## DUNDEE DECISION OVER CRIQUI RETURNS FEATHERWEIGHT TITLE TO AMERICA AFTER 2 MONTHS

Frenchman Given Great Ovation After Finish of Grilling Fifteen-round Battle; Heralded as One of the Most Thrilling Bouts in Prize Ring History—Final Outcome Never Doubtful.

POLO GROUNDS, New York, July 26.—(By Associated Press.)—The featherweight championship of the world, in French hands for less than two months, came back to the United States tonight when Johnny Dundee, grizzled Italian-American veteran, battered his way to victory over Eugene Criqui, gallant ex-poilu, in a gruelling 15-round struggle that was never in doubt from start to finish.

Dundee, rising to the greatest heights of his long and embattled career, won decisively all the way, but only in the face of a game and courageous stand that will go down among the most thrilling in prize ring history. The judges' decision crowning Dundee as the new title-holder was drowned in a wild outburst of cheering, but in defeat the little Frenchman was accorded an ovation that rang out above even that for the victor.

Criqui's was a hopeless battle from the first round. Floored for a count of nine hardly before the initial bell had sounded, he somehow managed to weather the storm only to be knocked down twice, once for a count of seven and again for nine seconds, in the second round.

**Knockout Impossible**  
It seemed that Dundee had a knockout within his grasp, but try as he furiously as he would, the mauling Italian-American could not swing over a finishing blow. Holding the upper-hand while Criqui tried gamely but vainly to stem the tide of battle, Dundee let up in his terrific attack somewhat until the seventh round. Then he lashed out again with a volley to head and body but Criqui, though he was staggering, kept his feet. The end again

**Smiles Through Blood**  
Again in the ninth, Dundee failed to bring the Frenchman down so he switched his tactics in the next few rounds trying for a fresh opening. The twelfth saw him unleash another battering drive. He swung as hard as he could with both fists to Criqui's head, but through a blood-smearred face, the Frenchman smiled grimly as he backed to the ropes. He had taken Dundee's hardest and kept his feet, and when he went to his corner, the crowd gave the battered champion a thunderous ovation.

Criqui's defensive tactics saved him in the thirteenth and fourteenth but in the final round, he again was on the verge of going down. Dundee tried savagely to land a knockout blow, while Criqui swung wildly about his head, but when the finishing bell rang, Criqui, groggy and bloody, under a pummeling attack, was still doing his best to fight back.

**Punishment Received**  
Only the heart of a fighter, the instinct of a courageous ringman, enabled Criqui to stand up under that withering fire. He had held his batch of ground in the dark days of Verdun and in the squared circle tonight he held his ground to the end. The jaw that had stopped a German bullet in the front line trenches proved equal to the hardest shocks human fists could bring to bear upon it. He went down to defeat battling to the finish. Dundee, in achieving the ambition of his long career, fought a cool, masterful battle. He displayed everything but a knockout punch, and it was perhaps more the ability of the Frenchman to absorb punishment than Dundee's failure to apply it, that made it possible for the bout to go to the limit.

**Round by Round**  
Round 1—They met in the ring and started in-fighting. Criqui landed a right to the body. Dundee landed first real blow, a long left to the head. They kept exchanging body blows in clinches but neither was doing much damage. Criqui landed two hard lefts to the head. Dundee sent a solid left hook to the jaw and Criqui countered with the same hand to the body. The Frenchman hooked a heavy right to the jaw, that hurt. Dundee sent Criqui to the floor with a hard right to the jaw and the Frenchman remained on one knee while the referee called off a count of nine. Dundee got in a relentless attack when Criqui gained his feet, slashing with both hands to the body and punishing the champion severely. Dundee was cracking away when the bell stopped him.  
Round 2—Criqui came out unsteadily and fell into a clinch. He hooked a left to Dundee and the challenger leaned back and swung hard left to the head. In the wild-east uproar, hooking hard lefts to head, but the Frenchman stood

## Home Town Repudiates Late Bulgarian Premier

SOFIA, Bulgaria, July 23.—The little village of Slavovitz, where Premier Stamboulsky was born and where his star set after the battle between regular troops and the "yellow guard" on June 9, is weary of the notoriety which attaches to its name because of the Stamboulsky incident, and wants it changed. It has petitioned the ministry of the interior to change its designation to Borisovo, in honor of the king.

Slavovitz is especially resentful because Stamboulsky, within a month or two of the tragedy in which his life ended, ordered the seizure of a considerable part of its communal land and distributed it among gypsies, to induce them to settle down and take up agriculture. An echo of this seizure was heard when Stamboulsky was attacked by villagers, including people from Slavovitz. One of the remarks directed at Stamboulsky in that time was: "You have devoured our land; now our land will devour you."

In their petition to the ministry of the interior, the villagers of Slavovitz bitterly attack the la-

## Training Camps Alumni To Be Organized Soon

CHICAGO, July 25.—The ground work for an Alumni Society that bids fair to be the largest in the United States in the course of time, is being laid by those who are organizing and preparing to conduct the Citizens Military Training Camps in the various states this year.

The announcement of the Alumni Society's organization says: "The men who attended the first voluntary camps in 1913, 1914, 1915 and 1916 joined in forming the Military Training Camps Association of the United States, and this is the real Alumni Society of all who believe in the 'Plattsburg Idea' of General Leonard Wood, and who have been trained in the citizens camp."

"This year the men in each camp are invited to group themselves as a part of the nation-wide organization, to be known as the Citizens' Military Training Camps Alumni."

"In order to make this effective the candidates from each county will select their own captain. These, in turn, will select their own state captain and these state captains will, in turn, select a corps area captain."

Charters will be issued to each county company, but the real organization of the Alumni body will take place at the camps during this summer.
