Dallas Wins Two Fast Games With Mount Angel

DALLAS, Or., July 3.—(Special to The Statesman.)—In two fast games of baseball played on the local grounds Monday morning and this morning, as part of the big three days celebration now being staged in Dallas, the local team was victorious over the Mt. Angel team by small margins. Monday's games ended in a 5 to 4 score and today's game ended 6 to 5. At both games it took 10 innings to decide the winners.

Baseball fans state that the games were the best ever witnessed on the local grounds. Large crowds witnessed both contests.

Tomorrow afternoon the local team will cross bats with the fast McMinnville team and a game worth while is promised. The McMinnville team has a reputation for being hard hitters and will probably be the hardest opponents the locals will have to play this season. The game is scheduled to be called at 2:45 p. m.

Stake Record is Broken in North Randall Races

NORTH RANDALL, Cleveland, Ohio, July 3.—(By The Associated Press.)—Rain brought to a sudden ending today's grand circuit harness horse racing here, after five heats had been raced off and a stake record broken.

The horses had just finished the final heat of the first event, won by Hal Abbe, when the rain came. The heats of the Ohio stake, \$5,000 had been finished and had to go over until tomorrow unfinished.

It was in this event that the record was broken. In winning the first heat in 2:03 2-5, Favonian, driven by Fred Edman of Memphis, lowered the time or 2:04 1/2 made by Mabel Trax in 1916. Clyde The Great, which trotted a half in 1:01 1-5, in setting the pace in this mile, broke coming down the stretch but won the second heat in 2:04 2-5.

GREAT FALLS, Mont., July 3.—(By the Associated Press.)—Jack Dempsey rolled into bed at his Missouri river training camp early tonight for his last sleep before he crawls into the ring to defend his world's heavyweight championship against Tom Gibbons. Dempsey, while refusing to make a flat statement that he will knock out the St. Paul challenger, declared that he expected Gibbons to prove to be one of the toughest opponents he has ever met.

"I am not one who regards him light," Dempsey said. "I regard every challenger as dangerous. They are all dangerous until they are on the floor. I am not going to take any chances with Gibbons. I will make every effort to beat him in the first round if possible. Anything is liable to happen to a champion any time he goes into the ring. So I am going to do my best, and if my best fails, I shall be the first to welcome Gibbons as the new champion.

"It is my confident feeling that I was never in better shape. I feel better than I have in many years on the day before I fought. My training period has been handled to such perfection that I have benefited by it."

The huge 21-room house just over the hills on the edge of the city that has been Dempsey's training camp for eight weeks, today was a deserted hall. Dempsey spent most of the time away from camp, walking out in the air or riding with a party of Chicago admirers, who called on him today.

Tomorrow will be get-away day for the champion. He has been tendered the use of a private car to make the trip to Shelby, and which will be used as his quarters while in the boom town. He plans to return immediately after the fight, coming back to Great Falls to have his personal belongings packed and then starting off for a short visit to Salt Lake.

Crime is Absent
Slippery gentlemen who lift purses, watches and other valuables are being attended to promptly in Shelby. Federal, state and municipal officers are carefully watching every one who comes to town, and any suspicious characters is subjected to inquiry. The town has built a stockade, jail or calaboose—a large and compact, commodious structure—capable of accommodating several hundred. But today it has few inhabitants. There have been, up to date, virtually no robberies or other serious crimes.

Pouring of Concrete is Finished for Gymnasium

A corps of 18 carpenters, called in to set up the forms for the concrete foundations of the Willamette gymnasium building, got the whole job finished last week so that the pouring of concrete is now well under way. Some of the steel for reinforcing is in place, ready to be concreted in, and the mixers are working away at top speed.

About 325 cubic yards of concrete is to be made and poured for the foundation work. This will bring the wall up to the ground contour, and from there upward it is to be brick only. The foundation should be ready for the brick masons early during the coming week.

Satisfactory progress is being made with the building, which from every indication is to be finished in time for the opening of

Three Women Attacked By Man; Description Given

Three women, one elderly, the other a young married woman, and a young girl were attacked by a man about 11:30 o'clock Monday night while on their way home from lodge. The attack took place in the vicinity of South Church and Judson.

The man, according to the story told by the women, was leaning against a telephone pole as the trio came down the street. As they reached the point where he was lounging, he grabbed for the eldest and pushed her into a ditch. The younger women in turn attacked the man, and were able to get away. With assistance

Second Sight

The young lady palmist at the church bazaar said to one of her girl clients: "I see by your hand you are going to be married."

"Wonderful," said the girl. "You are engaged to a man named Wilkins," continued the amateur seer.

"How amazing," gasped the girl. "Surely the lines on my hand can not reveal the name—"

"Lines," sniffed the palmist. "Who said anything about lines? You are wearing the ring I returned to Mr. Wilkins three weeks ago."—Argonaut.
