

Miss Marion Emmons

By MARGUERITE GLEESON

MISS MARION EMMONS returned to Salem Monday evening with her mother, Mrs. W. W. Emmons. Miss Emmons has been studying violin in the Chicago Conservatory of Music. Her arrival was somewhat in the nature of a surprise for her many friends here.

Miss Emmons plans to visit in Salem for the summer and will return to Chicago in the fall where she will complete her present course next year. Her friends here will be glad to know that she plans to appear in recital before fall and a number of affairs have been planned in her honor for the coming weeks.

The Aid of the WRC will hold an all day's meeting Thursday at the armory. This will be our last meeting for the summer for work and a good attendance is desired.

Miss Orpha Bell and Miss Grace Lick, teachers in the Salem schools left Tuesday morning on the Shasta limited on the first lap of their summer vacation. They go first to California, expecting to visit all the interesting points there then continuing their travels to the Atlantic coast cities and returning through Canada. They will be gone the entire summer, returning only in time for the opening of school.

Miss Doris Sikes, formerly a reporter on the Oregon Statesman has announced her engagement to George Johnson of Cottage Grove. The wedding will be an event of November 6 and they plan to take a wedding trip to Norway.

Miss Lena Belle Tarrar, Miss Anne Roenke and Miss May Rauch are spending a few days in Willhoit.

Estacada, Or., June 19.—In the presence of immediate relatives, Miss Roberta Reid of Portland became the bride of Harnet E. McCoom of Hubbard, Saturday at the home of the bride's father, W. R. Reid at Estacada. The ceremony was performed by the Rev. A. Dewey of Estacada.

Mrs. Edgar Norton of Calgary, Canada, who is visiting with relatives in Corvallis visited briefly in

Salem yesterday at the Robert Shinn home.

Miss Gertrude Nolan of Corvallis drove over bringing Mrs. Norton, Mrs. W. J. Kerr and Mrs. Nolan. They returned last night. Miss Nolan, Mrs. Shinn and Mrs. Norton were classmates at the Oregon Agricultural college.

Miss Lulu and Miss Lina Heist will attend the summer session of the University of California in Berkeley, Cal. Miss Lulu Heist is a teacher in a Portland high school and Miss Lina Heist teaches in the Salem high school.

Dr. and Mrs. E. C. Hickman are rejoicing over the birth yesterday of a son, to be called William Hancher.

FORCE ON JOB FOR NEW GYM

Excavation to Be Completed This Week and Cement Work Will Start

The two tool house sand construction headquarters buildings for the new Willamette gymnasium are completed and are ready for occupancy, with tools, cement and every kind of building material. G. V. Anderson, of Portland, construction foreman for the contracting firm, is on the job, ready to put on a large force of men as soon as the excavations is completed. This much was subcontracted to E. Kanphahn, and will be finished this week.

Superintendent Anderson expects to have more than a score of men at work on the concrete foundations by the first of next week. The getting of brick-layers to put up the total of 400,000 brick required for the structure is reckoned as a good deal of a task. They may have to be imported. But the contractors expect to have the building done by the time the college year begins.

As the plans were finally adopted, the gymnasium is to have steel trusses for the roof, the tower or chond being 21 feet from the floor. This is not far from the same height as the lower rods in the armory, though the trusses are closer together. The gymnasium will be 115 x 75 feet in the clear, with a gallery on one side that will add materially to the audience capacity.

A handball court, 22 x 48 feet, is to be built on the lower or basement floor, in the northeast corner of the building. This level will have 12-foot ceilings, but the handball court is to be excavated five feet deeper, giving it a 17-foot ceiling.

With its full complement of men's and women's dressing rooms and showers, quarters for the home team and for the visiting team in any class of athletic contest, with headquarters for the physical directors, with several class rooms, a fine trophy room and everything that goes to make an attractive, efficient gym, the athletic future of Willamette look most rosy.

Several people from Turner went to the First Methodist church in Salem Sunday evening to hear Bishop Oldham, a missionary from South America.

Miss Gayette Davis has been ill for several days.

The H. A. Thiessen family had a narrow escape from serious injury Sunday evening when another car collided with them on the Pacific highway north of Salem. The Thiessen car was seriously damaged.

The Robertson clan held its annual reunion and picnic Sunday on the tabernacle grounds.

The school election of district 79 was held in the school house Monday afternoon. J. L. Webb was elected director for three years and G. A. G. Moore clerk for one year.

Riches Brothers shipped two head of young stock to New York and one to Washington, Monday.

Today's program at the Rotary club will be either awfully good or just awfully, according to the preliminary announcement. Two weeks ago the timekeepers circulated cards asking everybody to write in the name of the instrument he could perform on best of all. They certainly wrote in the whole list of instruments; including the harmonica, the Hebrew harp, the horse-tiddle, the mouth-organ, the hand organ, the castanets, and the aeolian harp. The program committee has made a compendium of these accomplishments, and today will call on a lot of the boastful musicians to "make good."

The program is entitled "Thirty Minutes of Home Brew Music," a home brew that is lawful instead of merely awful. It will be a musical program from beginning to end, with nary a speech or a lecture—just plain and thrilled music just as they make it in the factories. All members are urged to attend.

VIENNA, June 19.—From a census which has just been taken in Vienna it appears that the city has 73,000 dogs, or twice as many as in peace time. At first sight it would seem remarkable that so many people in this poverty-stricken city should be keeping dogs.

BISHOP OLDHAM IS HEARD HERE

Whole Area of South America Within Scope of Minister's Activities

Bishop William F. Oldham, Methodist Episcopal bishop for the whole area of South America, spoke at the First Methodist church Sunday night, with a wonderfully illuminating story of the peoples of the southland.

He has visited every country south of Panama. He is the personal friend of almost every president of every South American republic. He says that the maladministration of religion in that unhappy country, for the past 400 years, has brought about a shocking disregard, almost a hatred of everything religious. A census of the 5,000 students in one of the great state universities, showed only 50, or one per cent, as having any religious affiliation whatever.

The university life is open practically only to the aristocracy, he said, and these people are almost universally the foes of the church, that has nevertheless dominated them since the days of Castile. The lot of the Indians, of whom there are more than 20,000,000, Bishop Oldham characterizes as the most hopeless, most pitiful of all the peoples of the earth. The coming of political and personal hope, along with the gospel, he characterizes as the most wonderful revelation that any people ever knew.

Bishop Oldham urges the United States to get acquainted with these southern neighbors, to treat them as brothers, and to forsake the Monroe Doctrine for the partnership of Pan-Americanism with everybody a partner. He characterized the Elihu Root theory of cooperation among the nations of North and South America as the greatest piece of statesmanship in the history of the western continent. He quoted reliable statistics to show that if the United States would encourage trade relations with South America, up to the point that every South American would buy even one quarter as much from the United States as every Cuban now does under the beneficent partnership with the United States, South America would buy every bit of export stuff that the United States could make and send abroad.

Today's program at the Rotary club will be either awfully good or just awfully, according to the preliminary announcement. Two weeks ago the timekeepers circulated cards asking everybody to write in the name of the instrument he could perform on best of all. They certainly wrote in the whole list of instruments; including the harmonica, the Hebrew harp, the horse-tiddle, the mouth-organ, the hand organ, the castanets, and the aeolian harp. The program committee has made a compendium of these accomplishments, and today will call on a lot of the boastful musicians to "make good."

The program is entitled "Thirty Minutes of Home Brew Music," a home brew that is lawful instead of merely awful. It will be a musical program from beginning to end, with nary a speech or a lecture—just plain and thrilled music just as they make it in the factories. All members are urged to attend.

VIENNA, June 19.—From a census which has just been taken in Vienna it appears that the city has 73,000 dogs, or twice as many as in peace time. At first sight it would seem remarkable that so many people in this poverty-stricken city should be keeping dogs.

One of the principal reasons is the increase in the number of burglaries and thefts, which has led many households to keep dogs for protection. Watchmen with police dogs are employed to guard the great Central Cemetery from which a number of bodies have been stolen.

In the Ruhr matter France is still holding the balance of power.

MANY PROBLEMS BEFORE BOARD

Silverton School Officials Find Final Session Full of Troubles

SILVERTON, Or., June 19.—(Special to The Statesman.)—The present school board of the Silverton schools held its last meeting Saturday night. The meeting was a special meeting called for the purpose of signing contracts and completing other business.

The matter of paint for the roof of the Eugene Field building was taken up and discussed. The Argo company had shipped paint to the Silverton school board. The roof committee, composed of Mr. Widness W. Bowser and Grant Davis, was asked to make a report. Mr. Bowser reported that the committee had not ordered the paint. It was moved and carried that it be rejected, as the Argo company had shipped to Silverton without being authorized to do so.

A call for the past year's financial report was asked for by Mr. Bowser. The clerk read that teachers' salaries amounted to \$5,528.20 at Silverton. Dr. G. W. Keene suggested that if there were no objections that the financial report be dropped until the next regular meeting. Mr. Bowser agreed.

A list of teachers were offered by Mr. Bowser. Dr. Keene registered a protest against teachers being selected, and brought before the board without first being considered at an open meeting of the board. The applications were read and discussed, Mr. Bowser moved that contracts be prepared for the signature of

either the majority of the board or the chairman. Mr. Davis seconded this motion. Dr. Keene called for the votes and says: Mr. Widness, Mr. Davis and Mr. Bowser voted yes, Dr. Keene and Mrs. Grace Palmer voted no. The contracts were prepared and offered to the chairman, Mrs. Palmer refused, so the contracts were signed by the majority of the board.

Superintendent B. T. Youel brought up the matter of a report which had been circulated in printed form through the district. Mr. Youel declared this report was false. The report as read from the circular was "The board contracted for the services of Professor Youel as superintendent at \$200 a month. In October and November he drew \$275 a month. The other eight months he drew \$300 a month. In explanation of this, it is said that Professor Youel hired a teacher who had no certificate and no permit to teach, and that the extra money was paid to her for services forbidden by the law."

Mr. Youel denied this accusation. Mrs. Palmer suggested that the clerk look the matter up in his books. The books showed the report to be true. However, Mrs. Palmer explained this in the following manner: It seemed that Miss Marjorie Riches, who had taught for some years previously and had not had her certificate renewed because she had intended to attend college and receive a special permit to teach. Miss Riches then decided to go on to college. At the end of a few weeks she was forced to quit because of illness in the family. Instead of going back to school she decided to teach, not thinking she had forfeited her permit. As a permit cannot be issued more than once in three years, Miss Riches received a special permit from the county superintendent to teach until she had taken her teachers' examinations and received her certificate.

At the request of Governor Pierce, said to have been at the instance of J. W. Hunt, foreman of the Marion county grand jury which is investigating the management of the state hospital for the insane, the office of Attorney General Van Winkle will today begin assisting the grand jury in the probe. John H. Carson, district attorney, will not be connected with the investigation from now on.

Attorney General Van Winkle said last night that he was yet uncertain whether he would conduct the investigation personally or assign one of his assistants to do the work. The letter he received

affirms. This she received during the winter. It further seems that Mr. Youel did not notify the clerk in time so that the check was made out to Mr. Youel for a substitute. Mr. Youel remarked at the end of the explanation that he would probably have his attorney take the matter up.

TREASURE IN PETROGRAD

LONDON, June 19.—A Russian marshal's baton has been discovered buried in the masonry of one of the columns of the Petrograd Vvedensky Cathedral, near the steps leading to the altar. It is made of solid gold and adorned with 110 large diamonds and emeralds. Its value is said to be \$3,000,000.

Rotarians Will Have Musical Session Today

Today's program at the Rotary club will be either awfully good or just awfully, according to the preliminary announcement.

Two weeks ago the timekeepers circulated cards asking everybody to write in the name of the instrument he could perform on best of all. They certainly wrote in the whole list of instruments; including the harmonica, the Hebrew harp, the horse-tiddle, the mouth-organ, the hand organ, the castanets, and the aeolian harp. The program committee has made a compendium of these accomplishments, and today will call on a lot of the boastful musicians to "make good."

The program is entitled "Thirty Minutes of Home Brew Music," a home brew that is lawful instead of merely awful. It will be a musical program from beginning to end, with nary a speech or a lecture—just plain and thrilled music just as they make it in the factories. All members are urged to attend.

VIENNA, June 19.—From a census which has just been taken in Vienna it appears that the city has 73,000 dogs, or twice as many as in peace time. At first sight it would seem remarkable that so many people in this poverty-stricken city should be keeping dogs.

One of the principal reasons is the increase in the number of burglaries and thefts, which has led many households to keep dogs for protection. Watchmen with police dogs are employed to guard the great Central Cemetery from which a number of bodies have been stolen.

In the Ruhr matter France is still holding the balance of power.

DRINK WATER IF BACK OR KIDNEYS HURT

Begin Taking Salts if You Feel Weakness or Have Bladder Trouble

Too much rich food, forms acids which irritate and overwork the kidneys in their efforts to filter it from the system. Flush the kidneys occasionally to relieve them like you relieve the bowels, removing acids, waste and poisons, also you may feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, the stomach sour, tongue coated, and when the weather is hot you have rheumatic twinges. The urine is cloudy, full of sediment, the channels often get irritated, obliging one to get up two or three times during the night.

To help neutralize these irritating acids and flush off the body's urinous waste, begin drinking water. Also get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine and bladder disorders disappear.

This famous salts made from the acid of grapes and lemon juice combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive and makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help prevent serious kidney and bladder disorders.

GUARANTEED THE TORRINGTON ELECTRIC CLEANER

YOU buy a better cleaner, backed by the guarantee of The Torrington Company that it is better in design, mechanical sturdiness and efficient, easy operation.

Buy your Torrington on that better basis, and you, too, will discover why thousands of women have named it "the most faithful servant that ever entered the home."

When you own a Torrington you buy the guarantee of years of satisfactory cleaning service.
