MAINTENANCE
MEN TO STAY

Conference of Representa-
tives Agree Not to Go
Out With Strikers

SEATTLE, March 30.—Main-
tenance men will remain at work
in the Roslyn and Tono coal
fields of this state in a strike to
begin at midnight tomorrow night,
it was agreed here today at a con-
ference of representatives of the
Washington Coal Operators' as-
sociation and the United Mine
Workers of District No. 10. The
operators announced that they
had no intention of using non-
union workers.

Under an agreement made last
year after a strike, the approxi-
mately one-third of the men in
the mines who are on daily wage
receive from \$7 to \$8.35. The
companies, in negotiating an
agreement to take effect tomor-
row night at the expiration of the
1922 pact proposed a flat cut of
\$1.50 in pay without reducing
charges for rent, fuel, light and
power and other merchandise. The

DALLAS TO GET
NEW INDUSTRY

Bakery and Confectionery to
Open for Business About
First of May

DALLAS, Or., March 30.—
(Special to The Statesman.)—
The new bakery and confectionery
store to be operated by Charles
Bilyeu and Wiley Gardner will
be open for business about May
1, according to information given
out by the proprietors.
The new firm has already pur-
chased the biggest part of their
equipment and expect to start the
remodeling of their store-room
on Main street shortly after the
first of next month.

It is the intention of the pro-
prietors to make such a brand
of bread and pastries that people
of Dallas will not have to use
outside products in this line in
the future. They have already
secured a contract for furnishing
bread for a large lumbering con-
cern in the western part of Polk
county and expect to ship bread
to other cities in the county.
In addition to the confectionery
and bread business the new pro-
prietors expect to eventually
serve meals somewhat on the
lines the Gray Belle and Spa of
Salem are operated.

Room Is Needed for
California Fossils

Los Angeles, March 30.—
Plans for the addition of several
units to the Los Angeles Museum
of history, science and art have
been made by the county board
of supervisors and the museum's
board of governors.

The present museum building is
filled with representative speci-
mens from the famous La Brea
fossil pits, near here, and with
an extensive collection of Span-
ish California relics. Space is
lacking in which to exhibit recent
important contributions from Al-
aska, Utah and South Africa, and
estimates of future acquisitions
loom so large that it is proposed
to provide for enlargement of the
museum, by periodical addition
of units, to 10 times its present
size.

Community Placement
Bureau in Fourth Year

SAN FRANCISCO, Cal., March
29.—The community placement
bureau, a semi-philanthropic in-
stitution founded and directed by
San Francisco business men for
the benefit of helping the unem-
ployed, will begin its fourth year
here this week after becoming,
in the opinion of its founders, a
successful institution.

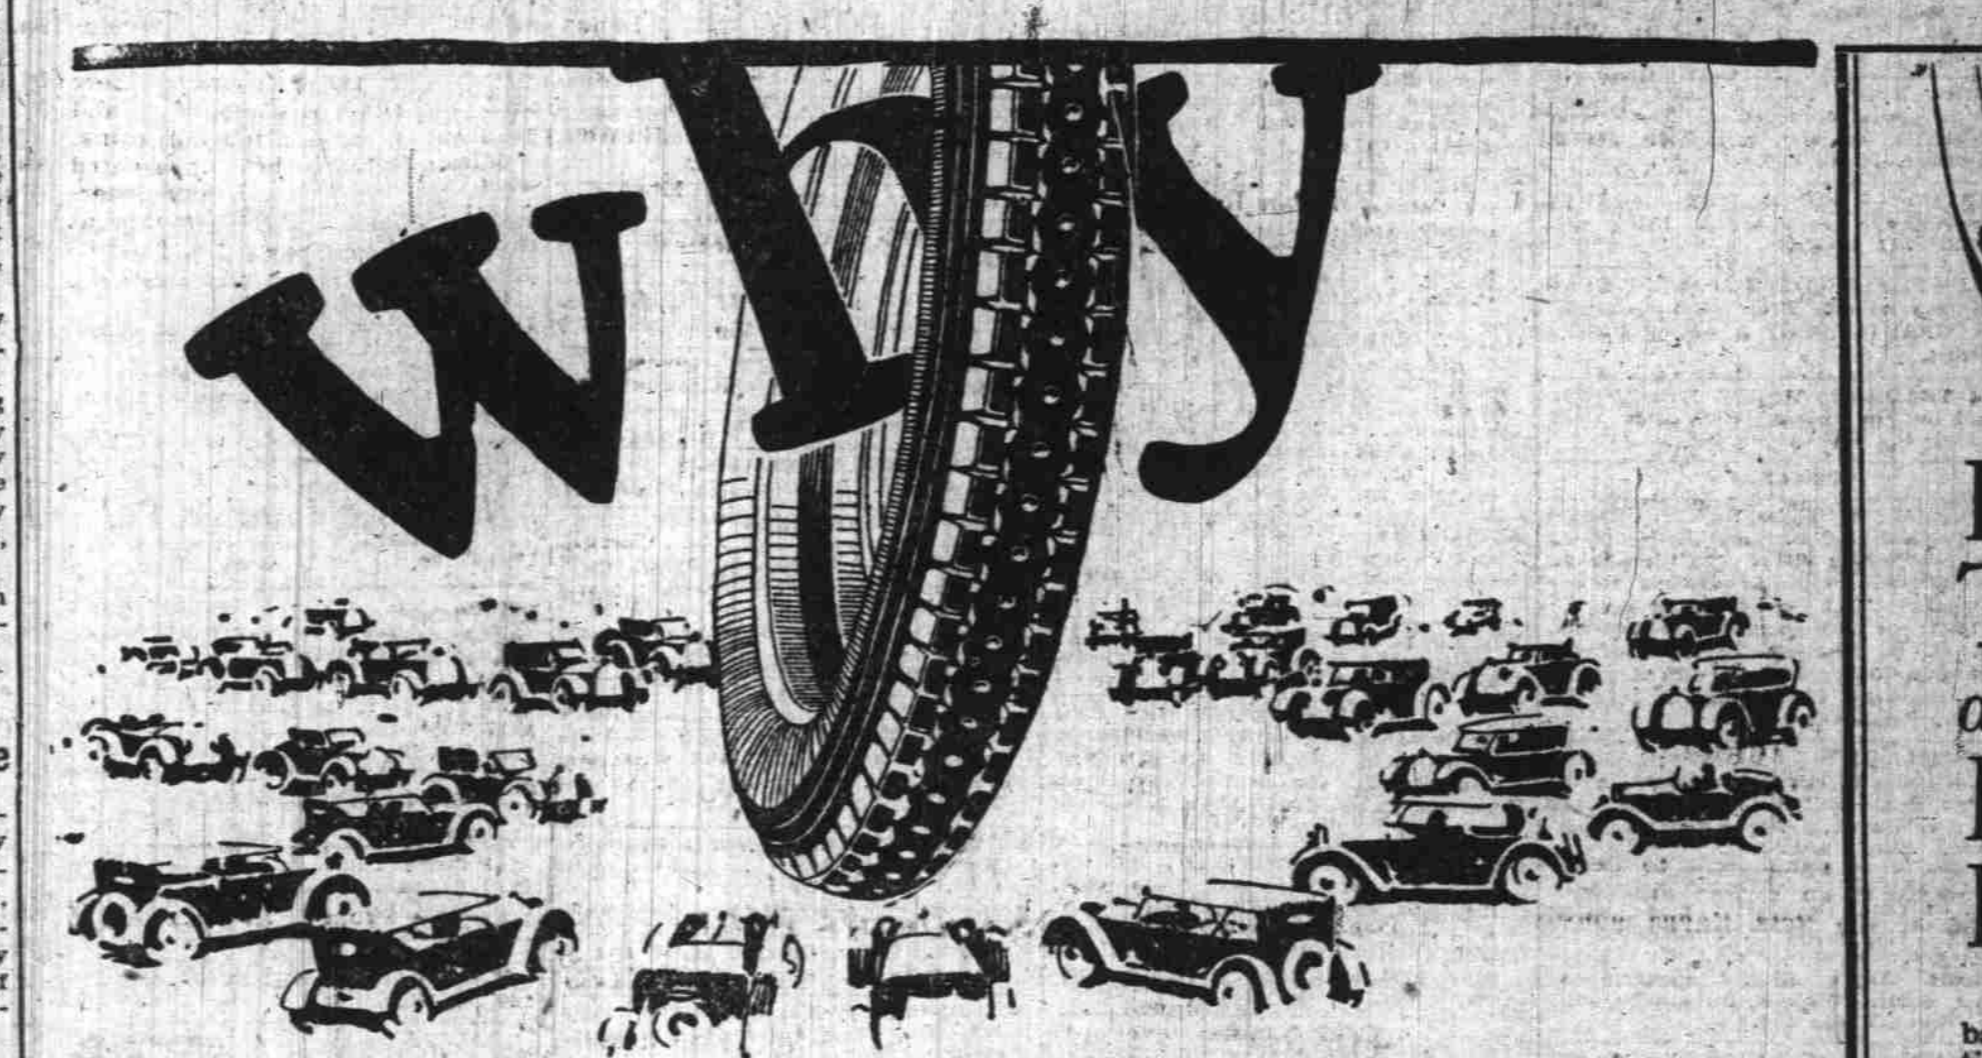

During its operations for the
first three years, the bureau has
placed more than 5000 men and
women in positions at a nominal
fee, according to Mrs. Margaret
O'Connor, manager. For the first
two years, Mrs. O'Connor says,
the bureau operated at a heavy
loss, the burden being borne by
its founders. The last year, how-
ever, the bureau operated at a
profit, having placed 530 men
and women. "The bureau is organized
to assist the great army of unem-
ployed workers," said Mrs. O'Con-
nor.

dential ring. And it is a natty
