CLASSY AUTO RACES WILL BE STAGED IN SALEM ON SATURDAY

Three Big Northwest Associations Endorse Events to be Seen at State Fair Grounds Tomorrow—Twenty-one Cars Now Entered—Thrilling Airplane Stunts Have Place on Program.

Salem is to have some real auto racing at the state fair ground Saturday afternoon. The races have been rather loosely announced in Salem, though they have been attracting much attention over the state. They are endorsed by the American Automobile association, or AAA as it is always known, by the Oregon State Motor association, and by the Oregon Automobile Dealers' association, three of the most powerful organizations of the northwest.

The racing last year left a bad taste in the public mouth, so bad, that in granting the permission for the races this year, Fred Curry, secretary of the state fair board, stated, "If there is a repetition of last year's program, there will never be another race on the state fairgrounds." Guaranty Seems Good

The investigation made into the present managers, Mr. Thorkelsen of Portland and George W. Lott, race driver and manager, and their enthusiastic backing by the three powerful organizations above named, indicates that the public is going to get an absolutely square deal and some races that will give a new conception of speed and fair treatment.

There is a wonderful Oakland racer that is expected to show great speed; the Lott Special, a 450-inch reconstructed Stutz-Mercer; an Essex, three Dodges; one Emplar, and a number of others that have shown great speed and endurance on Pacific coast dirt tracks. There has been no other such number of average quality of cars in the history of Oregon racing.

Races Six in Number There are to be six races, the first being a qualifying mile against time, open to all regardless of size. The fastest two cars will race two miles for the finals in event No. 4. There is an eight-mile race for cars of 220 inches displacement or over and another for cars of less than that size. This displacement limit is set so as to give the Dodge cars a fair rating. They can run in the small-car class, where they belong for all of their 220-inch capacity. The Oakland Six has about 187 inch capacity, about equal to a Ford.

The big event of the day is the 25-mile sweepstakes, open to all entrants, regardless of size. The track is said to be in fine condition. It will not be criminally dusty as it was last year.

Admission More Reasonable It is understood that the admission prices will be far more reasonable than they were last year for a far inferior program. The racers are to receive 50 per cent of the total gate receipts in all the big events, dividing their share of the purse 40, 30, 20 and 10 per cent. The 25-mile sweepstakes purse is 40 per cent of all the money paid for the drivers. The two eight-mile races each

The invaders, refusing to give up, began scoring in the third, when Griggs homed with Twombly on ahead of him. MONEY CHANGERS DEFEAT YEOMEN

Weeks Pitches No Hit No Run Game, and Final Score Is 5 to 0

The Money Changers clinched their place in the three-cornered race for the Twilight league pennant in Wednesday's game, when Weeks, veteran moundsman, shut out the Yeomen in a no hit no run game.

In the first frame the Yeomen failed to connect with Week's fast ones, while Fallon led off for the Bankers with a three bagger to deep center, scoring on Cchackman's single.

Neither team scored in the second, but the Bankers came back strong in the third, scoring four men on three singles and a double. This ended the scoring. Weeks whiffing the last six men to face him, making his total 10 strike outs for the game.

Next to Weeks' great pitching the hitting of Fallon and Schackman was a feature of the game.

Sees America Winner Of 1924 Paris Olympiad

ROME, June 7.—With an army of 300,000 athletes from which to choose the 1924 American Olympic team, the United States is in the most formidable position of all the competing countries and looks like the sure winner of the Paris Olympiad next year, according to General Sherrill, the old Yale star and originator of the "crouch start," who is spending a few days in Rome after the meeting of the International Olympic Committee.

"We hate to boast," said General Sherrill, "but we seem to have the best collection of athletes in the whole world, and there is no reason why we should not walk away with the honors. Just taking the colleges and universities alone, they present a formidable array of athletic possibilities. For the sprints, I think Paddock can be depended upon to take the prize from all comers." The General continued, "Then there is that wonder Gourdin, for the broad jump. Nothing will be able to touch him. Young Weismuller in swimming will carry off all that he will be required to do. Both the army and navy are sending strong teams. In rifle work, they will make all the rest hump. Then in fencing and rowing, they are going to show up well. We also will have our team

SEALS SIGN ON YOUNG "PHENOM" TO BLOCK MAJORS

SAN FRANCISCO, June 7.—The story of how Eddie Montague, a 16-year-old school boy "phenom" of San Francisco was signed up in "reserve" by the San Francisco club in the Pacific coast league to forestall his being appropriated by the major leagues when he ends his school days, was made known today by the club manager. Eddie is now "playing the bench" when he has a chance to visit the ball park and will join the training squad next spring. Eddie was recommended by William Kamm, who was sold to the Chicago White Sox last year for \$100,000 and plays at Kamm's old position at third. He holds down the difficult turn "in wonderful shape," according to the club management.

Illinois Prize Fight Law Will Be Tested Out

CHICAGO, July 7.—Contending that the Illinois anti-prize fight law penalized promoters and witnesses of boxing matches but not the fighters, James Mullen, promoter of the recent Benny Leonard-Pinkie Mitchell championship bout which Leonard won on a technical knockout which was followed by a riotous demonstration by adherents of the fighters, declared today he was willing to pay a fine and go to a cell to prove that the law was unconstitutional. Municipal Judge Barasa said he agreed with Mullen and continued the case until June 12, when he indicated he would find Mullen
