Friday evening and defeated the Mill City high school quint by the score of 22 to 13. This is the first defeat the Mill City boys have experienced this year. The honors were about even during the first half, but in the second session the deaf boys forged ahead through fast teamwork and superior goal shooting. They seldom missed a shot when they got under their goal. Mill City used a five-man defense and were on the defensive most of the time.

The visitors did not get a single opportunity to work any trick plays, due to the fact that the Mill City center was about a foot taller and always got the ball at the toss-up.

The game was fast and interesting throughout. The Mill City boys have a clever quint and made the visitors go their utmost to win. There will be a return game at the deaf school next Friday evening.

What the Salem team consider the real athletic event of the year, however, is the return game with the Washington State deaf school of Vancouver, when the northerners come down to Salem March 3. Salem trimmed them at Vancouver two weeks ago, and expect to do it again after having been the under-dog for some years past. They hope to stage this game at the armory for the benefit of the interested public; though the deaf school folk is fully as good for playing.

Stayton High Teams Win From Turner Fives

In one of the cleanest games of the season and also one of the best and fastest the Stayton high school boys quintet won over the fast Turner teams Friday night. The girls game was not so exciting and as fast as the boys game owing to the fact that the Turner team was outclassed in most every phase of the game by the Stayton girls. This still leaves the Stayton girls without a single defeat during the whole season, the game with the Woodburn team last Friday being one of the hardest ones played, the score being an even tie.

The Turner teams put up a good fight but were unable to claim the large end of the score in the end because Stayton was a little too much for them. There were 17 fouls called during the game, eight being called against the Stayton boys team and seven against the Turner team. The game was very well refereed and there was no chance for any difference on either side as neither team was favored.

Stayton plays a return game with Turner February 28, at Turner.

John Steincipher of Albany refereed the boys game and Coach Anderson of the Stayton schools refereed the girls game. The score of the boys game was 14 to 23 in favor of Stayton and the girls game 8 to 14 also in Stayton's favor.

SENATE FAVORS ASTORIA RELIEF

Mrs. Kinney Pans Ways and Means Committee for Lethargy in Matter.

Mrs. Kinney said that "this child toria, made a witty speech yesterday in behalf of the bill authorizing the state treasurer to purchase bonds of the city of Astoria in the sum of \$250,000 as a relief measure. The bill passed with a sort of understanding that it may yet be amended so the money can be taken from the highway fund."

Mrs. Kinney said that "this had gone into the ways and means committee smiling radiant, hopeful," but that after enduring the "vitiated and fetid atmosphere" of the committee, had come out "crippled, lifeless and soulless."

"But it still is our bill," said Mrs. Kinney and I hope that each of you will vote for it." She said the ways and means committee had been hand-picked because its members possessed certain qualities.

"I won't say that those qualities are," said Senator Kinney, "but I have words in my vocabulary to say what they are."

Senator Smith, chairman of the senate ways and means committee, explained that while the measures had come out as ways and means bill, the members of the committee were not pledged to vote for it.

La Follette, Zimmerman and Taylor, all members of the ways and means committee, battled against the bill.

"Taylor warmly replied to Mrs. Kinney's assertion that the committee was hand-picked.

Garland and Ellis wanted the bill re-referred for amendment. Eddy opposed this, declaring it was so late in the session that all Astoria's relief might be killed. He urged that the bill be passed.

Staples expressed confidence in the ways and means committee but asserted it had allowed some appropriations that might have been foregone in Astoria's favor. "Two hundred millions of dol-

lars are going out of the state every year," said Staples "for automobiles and their accessories. If we can spend money with such a lavish hand why can we not help our own people. I do not think there ever has been a disaster in the United States that has brought so little aid from the people of the home state as has the Astoria disaster."

Strayer advised that the bill be passed and that the governor and the highway commission then be consulted as to methods of administering the act, with the possibility of taking the money from the highway fund.

Joseph spoke for the bill and Toose echoed the sentiments of Strayer.

La Follette, Strayer, Taylor, Zimmerman and Upton voted against the bill.

The cable says that the new heir to Princess Mary is a "bouncing baby boy." Are we to infer from this that he was born in a Ford?

Trambitas and Myers Win Bouts at Portland

PORTLAND, Feb. 17.—Johnny Trambitas, Portland lightweight, stopped Mickey O'Dowd of Seattle in the first round of their scheduled 10-round bout here tonight. The local boxer clipped the Seattle fighter on the chin with a right hook two minutes and 30 seconds after the start of the fight and it was all over.

Spug Myers of Pocatello, welterweight, won a technical knockout over Joe Dunn, a local boy, in the ninth round of the other 10-round bout.

So Simple
Young Brown, who had been married but a few days, sought out his friend, Jones, who was a family man of long experience, for a little advice.

"Jim," said Brown, "what did you call your mother-in-law after you got married?"

"Well, I'll tell you," replied Jones, "for the first year I addressed her as 'Say,' and after that we all called her 'Grandma.'"
