## BUSINESS KING DIES ON TRAIN

### L. R. Steel Succumbs While Traveling to Chicago for Needed Rest.

TOLEDO, Ohio, March 22.—L. R. Steel of Buffalo, nationally known businessman, died from natural causes on a New York Central train entering the Union station here early today, according to Coroner Charles J. Henster, coroner, who conducted a post mortem examination.

Death was caused by a ruptured blood vessel in the brain, Coroner Henster found.

Mr. Steel's death came while he was en route to Chicago after conferences with Pittsburgh and Cleveland financiers in an effort to raise \$1,000,000 which, his associates said, he believed would prevent his firm from going into receivership. His efforts to raise the money were futile, it was said, and giving up in despair, Mr. Steel started for Chicago to rest.

## Walker Defeats Latzo and Retains Champ Title

### NEWARK, N. J., March 22.—Mickey Walker retained his title of world's welterweight champion at the end of a 12-round no-decision bout with Pete Latzo of Scranton, Pa., tonight.

The champion received the unanimous verdict of newspapermen at the ringside.

The champion was in command all the way and although Latzo fought strenuously he was kept mostly on the defensive taking a severe body beating. At the end of the bout the challenger's right side was a mass of red welts.

With a left hook to the jaw Walker sent the Scranton man to the floor for a count of three in the fourth round and in the ninth he landed a right hook to the jaw that sent the challenger reeling across the ring where he clinched and recovered.

## Probe of Seattle Deal on Ball Club Demanded

SAN FRANCISCO, March 22.—An appeal for cooperation in investigating the details of the purchase of the Seattle baseball club by Wade Killefer and associates so that the public will know the circumstances which affected the sale of the club was made tonight by William McCarthy, president of the Coast league to William Wrigley, Jr., J. H. Patrick, Charles K. Lockhard, Wade Killefer and John J. Sullivan.

Mr. McCarthy's message tonight followed fast on the heels of an announcement today that every detail of the purchase of the club by Killefer and associates would be publicly investigated—so that baseball would be purged of the charge of "syndicate baseball" and of dual ownership.

The investigation was asked of Mr. McCarthy by Edward R. Maier, president of the Vernon club, after rumors had been circulated that William Wrigley, owner of the Los Angeles club, was interested in the Seattle club.

Bargain day was considered, and the matter was indefinitely postponed. The matter of distributing handbills on the streets, especially where they are placed in automobiles, was discussed.

It was said that most of these bills are thrown out of the cars before the owners move the cars and the bills are left on the streets. A committee was appointed to look into the matter of regulating the distribution of handbills, especially those which are put in automobiles.

MANCHESTER, March 22.—A protest has been made to the Master Cotton Spinners association by British dyers against the action of the spinners in sending their goods to Belgium to be dyed. The trade has been affected seriously in Lancashire.
