PORTLAND AGAIN BEATS OAKLAND

Mails Holds Beavers in Control for Five Innings, But Sixth Is Bad

PORTLAND, Ore., June 27.—Portland made it two straight over Oakland by taking today's contest, 7 to 6. Walter Mails held the Beavers under control for five innings but in the sixth they got to him for four runs on four hits. Oakland came within one run of tying the score in the ninth when Knight, the first man up, poked one into the left field bleachers. Baker followed with a safe hit over short and Thomas also hit safe. Manager Middleton decided that was enough and went in himself to relieve Sutherland. The side was retired without further damage.

MOVIE FIGHT RIGHTS ARE SOLD CONTRACT PRICE IS SET AT \$5000 LAST PAYMENT WILL BE SOON DUE

GREAT FALLS, Mont., June 27.—Expressing himself as hopeful that the \$100,000 due Jack Dempsey as the final installment of the \$300,000 guarantee to fight Tompp Gibbons July 4, would be in sight tomorrow, George H. Stanton, a Great Falls banker, declared tonight that the money would be raised without a doubt before July 2, the date the amount is due Jack Kearns, Dempsey's manager.

Stanton, who advanced \$50,000 to help make the payment of the second \$100,000 installment to Kearns ten days ago, said that efforts were being made to have the money advanced by the Great Northern railroad. If this proposal failed, the business men and bankers of Great Falls would be asked to advance it.

"We raised the second \$100,000 for Dempsey without much effort and it is my belief that we will not have much trouble getting the final installment," Mr. Stanton said. "All we need to make the show a success is the final installment for Dempsey."

"It is my honest opinion that Montana will not allow this thing to result in a failure. The state would never live it down."

GIBBONS THOUGHT SUPERIOR BOXER

Friends of Challenger Think He Will Prove More Clever in Ring

ST. PAUL, June 27.—When Jack Dempsey answers the bell in the prize ring at Shelby, Mont., July 4, to defend his heavyweight title, he will meet a style of opposition somewhat different from that he has faced since he took the crown from Jess Willard.

In Tommy Gibbons of St. Paul, the champion will find a boxer of consummate skill, a man with a "mean punch," not afraid to mix in a toe-to-toe exchange, and a ring veteran who has never been knocked off his feet.

Gibbons fans recognize the power of the champion, the danger in his terrific rushes. But they look to Gibbons' boxing ability to go a long way toward offsetting Dempsey's rushing tactics.

These same boxing fans, who have been fighting the Dempsey-Gibbons battle in clubs and other places of congregation ever since the word came that the fight was "on," are not, as a whole, boasting of what Gibbons will do.

It would be an exaggeration to say that in any considerable quarter of the challenger's home town there is confidence that he will defeat Dempsey. His own brother, Mike Gibbons, once famed as "The Phantom" in middleweight circles, does not feel that confidence.

But there is always "the chance," and in Gibbons' hands that prospect brightens for many. And if there is not confidence, there is hope, and that alone will attract hundreds from here to the fight. Victory for Gibbons, however, would be a surprise in his home town.

All of which does not detract from the ability of the challenger, for the hometown hold the view that no one is better qualified to test the merit of the champion, not even excepting Lou Firpo, who has loomed large on the fight-the South American, who reclaims skyline.

Gibbons is 29, one year older than Dempsey, "official" records to the contrary notwithstanding. His height is 6 feet, 3/4 inch, within a fraction of an inch of Dempsey, and in weight he will enter the ring around 178 pounds, while Dempsey probably will

probably weigh in at 190 pounds. Dempsey has an advantage of 2 1/2 inches in reach as Gibbons' measurement in this respect is 71 1/2 inches. This is a recognized advantage, but Gibbons' friends hope this is one of the things superior boxing ability may overcome.

The complete measurements of the two men, based on the latest authoritative figures and recognized as the best fighting condition of the two, are as follows:

Dempsey	Gibbons
28 yrs. old	29 yrs. old
6 ft. 1 in. height	6 ft. 3/4 in. height
190 pounds weight	178 pounds weight

AMERICAN LEGION WINS CHAMPIONSHIP IN TWILIGHT GAMES

The American Legion team is the winner of the Twilight league series, and holds the trophy for another year. The last and deciding game was played Wednesday evening on Willamette field in the presence of a big crowd.

It was not full of thrills exactly, but it ended in as wild a reversal of form as anybody ever saw on a ball diamond. For six innings Stottenberg, the YMCA pitcher, played an almost faultless game. He mowed 'em down at the plate, and his team mates slaughtered 'em on the bases. The Legion got only one run in the first six innings. The Y kept picking up runs every now and then until the score stood 5 to 1 in the sixth inning. The crowd began to go home to tell of the lop-sided score.

Then things happened. Six Legion batters in succession, beginning with Edwards and followed by Page, Gibson, Parker, Proctor and Bishop, galloped across the home plate with various kinds of tallies; stolen bases, hit-by-balls, passes, overthrows, tuffs; and practically every kind of run ever made. Fully one-half of the local baseball world will never be quite satisfied with the verdict on the long fly that lit in the bleachers and the ball then floated off down the creek while two runners scored and the game went on under at all head

CHARLES LOCKARD LOSES HIS FIGHT

Not Recognized By Court as Representative of Seattle Baseball Club

SAN FRANCISCO, June 27.—Charles Lockard, president of the Seattle baseball club of the Pacific Coast league, today lost his fight in the federal court here for a temporary injunction to compel William H. McCarthy, president of the league, to recognize him as the representative of the club. United States District Court Judge John S. Partridge, in denying the petition, declared there was a "strong suspicion" that William Wrigley, owner of the Los Angeles club, was interested financially in the Seattle club's purchase.

MIDDIES FAVORED IN BIG REGATTA

Washington Is Only Other Undeclared Crew to Enter Eastern Event

POUGHKEEPSIE, N. Y., June 27.—The United States Naval Academy's eight, which has ruled the collegiate seas for the last two years, stood out tonight as a favorite to retain its laurels in the blue ribbon feature of the twenty-sixth annual regatta, of the Intercollegiate Rowing association tomorrow on the Hudson.

One far western and four eastern crews will contest the middies' claim to superiority for another season and experts tonight predicted that the principal event of the program, which also includes races for freshmen and junior varsity eights, would develop one of the keenest contests in recent seasons.

Washington, holder of the Pacific coast championship and ranking with the navy as the only undefeated varsity crew in the three mile race, had its confidence restored late today by the return of Dow Walling, brilliant 20-year old stroke, to the shell after an absence of several days because of a knee infection. But though this eliminated the eleventh hour which the far westerners faced with a re-arranged line-up observers declared that Walling plainly showed the effects of his illness and that as a result the purple and gold shell would be at a disadvantage.

One good test—

—of the purity and stability of a motor oil is the amount of carbon it forms.

Zerolene forms, on an average, 30% less carbon than other oils. The carbon is soft and fluffy and most of it blows out with the exhaust. For this reason the Zerolene-lubricated automobile may be driven from 25% to 50% farther without having the valves ground or the cylinders rebored.

Zerolene forms less carbon than any other motor oil known to us.

Insist on Zerolene—even if it does cost less. Ask for it by name—Zerolene.
