

BEARCAT WINNERS IN INDIAN MEET

Final Score Shows Willamette Track Men Leading By About Two to One

Willamette won the track meet with Salem Indian school Saturday afternoon by a wide margin of two points to one. The day was clear, though a bit cold for records, especially in the running. The track and field had been newly worked, and was in excellent condition, and a good crowd was in attendance.

Allen Shepard of Chemawa was the high point man of the day, winning 13 points, five each for the first place on the 100 and 220 yard sprints. He is a capable operator on the cinder track. Laird, distance runner, lead as a point winner for Willamette, with a total score of 11 with Stolzhise and Wright making 10 points each.

Outside of the two sprint races the Indians showed disappointingly in the runs. With three entrants for each school in the quarter, half mile, and mile the Willamette runners won all three places in each event. The Braves runners did not even finish in the longer races. Willamette had three runners in the two mile race, and the Indians did not enter at all. Neither did they enter in the high hurdles. These two races were put on as exhibitions only by Willamette and were not counted in the final score.

Wright made two pretty wins, in the quarter and the half, in both of these races. Hayes, a big promising runner, finished third. Laird who finished first in the mile ahead of Logan, former champion distance man, was second to Wright by inches in the half mile. Logan ran a good race, but he has been ill and out of condition and was not up to his normal best. Bonney, star sprinter in the interclass contests was ill and not able to compete.

In the discus, Stolzhise and Dunnett of the Bearcats finished ahead of Shepard, of Chemawa. Stolzhise has been putting on a new twist, that got him a number of feet distance over any of his competitors. Two of the Indians led him with the javelin, Abraham and Pettelin; and he was third in the shot put, with Shepard and Frost a little the better. With second place in the broad jump, however, where he placed ahead of Shepard, he almost evened the total personal score.

In the broad jump Willamette

took first and third places. Logan of Willamette took first, and Streyer and Freeman tied for third with Shepard of Chemawa second. In the pole vault Vinson, Freeman and Laird tied at an easy height that the Indian boys couldn't quite touch. In the low hurdles Vinson of Willamette was well ahead of Oresen of Chemawa.

The Indians have given up one of their best sprinters to play with their baseball team that met the state penitentiary nine Saturday afternoon at the same time as the track meet. But they won the sprints anyhow with McMasters, so he would not have made their record a great deal better.

GREAT FALLS, Mont., April 29.—A total of 1,500,000 bushels of 1922 wheat are still held by growers and elevators in northern Montana, according to elevator men here.

STATE TO GIVE OLSON CHANGE

Maybe Oil Operator Has What He Says He Has, Thinks Commissioner

W. E. Crews, state corporation commissioner, said yesterday he was inclined to think Rev. David Olson, who claims to have perfected an instrument for detecting the presence of oil under the earth and who is now operating around Eugene and Cottage Grove

has what he says he has. "I am inclined to think," said Mr. Crews, "that we are going after Olson wrong. When the Bell telephone was invented the people wanted to kill the inventor. They thought Robert Fulton was a fool; that Galileo was a nippy and that Columbus was crazy."

Olson is a graduate of Eugene Bible university and has the confidence of the faculty. The president of the institution asked him to come to Eugene and use his invention in the study of oil conditions in that vicinity.

"However, at the present time Olson's operations have all the earmarks of a fake, and his main object seems to be to get \$200,000. He seems to be trying to evade the blue sky law. Our only object is to make him comply with

the law. He either must make good to the state corporation department or the state banking department. If he is trying to operate under the common law trust scheme he would come under the banking department."

Silverton-Independence Game Is Hard Fought

SILVERTON, Or., April 28.—(Special to The Statesman.)—Silverton high school defeated Independence at a game of baseball played at Silverton Friday afternoon. The score was 7 to 3. The game was hard fought throughout. Wrightman, Silverton, played an excellent game in the field and Balch, also Silverton, got three hits out of four times up.

JUDGE D'ARCY TO SPEAK AT DINNER

(Continued from page 1)
Commerce memberships has been very effective. They're doing in at a gratifying rate. President Perry is appointing 10 men as a membership committee, and when a committeeman has located and signed up one new member, he can name his own successor as a membership peddler and himself sit back and let his successor do the work. The plan promises to be a great game of "It," that has all the thrill of a snipe hunt. The latest number of the Weekly Bulletin urges that every diner pick out a new man and make it a business to get acquainted with him. They ask that the visitors mix 'em up so that

everybody gets to know everybody else—that's the way to build up a city and a chamber of commerce, by getting intimately acquainted.

Ronald Hubbs Wins First Place in Declamation

SILVERTON, Or., April 28.—(Special to The Statesman.)—A declamation contest was held at the Silverton high school Friday morning. The purpose of the contest was to pick the representative who will represent Silverton at the Marion County Declamatory contest. The par-

ticipants tried out before student body with five members of the faculty as judges. Ronald Hubbs was given first place with Le Roy Solka second and Olive Banks third.

White Diarrhea?
Don't Let It Get a Start
White Diarrhea is a germ disease, caused by bacteria which bring on a burning irritation of the intestines, resulting in a rapid loss of the blood. Unless each germ is killed the disease will not stop.

**Conkey's
White Diarrhea Remedy**
tends to destroy the germs that cause the trouble and slay the feverish conditions prevailing throughout the intestinal tract.

Put it in the Drinking Water and the chickens do the rest. It is readily soluble and quickly reaches the seat of the trouble. Also use it as a preventive.

Conkey's Lice Powder
for dusting hens, nests, growing chicks and for use wherever body lice exist.

Conkey's Lice Liquid will immediately rid your fowls and house of mites.

What Shall It Be

A World Court or the League of Nations?

That is the subject that is storming every political camp and is being flung at every presidential aspirant.

The Public Is Not Concerned

Is the belief of the writer who has closely investigated the effects of the political wild calls of each party line.

It's the Rising Prices That Hurt

In the past 60 days the markets have fluctuated to higher figures; its reactions have born upon labor production, consequently merchandise is higher and will be going higher and higher.

This Is Not Pessimism It's Facts

Clothing, shoes, drygoods, and everything likewise are now perched on the wrungs of high living costs.

The People's Cash Store, ever ready in the interest of the buying public of this community, has sensed this critical situation of rising prices at its beginning, went forth into the market and bought bountifully, heavily—and in many instances recklessly.

THE SAVINGS SECURED ARE ENORMOUS, 10 TO 25 PER CENT BELOW TODAY'S COST PRICES.

Therefore, with these facts in plain view, wait for a Sale Announcement that'll force an explosion of bargains that'll storm the whole city
