

RIVERSIDE PARK WILL GO STRONGER

Will Be Reorganized, Improved, and Many New Features Added

The directors of Riverside park, located between the two bridges across the river from Salem, have decided to operate the park again this summer.

Robert Crawford, who has been prominently identified with the development around Salem, has been engaged as manager.

Mr. Crawford states that many business men, who deplore the fact that so much Salem money is spent at Pacific City, the Oaks, Columbia beach and other resorts, are offering support to the reorganized company. He points out that there is no other outdoor amusement resort, swimming beach and picnic grounds near Salem. Such a resort is a civic need of Salem, he believes. It will help hold transient berry pickers and cannery help, as well as offering local people a clean outdoor recreation grounds.

Mr. Crawford states that due to lack of capital last year the resort lacked many features that he expects to provide this season. Present plans contemplate dressing rooms for bathers to be built on floats over the water, for a new road into the grounds to be

bridge turning off to the left at the end of the bridge and doubling back just south of the bridge and entering the grounds by passing under the bridge. Another feature will be an outdoor dance floor built in an amphitheater on the grounds. From this floor can also be staged athletic contests, band concerts and programs of various kinds. Negotiations are pending for other amusement features. A Fourth of July celebration is being planned. Water contests will be featured on that occasion. An effort is being made to secure the entrance of the crack ladies' swimming team from the Jantzen Knitting Mills as a feature of this program.

Mr. Crawford states that it will be necessary for business men of the city to take up some of the stock being offered for sale in order that the new development work may go ahead promptly so as to be ready for the summer season.

Mr. and Mrs. Plant to Visit Old English Home

Arthur Plant, the florist, with his wife and two children, will start next Friday for a six-month visit at their old home in Dorsetshire, England. They will see London, Liverpool, Manchester, Scotland, Ireland and most of the "tight little isle" in their long visit.

Mr. and Mrs. Plant were married in Derbyshire and emigrated to the United States 14 years ago. He was just getting ready for his final papers when the great war broke out. He crossed the line and went across with the Canadian troops. Harry, his brother, enlisted in the American army. Three other brothers were in the British army and a sixth brother enlisted from New Zealand.

North Idaho Makes Offer To Pay Educator's Salary

LEWISTON, Idaho, June 9.—North Idaho will attempt to retain the services of E. A. Bryan, commissioner of education of the state by raising funds by private subscription to pay his salary after June 30, it was announced today by delegates returning from the session yesterday of the North Idaho Chamber of Commerce at St. Maries, Idaho.

Mr. Bryan has been commissioner for several years but the last legislature, with the object of disposing with his services, made no appropriation for his salary. It was expected this would force his resignation.

Political and business leaders in the north generally have supported his administration and they hope to retain him. It is not known whether he would accept remuneration in this way. Dr. Bryan was for many years president of the state college of Washington at Pullman.

Elks Are Preparing for Annual Flag Day Program

Flag day, June 14, will be observed with a special program in Willson park under the direction of the Elks lodge. The school children are taking a special part in the program this year, according to F. A. Erickson, chairman of the Elks committee on arrangements.

The Salem Cherrian band will not be able to play for the program this year, it is said, since it is scheduled to be in Portland at the Rose festival on that day.

Oscar Steinhilber, director of the band is in the east at the present time and just when the open air band concerts will begin cannot be determined until his return, according to John Graber, manager of the band.

An effort is being made to secure the services of the Chemawa band for the flag day program, according to Mr. Erickson, and a speaker will be arranged for within a few days.

MAY PUT OFF GRANT JUNIOR

Board May Find it Impracticable to Erect New Building This Year

It is understood that there is a strong possibility that the Grant junior high school building will not be built this year, or at least that it will be postponed for a time, until it might about as well be entirely given up for the school year 1923-24.

There are several reasons that have led to what appears to be the quite definite action of the school board. One is, the high cost of all buildings which resulted in bids on this structure at least \$15,000 above what the board had expected to spend as the maximum for this one school unit. The lowest totalled \$103,000, where the board had hoped to make \$80,000 cover the whole Grant unit.

All Labor Higher With most building trades labor now is higher than it ever was during the war, and with building material high though not quite up to the labor maximum, the board has felt that the taxpayers would never justify them in building at the present time, when it is the almost universal opinion that building costs must come down within the next few months.

The time specified in the bids was in most cases 150 working days. This would be six calendar months, which would take up to the middle of December, if the building were started next week; one bidder asked 180 days, up to almost the middle of the school year.

Patrons Object Another and perhaps even more serious objection is that lodged by the patrons of the Grant school district, that the plans as submitted are not satisfactory; that they cost far too much for the accommodations they give. The objection has been voiced before the board that the building is too luxuriously appointed for a grade and junior high school; that the city needs to get more school and gymnasium and dining room for its money. Some rather bitter debate occurred at the public hearing before the board Friday night. The board has never proclaimed itself as unqualifiedly in favor of the plans and in the face of the opposition, it is understood that the board is about ready to declare formally that all bids are off and that they will not go farther at the present time.

Inquiry to Continue It is not doubted however, that they will be investigating plans and builders, and it might happen that they will find what the people want and can pay for, at almost any time. The school district has authorized the bonds to pay for the school.

Just what this plan will mean to the Salem school system, if it is necessary to follow it, has not been figured out. With the long

SCHOOL BONDS ARE BOUGHT BY STATE

Funds of Accident Commission Invested in Securities Yesterday

The state bond commission, composed of Governor Pierce, State Treasurer Hoff and E. E. Bragg of the industrial accident commission yesterday by unanimous vote invested \$131,000 of the funds of the accident commission in school district bonds. Governor Pierce explained that he voted for the school district bonds yesterday in preference to liberty bonds for the reason that the spread between the two was 50 points in favor of the school bonds while at the previous meeting at which he favored the liberty bonds the spread was only 11 points.

The governor appeared to be satisfied as to the safety of the bonds invested in yesterday, though relative to some districts that were under consideration he said he thought the bonds would be paid, but he didn't know how, since the districts had practically been abandoned by inhabitants. State Treasurer Hoff took the stand that any district in the state is safe, and that the bonds at maturity will either be paid or refunded.

The investments were: School district No. 25, Morrow county, \$40,500, to net 5 per cent; Starkey & Hubbs. School district No. 10, Morrow county, \$22,000, to net 5 per cent; Starkey & Hubbs. School district No. 30, Washington county, \$50,000, to net 5 per cent; Starkey & Hubbs. School district No. 66, Polk county, \$8000, to net 4.92 per cent; Hattram & Nelson. School district No. 3, Deschutes county, \$10,000, to net 4.92 per cent; Hattram & Nelson. School district No. 11, Union county, \$20,000, to net 4.92 per cent; Hattram & Nelson. School district No. 41, Coos county, \$16,500, to net 4.90 per cent; Ayers, Pierce & Co. School district No. 52, Wasco county, \$13,000, to net 4.90 per cent; Lumbermen's Trust company.

FINAL PLAY IN JUNIOR TOURNEY

Interesting Tennis Contests Develop Among Younger Salem Experts

Final games were played in three divisions of the Junior Tennis tournament Saturday with some interesting games and some enthusiastic audiences to see the play.

In the mixed doubles, Helen Roberts and John Varley defeated Mildred Roberts and Robert Bishop, 6-1, 6-2. The two Roberts girls are sisters, the daughters of Mr. and Mrs. J. J. Roberts of Salem.

Ivan White and Paul Devers won the boys' doubles final match, against Jack Minto and Jerome Hansen, by a straight score of 6-2, 6-1, 6-2. The game was well fought, with good play on both sides.

In the girls' singles, Pauline Findley won from Melje Tibbetts, 6-4, 6-1, 6-4. Especially in the first and third sets, the play was very close and interesting.

The second round of the boys' singles gave Daryl Meyers a victory over Robert Bishop, 6-4, 7-5, one of the closest matches of the tournament; and Ivan White won from Richard Stolz, 6-0, 6-2. The finals for this series will be played some time during the coming week.

NEW CORPORATIONS

Articles of incorporation were filed yesterday by the Progressive Woman's league of Portland. The incorporators are Mrs. Alice M. McNaught, Mrs. Frank O. Northrup and Mrs. Anora Morry. Other articles filed yesterday were: Institute of Music and Art of Portland; incorporators, George Hotchkiss, Robert Louis Barron, Eda Trotter.

Automotive Equipment company, Portland; incorporators, R. R. Knox, F. H. Drake, D. Montross; capitalization, \$25,000.

Going & Nester company, Portland; incorporators, Harold M. Going, Paul A. Nester, John MacKenzie; capitalization, \$5000; real estate.

Notice of dissolution was filed by the Greenbrier Poultry Farm of Portland.

Notice of an increase in capitalization from \$50,000 to \$600,000 was filed by the Ira F. Fowers Furniture company of Portland.

MOVABLE SCHOOL POSSIBLE

It has been suggested that a "moveable school" such as was built at Washington last year with good rooms at a cost under \$4,000, might be built at Grant, and furnish a structure that could be the manual training or a gym or some other permanent necessary utility for years to come, and so get the school through the year with room for saved about \$1700 over the all. Last year Head Janitor Ross took charge of building the move-

CHERRY POULTRY AND STOCK FEEDS

Not Only Cost Less but Are the Cleanest and Best Feed Made

They cost less for the following reasons:

The Cherro Plant is located in the heart of a Wheat and Oat producing district. A large percent of the crude product reaches our plant without freight. We do not finance feed lectures, high salaried salesmen, nor food specialists. We are spending our time and money to produce the best possible feed at a reasonable price. Feed lectures and freight charges only make the feed cost more and is money wasted.

CHERRY POULTRY FEEDS ARE

Cleaner and better. The actual analyses prove this statement. Compare these actual analyses with any other feed made and see if we are not correct. All oats used, whole or ground, in Cherro Poultry feeds are graded from No. 1 plump grey oats. No oat hulls enter Cherro Poultry feeds. That is why Cherro feeds are low in fiber.

ACTUAL ANALYSIS

- CHERRO CHICK FEED Protein 11.0, Fiber 1.6, Fat 2.4, Ash 1.8
- CHERRO CHICK MASH Protein 16.7, Fiber 3.4, Fat 4.2, Ash 3.7
- CHERRO GROWING SCRATCH Protein 11.1, Fiber 1.6, Fat 2.9, Ash 1.9
- CHERRO DEVELOPING MASH Protein 17.2, Fiber 3.8, Fat 4.5, Ash 3.4
- CHERRO EGG MASH Protein 20.7, Fiber 3.9, Fat 4.8, Ash 3.1
- CHERRO EGG BUILDER Protein 19.5, Fiber 4.3, Fat 4.8, Ash 3.4
