BLIGH Four acts vaudeville and Tully Marshall in "ANY NIGHT"

William Fox's super-production "Silver Wings," featuring Mary Carr, will be shown for the first time in Salem at the Liberty theater, starting today.

Mary Carr's role is that of a mother and a devoted wife who assumes, upon the death of her husband, the care of a profitable business that he had built, as well as the care of two boys and a daughter.

The daughter marries for love much against the wishes of her proud brother. The young son who has toiled diligently in his father's factory, is forced to run away because of his brother's crime which has been fastened upon him.

After 14 weeks of continuous work, Mary Pickford completed her new version of "Tess of the Storm Country," the famous Grace Miller White story which established this little star's perennial fame eight years ago.

The last scene was made on location near Los Angeles and showed a dog capturing the villain just as he was about to grasp the fleeing Tess, that belligerent hoiden of the squatters' village so convincingly portrayed by the lovely Mary.
