What the X-RAY Shows

IF you could see the root of that "old stump of a tooth" as the X-ray can, you probably would find an abscess hanging there.

An Abscess can undermine your health, poison your system, and cause innumerable diseases.

You need not fear a visit to our offices, because we use the wonderful dental anesthetic,

Twilight Sleep
"FOR THE TEETH"

It puts the Teeth (NOT THE PATIENT) to Sleep and There Is No Hurt

You Are Welcome to an Examination
