

ANOTHER WAR DUE DECLARES CLARKE

Former Justice Urges Organization of World Peace to Combat Move

YOUNGSTOWN, Ohio, May 30.—(By the Associated Press).—Organize the world for peace was the appeal of John H. Clarke, former justice of the United States supreme court in a memorial day address today before the American Legion.

"A plea to our young soldiers to organize the country for peace," was his subject. Another world war confronts the people, according to the utterances of military leaders and others, who estimate that it may come in three or ten years, but that it is inevitable, the former justice said.

"What I wish to urge," the speaker said, "is that in your local, state and national organizations you young soldiers shall formulate some definite program preventing the coming of another world war in which so many of you must perish—that you shall insist upon its recognition by your government as the subject of your chief concern."

STOPS HACKING COUGH

"Had a hacking cough for years, and Foley's Honey and Tar is the only remedy that reached my cough. I have not been troubled with it since," writes Mrs. E. M. Doby, Ashbury Park, N. J. Coughs, colds, croup, throat, chest and bronchial trouble are quickly relieved with Foley's Honey and Tar. Contains no opiates. Ingredients printed on the wrapper. Largest selling cough medicine in the world. Sold everywhere.—Ady.

Memorial Day Celebrated By People of Silverton

SILVERTON, Or., May 30.—(Special to The Statesman).—A largely attended program was given at the Silverton Eugene Field auditorium Wednesday morning. The affair was under the auspices of the Silverton American Legion post. Music by the Legion orchestra opened the program after which the following numbers were given: Remarks by Commander Carl Moser; prayer by Rev. J. A. Bennett, vocal solo, Miss Henrietta Finseth; selection by the Silverton choral society; vocal solo by Miss Esther Larson; address by Earl Kilpatrick of Eugene; selection by the choral society; Star Spangled Banner, by audience; prayer by Rev. George Henriksen. At the completion of the program a parade was formed and marched to the cemetery.

FRANCE DOES NOT FORGET DEAD HEROES

(Continued from page 1)

of our nation and they knew why they came.

French Are Thanked

"In the name of the government of the United States I thank the French government for its sympathetic participation in this ceremony. It is the person of our heroic marshall, * * * In the name of my beloved country I tell you, dear friends of France, how touched, how appreciative we are of your acts of homage to our dead. It is precisely this thought of yours in the minds of tens of thousands overseas today that eases the heart aches of this day."

Standing rigidly at attention, 50 sailors from the USS Pittsburgh and 20 picked men from the Am-

erican Legion heard the ambassador eulogize their dead comrades. Two battalions from the 119th and 5th French regiments—the pick of the French army—with their military bands alternating in playing the Star Spangled Banner and the Marseillaise stood guard over the tomb of their American brothers in arms.

Close by were grouped 50 of France's war orphans, the boys in plain dark uniforms and the girls in black dresses and near them a delegation of gold star mothers from America headed by Mrs. John M. Gallagher of Wayne, Pa.

"Taps" Are Sounded

Immense crowds of French people covered the sides of Mount Valerien as the Reverend Chauncey Goodrich, life-long American missionary, opened the ceremony with prayer for the dead. Bishop Dent of Buffalo then consecrated Suresnes cemetery as a "plot of ground henceforth to be used for no other purpose than of glorifying America's dead in the Great War."

After the main addresses of the day there were brief remarks by Colonel Wright, representing General Pershing and other speakers. Then the band of the 119th regiment sounded "taps" and the ceremony was over.

Oregon City Witnesses Large Rush of Salmon

PORTLAND, Or., May 30.—An unprecedented rush of salmon over the fish ladder in the Willamette river falls at Oregon City has occurred during the past three days, according to report made to the state game commission. As high as 600 salmon an hour climbed over the ladder at times.

Game authorities reported that at this rate all of the salmon congregated below the falls will be over within a few days.

One man's religion is another man's hypocrisy.

JERSEY JUBILEE AT SILVERTON

Many Entries By Boys' and Girls' Clubs—Fox Farm Is Visited

SILVERTON, Or., May 30.—(Special to The Statesman).—The Jersey Jubilee of the Oregon Jersey association held at Silverton Wednesday afternoon was largely attended. Six Silverton Boys' and Girls' Club members had entries. These were Jim Walch, one entry, Henry Davenport, 2; Jarda Claster, 1; Howard Low, 1; Viola Taw, 1; Orval Low, one entry. Others having entries were Omar Halvorsen, M. G. Gunderson, E. O. Low, Samuel Torvond, William Thornley, J. H. Davenport, Murton DeGulre, A. F. Hobart.

The members of the Oregon Jersey club who were at Silverton were E. A. Rhoten, sales manager; Clifford Reed, who recently came back from the Jersey Isles; Chester Mulky, former president of the Cattle club; Horace Addis of the Oregon Farmer.

The jubilee went from Silverton to the Fox brothers farm, nine miles south of Silverton.

Columbia Basin Survey Work Is Being Speeded

SPOKANE, Wash., May 30.—Appointment of additional soil experts to speed the work of the federal survey of the Columbia Basin irrigation project has been authorized by Secretary Work of the department of the interior. It was announced here by Thaddeus S. Lane, director of the Columbia Basin irrigation league, who returned from Washington, where he

conferred with Secretary Work on the project.

He said the secretary expressed confidence that the commission's report on the project would be ready for submission at the next session of congress in December.

Truth in Advertising Is Slogan of Clothiers

CHICAGO, May 31.—"We hold paramount the truth that advertising is a covenant with the public and that the spoken or printed word is as binding on performance as an oath in a judicial tribunal."

This is the outstanding article in a Code of Ethics adopted by the National Association of Retail Clothiers, 24,000 copies of which are being distributed among the trade throughout the United States in the campaign now in progress to keep the clothing industry at the highest notch of integrity.

The document also emphasizes that the cornerstone of commerce is integrity; that the assets of honesty and business character first. After that, service and merchandise.

A chronic loafer is the worst work of nature.

RAILROAD GROUPS WANT GOVERNMENT

Valuation Conference Stated Private Ownership to Be Impossible

CHICAGO, May 30.—(By the Associated Press).—Government ownership was declared today by a committee of western railway presidents, composed of the heads of six large systems, to be the real purpose behind the conference on valuation held here last week by the so-called "progressive" group. The statement, signed by S. M. Felton, president of the Chicago, Great Western; Hale Holden, president of the Chicago, Burlington & Quincy; C. H. Markham, president of the Illinois Central; Q. E. Byram, president of the Chicago, Milwaukee & St. Paul; W. H. Finley, president of the Chicago & North Western and J. E. Garman, president of the Chicago, Rock Island & Pacific, declared the real purpose of the conference "was to make successful private man-

agement impossible and government ownership unavoidable."

Six rail executives declared this was but a part of a concerted plan to discourage capital from the rail field, hamper private ownership, and operation and permit government ownership to have an inning.

India Selects School At Seattle University

SEATTLE, May 30.—India has chosen the forestry school of the University of Washington to train young men in logging until such instruction can be developed in that country. C. S. Martin, representative of the Indian government, announced here today. He said that a party of Indian students would arrive here in the fall for two year courses in logging engineering.

"India has one of the finest tracts of timber in the world,"
