MOTORISTS ASKED TO AID LEAGUE

Clean Up as You Go Campaign Is Endorsed by President Harding

"Clean up as you go." President Harding gives hearty endorsement to the Motorists League for Countryside Preservation.

The Motorists League for Countryside Preservation has started its summer campaign to correct the abuse of the highways and picnic sites by the unthinking motorist who leaves a trail of boxes, papers and cans behind him.

In volunteering to serve on the National Committee, President Harding writes: "I have received the invitation to serve on the national committee of the Motorists League for Countryside Preservation, and have noted what you say concerning its purposes. I have to confess myself in the fullest accord with your aims and hopes, and I will be glad to have my name used if it is your wish, as a member of the executive committee."

Every motorist is asked to sign the pledge of the League which reads as follows: "I, as a member of the Motorists League for Countryside Preservation, pledge myself to do what I can to preserve the countryside so that all may share in the enjoyment of it. To this end I will leave a resting place or camp site clean; free from papers or litter of any sort. I will be careful in the making of fires and camps. I will make every effort to leave the roadside in such condition that the pleasure to be derived from it by others is not lessened through any careless act of mine."

Membership in the League carries with it no dues or obligations other than to accept personal responsibility to "clean up as you go." Thousands of motorists have written the League endorsing its program and local chapters are being formed by Automobile Clubs, Chamber of Commerce and other Civic bodies.

The leave has obtained the endorsement of governors of the various states, and city officials. Before the touring season is in full swing motorists in every corner of the country will be urged to help preserve the natural beauties of the highways and leave them in order.

The National Committee feels that publicity and public opinion can correct the unsightly conditions caused by the unthinking motorist.

Copies of the League's booklet, outlining its aims and purposes, may be obtained by writing the National Secretary, 119 West 40th Street, New York.

Jason Lee Services To Be at 7 o'Clock

In order to find out the attitude of the congregation toward the hour most suitable for a Sunday evening service during the summer months, the officials of the Jason Lee Memorial Methodist church recently sent out a questionnaire to its members asking for choice of three hours—7, 7:30 or 8 p. m. The returns proved overwhelmingly in favor of a 7 o'clock service.

The reasons given were: that it makes possible an evening service for those who have small children; that it gives a chance for a little home life after church for those who attend evening worship, and that it suits better those who have to come a distance, permitting them to return home with daylight.

As a result of what has come to light through this canvass of the membership it has been decided, at least for the purpose of experiment, to place the hour of the evening service at 7 o'clock, beginning with today, June 3rd. Services will be made attractive, helpful and inspiring and the results will be watched with interest. The public will always be welcome to these services.

NOTICE TO CHEVROLET OWNERS

We have discontinued the handling of Chevrolet cars and have taken the Durant and Star in their stead.

While we have discontinued the Chevrolet line we have not discontinued servicing of the cars we have sold.

We shall continue to carry a full line of parts for Chevrolet cars and retain our force of mechanics that are thoroughly trained in Chevrolet work.

We want every Chevrolet owner to know that they will receive the same courtesies, service and attention, that they have in the past for the reason that we feel a personal obligation and interest in the customer and the car we sell.

It is not our intention, because we discontinue a line to allow our customers of that line to suffer for service, and neither do we expect to throw away over five years of consistent effort in building up a line and then try to shirk responsibility.

We regard every Chevrolet owner our friend and we propose to treat that owner as we would like to be treated and retain him as our customer.
