Oxford and Cambridge Crews Ready to Dip Oars

PUNNEY, England, March 23.—(By the Associated Press)—For the seventy-fifth time since 1841, the Oxford and Cambridge crews are ready to dip oars in the Thames tomorrow to settle this year's inter-varsity rowing supremacy.

Most of those who daily during the past fortnight have watched the eight practice over the historic upstream course from Putney to Mortlake, are inclined to the belief that Cambridge this year has the better crew; but it is conceded that Oxford stroked by W. P. Mellen, an American from Concord, a student in Branson college, has its best eight since the war and they would not be surprised by a Dark Blue triumph.

GOOD PRELIMS ARE ARRANGED

New Heavyweight Match Is Added to Boxing Card for Tuesday Night.

For the fourth and fifth numbers on the Company F boxing program set for Tuesday night, March 27, the Fox brothers, the gnat-weight warriors of Independence, have been secured as one and the other will be a heavy-weight match between Salem boys. The Foxes have appeared two or three times before, always putting up a clever act. It isn't a typical "brother" act. It is full of fire like the heart of a blast furnace. The other is a four round match between Chet Lindley, fireman, and Armin Banks. The two used to play together as kids in the Salem schools and they fought just like man and wife. Banks has been in the navy where he did some scrapping besides what they did with the big guns, and he is said to be a good looker in the ring.

GASOLINE TAX TO BE REFERRED

This is the third measure enacted by the recent legislature on which the referendum is being invoked, to go before the people at the general election in November, 1924. The other two are the income tax, which is being referred by the Oregon Just Tax league, and the o'comaraine act, which is being referred by the Associated Industries of Oregon. All are measures that Governor Pierce favored during the legislative session. If the referendum petitions are completed on the measures before May 25, the date on which the new laws become effective, then the referred measures cannot be operative until they have been voted on and approved by the people, which in any event could not be until November, 1924. If the petitions are not completed by May 25, initiative petitions would be necessary to place the measures before the people.

TARIFF HELD SUGAR ANSWER

had urged President Harding to bring about a federal investigation of recent increases in sugar prices, issued another statement tonight in which he declared the department of commerce on February 9 gave out a statement on the sugar situation "which was immediately followed by the present spectacular rise in sugar prices." The department statement, Mr. Manly said, carried a heading which read: "In 1921-22 the world sugar consumption was 500,000 tons greater than production and the prospects are that it will be 700,000 tons greater in 1922-23. If these prospects materialize, the heavy accumulated stocks of the end of the 1920-21 season will have given away by the end of 1922-23 to a carry-over below the pre-war normal figures." Mr. Manly declared he was "ready to submit to any American jury whether this official statement can be interpreted in any other way except as a prediction calculated to cause a sudden rise in sugar prices."

Contractor Taken Into Custody Over Bank Ruin

CHICAGO, March 23.—H. D. Wolinsky a contractor, was taken into custody by operatives from the state's attorney's office tonight in connection with the failure a few days ago of the sixteenth Street State Bank. Samuel W. Maltz, former president of the bank, named Wolinsky as the man who secured a woman's signature on mortgages which the bank accepted in real estate transactions. Wolinsky, according to Assistant State's attorneys who questioned him, admitted procuring the "dummy" signatures. Wolinsky was held in custody tonight but charges had not been preferred against him. Prosecutors said today they expected to go before the grand jury next Monday and ask for the indictment of Maltz and possibly of several others connected with the bank on charges of conspiracy.
