**NUMBER OF SOCIAL** affairs during the week honored guests in town and several of the social clubs met this week, adding to the gaiety of the week.

The second annual May Festival was an event of much moment for the week and closing an extended period of work by many Salem men and women who have devoted much time to practice. While Mrs. A. N. Informal talks by members of the local branch, and election of officers for the coming year will be the business of the day. This will be the last meeting of the year. ## Cantilever Shoe

OFTEN you have heard such a remark when one of your friends was changing from "stiff shoes" into "comfy" house slippers. It's natural that "stiff arch" shoes should tire you out. Each time the foot bends, the unyielding arch prevents natural flexing of the foot arch, restricts circulation and causes fatigue. Cantilever Flexible Arch shoes support the arch of your foot naturally—the muscles and bones are allowed to function properly and circulation is free and unhampered. Cantilever shoes are made stylish as well as comfortable to meet the demands of women everywhere for every occasion.

## The Car for Utility, Comfort and Economy

There is no more widely useful car than a coupe—if it meets all of several important requirements.

Has it power? The Gardner Business Coupe is driven by the notably improved Gardner motor, with the five-bearing crankshaft that gives unusual power without destructive vibration.

Has it flexibility? The Gardner, because of its motor, has few equals on hills, and steps from a standing start to highest speed with an ease that gives you new respect for four cylinders.

Is it economical? Being a Four, the Gardner Coupe naturally costs little to operate; and being a Gardner, has the added economy of long life and trouble-free service that come from balanced value throughout.

How is it equipped? This important question is answered in the Gardner by genuine leather upholstery, even on seat ends; rotary window lifts, sun visor, cowl ventilator, moto-meter with bar radiator cap, 32x4 cord tires; exceptionally large luggage compartments.

This model bears the Gardner one-year written guarantee; and is among the lowest priced closed cars on the market. If you select a car for utility, comfort and economy, let us demonstrate the Coupe. Its story is best told on the road.
