## FUTURE OF FAMOUS INDIANAPOLIS TRACK BELIEVED UNCERTAIN

INDIANAPOLIS, Ind., May 31.—Officials of the Indianapolis motor speedway will be called to meet here within the next few days to discuss the future use of the race course, Carl G. Fisher, founder and part owner, announced today. Mr. Fisher's announcement was prompted by reports that the track would be dismantled and a new speedway built in some other city.

Reports that continued opposition by patriotic organizations in Indiana to holding the annual 500-mile race on Memorial day, were responsible for talk of abandoning the course, were denied by Mr. Fisher.

"We have accomplished what we set out to do when we build the speedway here," Fisher said in explanation of the doubtful future of the course. "At the time it was built American cars were far inferior to European race cars. Our object was to establish a racing institution in Indianapolis where we could make tests of American racing cars and build up to the standard of European cars. The last few 500-mile races have proved that we have accomplished our purpose. American cars are far superior to European cars at this time as it was concretely ex-

hibited in the great race yesterday."

Mr. Fisher added that the speedway is getting old and before another race it would probably be necessary to spend \$200,000 in improvements. The brick oval track is getting rough and needs repairs, he said.

Tom Alley, driver of a car that crashed through the fence during yesterday's race, killing Hubert Shoup of Lafayette, Ind., and injuring three of his boy companions, was still in a critical condition today but physicians expected his recovery.

Edwin Robinson, 15, companion of Shoup, was missing today, the police were notified by his parents at Lafayette. The boys who were with him said they had not seen him since the accident.

A re-check by the official timers of yesterday's race today showed that Tommy Milton, the winner, completed the 500-miles in 5:29:50.17, an average of 90.95 miles an hour. Immediately after the race the time given showed an average of 91.44 miles.

### CALL MADE FOR TENNIS TOURNAMENT

Junior Competition Is Announced to Begin in Salem on June 9

A call is being issued by the Salem Tennis club for a junior tournament that is to open on June 9 at the club grounds on the state hospital grounds.

There will be a close classification of the players, so that the competition can be made fair to all grades and ages of players. It is proposed to establish two age and size classifications, so that the clever boys and girls will not be obliged to go up against older, more experienced players who are manifestly in higher classes. The details of the classification have not yet been announced, but they will be cared for by Frank Willman, the well known tennis student, authority and sportsman.

The general plan will call for boys' singles and doubles, girls' singles and doubles. This will almost necessarily have to be followed in two age or size classes, so that a real series is in sight. All entries will have to be in time for classification and pairing. Entries can be made at Anderson & Brown's and at Hauser Brothers.

Last year, there were 50 entries in the boys' tournament, an unprecedented number for a junior tournament. This year it is believed that the number will be larger.

### SALEM HIGH WINS FROM ALBANY LADS

Championship of State Belongs to Locals—General Challenge Issued

Salem high school has certainly clinched the state baseball championship by closing up the season on Thursday with its 13th straight victory. The last game was at Albany, with the Albany high school team, Salem winning 7 to 0.

Poling, pitcher for Albany, the Salem team rates as the best man in his position they have met this year, but the heavy hitting Salem lads were able to score on him, and faultless fielding by the locals years.

Coach Huntington has put out one of the fastest, hardest hitting teams; this year that the state high school league has seen in and faultless fielding by the locals years.

**Vanished Forests Supply Varnish**

TODAY, in New Zealand, prospectors are digging nuggets from the earth. Not nuggets of gold, but of Kauri gum—the fossilized resin of the Kauri trees. Excavations have uncovered three strata of earth rich in Kauri gum, indicating three ancient forests, the oldest of which preceded the Christian era. This Kauri gum hardened by time under layers of lava and soil, is shipped to San Francisco, where it is used as the foundation for the finest of

### Hueter's Varnish

Since 1877 the BASS-HUETER PAINT COMPANY has imported from New Zealand, the Congo, and other distant countries, the best fossilized gum, as the base for its dependable varnishes. Their great durability is the result of this care in the selection of materials.

Daily, unknown to you, Hueter's varnishes are ministering to your comfort and enjoyment. Most of the steamships, the electric and steam railway coaches in which you travel, are finished with these varnishes. Your automobile comes back from the shop shining because of Hueter's Varnish.
