

MILLING INDUSTRY ENJOYS GOOD YEAR

MINNEAPOLIS, Feb. 19.—(By the Associated Press.)—The milling industry was better in 1922 than in the preceding year, and the prospects for 1923 are favorable, dependent upon the crop of wheat in the northwest, millers here declare.

These declarations followed statistical reports which showed that 17,344,892 barrels of flour were shipped from the 14 mills here in 1922, as compared to 15,645,148 barrels the previous year. Mill-stuffs also showed an increase in shipments, 670,940 tons being forwarded from here last year, compared with 642,282 in 1921.

"With the northwest sustaining three crop failures out of five seasons it is impossible to predict the prospectus for the coming year, but with a good average wheat crop again this year, millers should enjoy a better business in 1923 than the preceding year," F. M. Crosby, of the Washburn-Crosby company, declared.

Officials of other milling companies here held similar views, one stating the "milling situation is healthier now than at the same time a year ago."

Great Woolen Blanket Selling

THE GREATEST BLANKET SELLING Event in the history of the Willamette valley stores has been in progress at our store since Nov. 1st.

EXPLANATION
We own the mills, we buy the wool direct from the wool grower. We manufacture it into blankets and sell direct to you, the consumer. No middle-man or commission man stands between you and the grower. In buying our line you buy direct from the manufacturer. We do not sell any eastern blankets of any kind or quality, but sell our own make only. We employ special blanket salesmen that can talk and present them to our trade intelligently. We shall sell them at as near the manufacturer's price as it is possible to handle them.

Yesterday in the Legislature

A quartet of bills introduced by Representative McMahan of Marion, relating to tuition fees at the state institutions of higher education, was voted down by the house yesterday in one, two, three order.

The bills would have provided for the imposition of a tuition fee on resident students at the University of Oregon and Oregon Agricultural college amounting to \$50 each and a tuition fee of approximately \$200 on non-resident students at these schools.

Unfavorable reports were submitted by the committee to which the bills were referred on the theory that a tax on resident students was not in line with the theory of free educational institutions and that a tax on non-resident students, greater than that imposed by adjoining states, would drive away from the state valuable trained young men and women.

Weighted down by charges that it originated in personal animus and hatred, H. B. 362, by the committee on roads and highways was indefinitely postponed by the house yesterday.

The bill, introduced at the request of the state highway commission, would have transferred from the office of secretary of state to the highway commission the entire control of traffic on state highways.

Representatives Kay and McMahan of Linn opposed the passage of the bill on the ground that the work is now efficiently performed, while Representative Cowgill charged that its only purpose was to secure the discharge of a traffic officer who had arrested motorists "worth thousands of dollars and required them to go to trial."

A bill to amend the present regulations affecting the exercise of eminent domain by logging roads was voted down and the following bills were passed:

RED PEPPER HEAT ENDS RHEUMATISM

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known.

Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any good druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.—Adv.

YESTERDAY IN WASHINGTON

Members of the farm bloc in the house launched a drive for action on rural credits legislation.

Another resolution proposing an international economic conference was introduced by Senator Owen, Oklahoma.

On the reconvening of the supreme court after a three weeks recess, Edward T. Sanford of Tennessee was sworn in as an associate justice.

Shipping legislation received a setback, the senate voting 46 to 42 not to table a motion to lay it aside and take up the filled milk bill.

The house rules committee, by a 6 to 3 vote, refused to report a resolution giving Henry Ford's offer for Muscle Shoals right of way in the house.

A unanimous decision was reached by the house ways and means committee to recommend that the house accept senate changes in the British debt funding bill.

Favorable report of a resolution providing for submission to the states of a child labor constitutional amendment was ordered by the senate judiciary committee.

The supreme court held that a high caste Hindu is not a "free white person" within the meaning of the naturalization law and therefore is not entitled to citizenship.

Doubt was expressed at the state department as to whether Secretary Hughes would find it possible to attend the pan-American conference at Santiago, Chile, next month.

The nomination of Senator Poindexter, Republican, Washington to be ambassador to Paris was sent by President Harding to the senate which quickly confirmed it by unanimous vote in open session.

An adverse report on Mrs. John B. Henderson's offer of a \$300,000 home for the vice president was made by the senate public buildings committee which said it could not recommend an outlay of \$15000 annually maintenance.

The railroad labor board can suggest to carriers and employees that they select representatives for conferences on rules and working conditions the supreme court, decided and can suggest to the carriers that they confer with officers and heads of labor unions designated by the board.

Upholding the validity of the interstate commerce commission's order increasing by 15 per cent the New England railroad's share of through freight rates the supreme court held that the commission under the transportation act of 1920 can make division of joint rates by groups.

Notes on the Honeymoon
Honeymoons were invented to make the subsequent period of matrimony seem inexpensive. The honeymoon is that period of human experience which lies

between the last agreement and the first dispute.

When the bride is asked to get her beauty sleep, then by breakfast, the groom can wake up his mind that the honeymoon is over.

"Let the honeymoon be perfect, us," says a minister, "if you do to keep a wife, but who wants to go through life continually brushing rice out of his hair?"—Boston Transcript.
