

CITY NEWS IN BRIEF

Case Dismissed—The case of the Cottage apartments against Lewis Russell, which was to have been tried in the justice court yesterday was dismissed.

Swift's Fertilisers For easy terms, C. S. Bowne, phone 233. —Adv.

Cretinnes Worth While—Prices to suit everybody. H. L. Stiff Furniture Co.—Adv.

Boys On Hike—Meads Elliott and John Brouger of the Salem "Y," took an army of 36 boys out for a hike Thursday evening, down the river. They cooked their own wicker-worst supper, played games, sang and yelled and ran races and roller-fought for a delicious two hours or more, returning home in the shank of the evening tired and soiled, but supremely happy. The boys are of the "Y" "prep" class, of youngsters just qualifying for the classified "Y" work.

Williamette Men's Glee Club—Tonight at armory.—Adv.

Wheel Stolen—Mauritz Klinger of the Klinger hotel, reported that his Harley-Davidson wheel was stolen yesterday.

For Your Spring Draperies—Get suggestions from McBrook at H. L. Stiff Fur. Co.—Adv.

Car Hit—Frank E. Niewander of 1350 Morris street, while going east on Court, turned west yesterday and was hit by an unidentified person. Little damage was done.

A Classified Ad—Will bring you a buyer.—Adv.

Hear Your Own Glee Club—Tonight. Armory.—Adv.

Speeder Nabbed—Joseph K. Cole of 99th street, Portland, was arrested by Officers Shelton and Edwards yesterday on a charge of speeding at the rate of 30 miles an hour along South Commercial, between Lincoln and Rural. He deposited \$10 bail for his appearance April 15.

Five hundred pounds of ice with each refrigerator purchased this week. H. L. Stiff Furniture company.—Adv.

Permits to operate as brokers under the blue sky act were issued to E. A. Dundas and D. A. Coplin of Portland.

A CASE OF JAM.
A hungry doughboy approached the grouchy mess sergeant long after mess was over and doubtfully asked how the chances were for a little something to eat. The sergeant smiled upon him with quite unprecedented favor and asked seriously: "How would you like a jam sandwich?"
"Fine," said the doughboy, loosening his belt in anticipation. "Well, here's two good slices of bread. Jam 'em together."—Fellowship Forum.

SCHOOL PUTS ON EXCELLENT SHOW

Washington Junior High Turns Talent Into Money for Equipment

The Salem high school auditorium was crowded last night to see and hear the Washington junior high school vaudeville. The juniors have no gymnasium, no auditorium, no nothing but needs; one of these needs being baseballs and bats and basketballs and everything. They arranged a vaudeville entertainment to raise funds, and sold their tickets at a low price only two-bits, to get people interested. They did this all, and now they have some real money to buy the things that the school doesn't furnish.

There were seven specialties, the first being an overture by the large junior orchestra. It made an excellent impression. The court minutes by four couples of pertwigged dancers, was daintily presented and much enjoyed. That one-half of the girls were labeled "lords" and "earls" didn't hurt the appearance at all. "Dinah and Her Dusky Devotees," a coon shout with Kenneth Allen as Dinah, was a clever presentation of music and nonsense.

The shadowgraph of the Egyptian cat that told fortunes and solved many curious problems was a knockout. If King Tut had as wise a cat as that, 4,000 years ago, he didn't need to stay on the kingling job all the time—he could go a-fishing and let the cat do the work. The Mayor of Toonerville, the freak orchestra and band and the Uncle Reubens from the crossroads metropolis, was a good number. The witches' Dance, presented by six girls, and served up with some clever lighting effects, was a wonderfully attractive number. Professor Sparks and his class of boy tumblers made a tremendous hit, with all their gymnastic feats. Some sleight of hand and story patter between acts, enlivened the program and kept the audience in high good humor.

The whole show was of exceptional quality for a junior school.

Doerfler Offers Prize Lamb to Club Workers

OREGON AGRICULTURAL COLLEGE, Corvallis, April 12.—N. Doerfler of Macleay, Marion county, local leader of the Macleay Shropshire Sheep club, is offering a pure bred ewe lamb, valued at \$25, as a first prize to the club member who exhibits the best Shropshire ewe lamb at the state fair this fall, reports the OAC extension service.

The club of which Doerfler is leader, has six members of whom all own pure bred Shropshires. This is the first pure bred Shropshire club in the state. It has already held three meetings and the members are working hard and will put much time in on live stock judging in preparation for selection of the stock judging teams. They hope to put out a team that will be selected to represent Marion county at the state fair and also at the Pacific International Livestock show in Portland.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache Often Means You Have Not Been Drinking Enough Water.

When you wake up with backache and dull misery in the kidney region it may mean you have been eating foods which create acids, says a well known authority. An excess of such acids overworks the kidneys in their efforts to filter it from the blood and they become sort of paralyzed and sluggish. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headaches, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good reliable physician at once or get from your pharmacist about four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithium and has been used for years to help clean and stimulate sluggish kidneys, also to neutralize acids in the system, so they no longer irritate, thus often relieving bladder weakness.

Jad Salt is inexpensive, cannot injure and makes a delightful effervescent lithia-water drink. Drink lots of soft water. By all means have your physician examine your kidneys at least twice a year.—Adv.

BITS FOR BREAKFAST

Friday, the 13th—
But all signs fail in Oregon.

The mammoth new machine at the Salem paper mill is being lumbered up for its steady run. It will be up to normality in a few days, doubling the output of the big mill, and a little more for good measure.

If, according to the Pearcy plan, with a little something on the side, the boys' industrial school can be made to support itself, there can be established a wage system for all the workers, giving the boys something to the good when they start their careers out in the world. That would help a lot in the work of reformation.

A little too cold for comfort last night—for the comfort and peace of mind of fruit growers with tender blossoms exposed. Let's hope there is no damage.

If you are depending on flax seed, you would better hurry. It is all spoken for—and then some.

If the speculators are to be loaded off from boosting sugar prices above six cents, there will have to be a stiffer tariff duty imposed—high enough to encourage more sugar manufacturing in this country. We must produce all our own, instead of half our own, as now. The Salem district should have a sugar factory. Such a factory here selling its product at six cents a pound could pay for itself; for the cost of buildings and machinery, every two years, and pay dividends besides. And there would be the additional advantage of keeping a big sum of money at home each year, instead of sending it to distant points.

Poultry item—eggs are going up. The higher the better, for our growing poultry industry.

Lumber Production Is 20 Per Cent Over Normal
One hundred and thirty-six mills reporting to the West Coast Lumbermen's association for the week ending April 7, manufactured 106,843,921 feet of lumber; sold 111,503,815 feet; and shipped 111,651,011 feet.

Production for reporting mills was 20 per cent above normal. New business was 4 per cent above production. Shipments were less than 1 per cent above new business.

Forty-two per cent of all new business taken during the week was for future water delivery. This amounted to 47,270,553, of which 33,913,028 feet was for domestic cargo delivery; and 13,357,525 feet export. New business for delivery by rail amounted to 1946 cars.

Thirty-five per cent of the week's lumber shipment moved by water. This amounted to 39,197,749 feet, of which 28,503-

149 feet moved coastwise and intercoastal; and 10,694,606 feet overseas. Rail shipments totaled 2220 cars.

Local auto and team deliveries totaled 6,833,262 feet. Unfilled domestic cargo orders total 159,142,110 feet. Unfilled export orders, 97,902,210 feet. Unfilled rail orders, 9057 cars.

In the first 14 weeks of the year, production of West Coast Lumbermen's association mills has been 1,301,905,353 feet; new business 1,525,310,034 feet; and shipments 1,529,495,054 feet.
