

### TO BOOST STATE IN SOUTH AMERICA

Leslie Cranbourne Tells Chamber of Commerce of Plans for Trip

"You want to remember that almost every state in South America is supreme in some important item of the world's commerce. Mexico has the greatest oil; Bolivia has the world's best tin; Costa Rica has the prize bananas; Brazil has the coffee of the world; Chile is supreme in nitrates, and Santo Domingo can support more people per acre of

**Fine Kimball Piano \$97**  
Terms \$5 down and \$1.50 a week. This piano is worth double this price but for quick sale we will sacrifice it, also J. & C. Fischer piano \$185, Hallett & Davis \$175, Story & Clark \$115, Starr \$127, Newby & Evans \$167, beautiful \$700 Kimball \$325, \$750 Bush & Lane \$295, and many others equally as good. But you must act at once if you want one at these give away prices. \$5 down and \$1.50 a week buys any of them. Geo. C. Will 432 State

territory than any other section of the world. "The student classes will dominate their business, their politics, in the generation now growing up. Before the war they were hostile to the United States because of German propaganda. But now they are coming in great numbers to the United States for instruction, for education. They have their golden age just ahead of them—not at their backs, like Europe. They have only 75,000,000 people in all South America; only nine to the square mile for their whole area. It is the greatest field for the explorer on earth; the greatest field for the progressive pioneer."

These were some of the thoughts expressed by Leslie Cranbourne of Portland, who spoke Monday at the Chamber of Commerce luncheon. He has been for five years with the Portland YMCA, and is being given a vacation of six months to go to South America to preach Oregon and Oregon products to the whole continent. Starting May 10, he is to go first to the Canal Zone, then to Hayti, then to Venezuela, then to Rio, then to Santos, Brazil; from there he goes to Argentina and Uruguay, and across the Andes to Chile; then up the Pacific to Peru and Bolivia, and finally home. He is to be a business missionary, for he goes as a Spanish student, a Portuguese scholar, and an Oregon booster, with the things in his hand that they most want—fruits and

friendship and understanding. Mr. Cranbourne spent some years in South America, in Chile, Argentina and Brazil. He says that the people want the things that Oregon has to sell and they have been buying at a prodigious rate during the past few years. The business done with the United States has increased steadily, and the friendly interest has increased even more.

### TURNER NEWS

TURNER, Or., April 10.—Mrs. Y. T. Riches underwent an operation for her eyes at a Salem hospital Tuesday.  
John Watson Jr., returned to U. of O. Tuesday.  
R. Rawley of the Turner Tribune spent Monday and Tuesday in Salem.  
L. L. Robertson was a business visitor in Salem Tuesday.  
Dr. Ransom and wife are occupying their new home.  
Mrs. Ora Bear was in Salem Tuesday.  
R. D. Gray was in Portland Sunday.  
The Santiam Sunday school convention will be held in the Turner high school auditorium next Sunday. Good speakers will be present.  
Several of the main streets of Turner are being graded; supervised by R. O. Witzel. Also the school house lawn has been graded, seeded and trees planted; C. A. Bear directing the work.

### PORTLAND WINS IN HIGH COURT

Securities Protecting State Bank Deposit It Will be Ordered Sold

The city of Portland won in the supreme court yesterday in its suit against the defunct State Bank of Portland and the state superintendent of banks, for an order of the court requiring a sale of securities held by the city as a protection of a sum of \$110,000 deposited by the city in the State bank, and an application of the proceeds of the sale to the payment of the city's deposit.  
"The principal argument against the complaint," says the opinion, "was that to sustain the pleading would be to give a preference in favor of one depositor over others. On the other hand, to overturn the complaint would be to say that banks becoming the depositaries of public funds may use them to pay private claims, a conclusion not to be countenanced. Under such circumstances private depositors cannot claim the public deposit for their private benefit."  
The opinion was written by Justice Burgett and affirms Judge George Rossman of the lower court.  
Other opinions handed down were:  
Mary C. Harvey et al, appellants, vs. Floyd J. Campbell and Sparta Irrigation district; appeal from Baker county; suit to have Mary C. Harvey decreed to be owner of the right to divert water from Sparta ditch where the same enters upon her premises; opinion by Justice Burnett. Judge Gustav Anderson reversed.  
Francis Whetstone appellant, vs. A. D. Purdue, appeal from Jackson county; suit for accounting. Opinion by Chief Justice McBride; Judge F. M. Calkins affirmed.  
Eliza A. Roots et al, appellants vs. Roscoe R. Knox; appeal from Clackamas county on objection to cost bill. Objections sustained by the court.  
Ernest Davis vs. Arnold Irrigation company, appellant; appeal from Deschutes county on objections to cost bill. Objections sustained by the court.  
Ernest Davis vs. Arnold Irrigation company, appellant; appeal from Deschutes county; action to recover damages. Opinion by Justice Burnett. Judge T. E. J. Duffy affirmed.  
Petition for rehearing denied in Thompson estate vs. Kamm. Decrees entered as stipulated in Portland vs. Harris.  
Robinson vs. Cable and Smith vs. Hurlburt advanced for hearing.  
Beaver vs. Standard Eight Motors company, motion to affirm judgment allowed.  
Thomas R. Moore of Pendleton was admitted to practice law in Oregon on a certificate from Missouri.

### Elmo S. White Publicist For Salem Whitney Boys

Elmo S. White has been elected to preside as publicist for the Whitney Boys' chorus of Salem. The boys are working steadily on their music for their concert which is to be given Saturday night, April 28. The boys asked for and were given the official privilege of making the first public subscription to the new YMCA building in Salem and all the proceeds of the concert go to this purpose.  
Dr. H. C. Epley is steering the lads along the different path of music, with the hand of a master. They are making fine progress, and the choruses they are to present are going to surprise some of their squeaky boots. Paw couldn't say more sing some of these trippingly tuneful songs than he could climb the well-known North Pole without a ladder. They do not sing like larks—it's the other way; it's a lark that can sing half as well as a Salem Whitney boy.  
About 60 boys are to come down from the Portland Whitney Boys' chorus, to help in the concert and the drill team from the Portland organization will be here for a prize drill on the Salem streets before the concert.

### HALL'S FERRY

Mrs. E. T. Croshaw left Saturday for Springfield, for an extended visit with Mr. and Mrs. George Neyman, formerly of this place.  
A. L. Barks of St. Louis, Mo., stopped off a few hours last week to visit his brother, A. H. Barks of this place, whom he had not seen for 15 years.  
Rev. William Morrow and a number of the members of the Methodist Episcopal church went to Snyder Bottom Sunday afternoon to conduct services at the Riverside schoolhouse.  
A. J. Parnell made a business trip to Portland last week.  
George E. Colby, who is employed in a logging camp on the Santiam near Talbot, spent the week end with his family.  
Roy Sharpe, who for the past year has been employed by the Livezey company, severed his connection with that firm Saturday and expects to leave soon for

the logging woods on the Columbia.  
Leslie Judd and wife spent Sunday visiting relatives at Liberty.  
John Sharpe of Salem, nephew of Mrs. W. H. Sharpe, was a visitor at the latter's home Sunday.  
An agreeable surprise was given Mr. and Mrs. Y. C. Pettijohn Monday evening. The event was in commemoration of their 13th wedding anniversary. The evening was enjoyably spent with games and music.  
Claude Sharpe, who has been confined to his bed for three months with rheumatism, was able to sit up a few minutes yesterday.  
Field Deputy Willis Caldwell is assessing property in this district this week.

### Theta Alpha Phi Chapter Is Reorganized in Salem

Oregon Alpha chapter of the national honorary dramatic fraternity, Theta Alpha Phi, has been reorganized at Willamette university and with a membership of 15 members celebrated the event last Friday night at the Spa.  
The honor fraternity is national in scope, drawing its members from those interested in dramatics. While there are numerous chapters in the east the nearest western chapter is located at the College of Puget Sound, Tacoma.  
Miss Minna L. Harding, head of the department of dramatics at Willamette, was a member of the chapter which later became inactive and she assisted in reorganizing the local group and took in the new members. Participation in one or more plays is a requirement for membership in the organization.  
Miss Ruth Hill of Vancouver, Wash., is president of the local, Oregon Alpha chapter. Other members include Lloyd Walts, Pauline Remington, Louise Jonglin, all of Salem; Miss Mildred Stevens, Hillyard, Wash.; Richard Briggs, Kenewick, Wash.; Martha Ferguson, Odell; Mary Wells, Ethelyn Yerex, Zaida Mulkey, Carolyn Stover, all of Portland; Joe Nee and LeRoy Walker, Roseburg; Elliott Currey, Spokane, and Irene Walker, Eugene.

### Benton Harbor Man Is Pleased at Oregon Bulbs

August G. Pruyser, president of the National Bulb company, Benton Harbor, Mich., one of the largest growers of Gladioli in the United States, was a visitor at the Farm of the Oregon Bulb company Sunday. Mr. Pruyser was a Tulip and Narcissus grower before coming to America, and he came to Salem to see what Oregon could do in growing the Holland bulb.  
"I am astonished," he said, "at the quality and thriftiness of your Tulip plants. I did not expect to see nearly so good a showing. You must have a remarkable climate to grow the results I see here. You should double and quadruple your stock."  
Mr. Pruyser left for Benton Harbor.

### A Married Man Who Wants Work Behind a Baby Hugs This Consolation, He is Pushing a Good Thing Along

Secretary of the Kiwanis club, general manager of the Salem Associated Charities, in addition to maintaining an optical practice, these occupations are not sufficient for Dr. Henry E. Morris and he is assuming the job of general agent for foundlings, orphans and homeless children extra.  
A boy between 7 and 8 years old is the latest addition to Dr. Morris' waiting list of eligible children seeking new homes.  
As general manager of the local Associated Charities, Dr. Morris yesterday received a letter from a mother in Portland enclosing pictures of her boy who is more than 7 years old and for whom she is seeking a home and parents who will adopt him.  
"How did she happen to write you in Salem when her home is in Portland?" Dr. Morris was asked.  
"Well she had heard, I guess, that I had found homes for children and so wrote to me."  
Among the list of successful applications filed by Dr. Morris are listed homes for several infants, a pair of twin boys placed in a happy home and names given to families seeking homes for one or more of their children.  
The latest is a 7-year-old boy, whose mother is married again and whose stepfather objects to the boy. Dr. Morris will receive applications from those desiring

### POWER LINE IS CONTRACTED FOR

Extension to Run From Salem to More Than Score of Polk Farmers

One of the longest electric light and power extension run out from Salem for some time has just been contracted for in Polk county, on rural route 2. This new line is to extend for approximately five miles, going first out along the Wallace road, to the Oak Grove road that runs westward from the Wallace road, out a mile or more from town. At present there are 23 individual signers and two rural schools, districts Numbers 61 and 36, have voted on the question and have signed up for lights and perhaps pumping power for the schools.  
Most of the signers plan to install some sort of power plant. They are to use electric power for the prune dryers, and most of them are to have electric pumps. Some may also use the juice for other domestic purposes, such as for cream separators and other household uses.  
The signers to date are:  
R. L. Adams, F. H. Bentley, W. M. Bouffleur, J. R. Chapman, C. A. Clark, R. W. Clarke, A. Doren, Dräger & Moon, W. G. McDowell, W. H. Moon, J. W. Norwood, Mrs. H. H. Rosenquest, E. Schindler, M. C. Schwartz, William J. Schwartz, J. F. Smart, H. R. Southwick, B. Southwick, E. W. Southwick, Frank W. Wilson, Polk County School No. 61, Polk County School No. 36.

### Finding Homes for Babes Keeps Dr. Morris Busy

Secretary of the Kiwanis club, general manager of the Salem Associated Charities, in addition to maintaining an optical practice, these occupations are not sufficient for Dr. Henry E. Morris and he is assuming the job of general agent for foundlings, orphans and homeless children extra.  
A boy between 7 and 8 years old is the latest addition to Dr. Morris' waiting list of eligible children seeking new homes.  
As general manager of the local Associated Charities, Dr. Morris yesterday received a letter from a mother in Portland enclosing pictures of her boy who is more than 7 years old and for whom she is seeking a home and parents who will adopt him.  
"How did she happen to write you in Salem when her home is in Portland?" Dr. Morris was asked.  
"Well she had heard, I guess, that I had found homes for children and so wrote to me."  
Among the list of successful applications filed by Dr. Morris are listed homes for several infants, a pair of twin boys placed in a happy home and names given to families seeking homes for one or more of their children.  
The latest is a 7-year-old boy, whose mother is married again and whose stepfather objects to the boy. Dr. Morris will receive applications from those desiring

to adopt such a boy. He has pictures of the boy which those interested may see.

It's the follow-through—that extra drive that carries through the entire swing—that lifts the ball over the fence. "Home Run" power is missing in the half swing or tap.

# No Detonation

—a feature of this gasoline

**GASOLINES** explode in two ways. Some detonate—explode instantaneously. They depend on a single crashing blow to pound the piston down.

Because of a tendency to explode prematurely they limit compression, thus reducing power and efficiency.

Detonation causes much of the "knocking" which you notice on hills. And the crashing blows, repeated, increase vibration—more wear and tear.

### Sustained Impulse

Union Gasoline is different. It is non-detonating—produces a sustained explosion. It thrusters the piston throughout the entire stroke, doesn't crash against it.

And because it doesn't detonate, it permits full compression in your motor. For authorities agree that compression is limited by the tendency of a gasoline to detonate.

### Stronger on Hills

With Union Non-Detonating Gasoline, you'll notice a new "lift" on hills, new speed on the level, and more snap in the pickup, all due to increased compression and pistons that are thrust down all the way.

Sustained impulse also means less vibration, which saves wear and tear. All this means high efficiency, which results in increased fuel economy.

So there are several good reasons for the use of Union Non-Detonating Gasoline.

Union Non-Detonating Gasoline is the product of progressive refining methods. Its quality is governed by exhaustive tests. The research of able chemists, equipped with the finest facilities for studying refining methods, is constantly devoted to its improvement.
