

Oregon State News

Fined for Stalking Deer
Medford, Aug. 16.—It is dangerous to the pocket book to sit in a tree with a gun overlooking a deer lick, as R. H. Whiteside of Medford found out last night. Today District Game Warden Patrick L. Daily turned over to Justice Taylor in the latter's court Mr. Whiteside's plea of guilty and \$65, which had been paid over to him last night when Mr. Daily placed the Medford man in custody.

McArthur Hoasts Good Road
BEND, Aug. 16.—Bend is generally recognized as one of the half dozen best cities in Oregon," said C. N. McArthur, former representative in congress from the Portland district, who arrived in Bend this morning. "I haven't been here for 10 years, so the growth and development of your city have completely transformed the place. I do not know of another city in the northwest that has shown such a substantial improvement."

"All progressive Oregonians are interested in highway development, not only as an avenue of transportation for tourists, but on account of agriculture and general business. Bend is fortunately situated with respect to the highway development program. It is, in truth, like the hub of a great wheel, with spokes reaching in every direction," said McArthur. "The completion of the McKenzie river highway, the improvement of the roads in the Crater lake section, as well as the old military highway at the middle fork of the Willamette and The Dalles-California road, will mean much for Bend and the surrounding country."

Inland "Ocean" is Down Again
SALT LAKE CITY, Utah, Aug. 16.—The Great Salt Lake, which on June 1 this year reached the highest level since 1889, is again receding, according to J. Cecil Alter, meteorologist in this city. The evaporation, Mr. Alter says, started June 15, when the lake was eight feet above zero of the water gauge, six inches higher than the previous record of 34 years ago. Mr. Alter expresses the opinion that the lake will continue to recede, for this year at least.

Great Salt Lake, according to geologists, is a remnant of the former Lake Bonneville, which many thousand years ago extended over what is now western Utah and Nevada and was drained by the Columbia river.

"Cotton Land" Now Relegated
SACRAMENTO, Cal., Aug. 16. California's cotton crops, with a 10-year average of 95 per cent of a normal, rank higher than those of any of the states in the original "Land of Cotton," while Arizona and New Mexico also compare favorably with them, according to a report of E. E. Kaufman, agricultural statistician, here.

"Park" Church Wins Converts
PORTLAND, Or., August 16.—To meet the problem of getting people to attend church services in the summer time, when the outdoor lure is the strongest, Portland pastors, through the Portland Council of Churches, have inaugurated a series of outdoor meetings in the parks of the city. So successful and so well attended were the meetings, that plans were made to extend the services. Music by church choirs and preaching in the pleasant shade of the parks on the green grass have been found to attract many persons who would not attend regular church services.

A New Rotary President
MEDFORD, Aug. 16.—At the regular weekly luncheon of the Medford Rotary club today it was announced that at a recent meeting of the board of directors Fred Heath was elected president, Dr. R. W. Chace vice president and Jack Wakefield was elected a member of the board of directors.

Bandon To Get Good Road
MYRTLE POINT, Or., Aug. 14.—A good road meeting was held in the grove in this city last evening, with delegates from Bandon and Myrtle Point. There was a fine spread set for the delegates and others who happened along at six o'clock, and following this the question at issue was discussed by everybody, nearly.

Bandon and Myrtle Point, 25 miles apart, are out to have the Lampa creek and Fishtrap highway graded during 1924 and plan to obtain the funds for the work from the market road finances.

Warrenton Trouble to End
ASTORIA, Aug. 16.—Unofficial reports from Warrenton, based on good authority, announce the appointment of a new city manager to the somewhat troubled helm of that city, and that the official resignation of Mrs. R. E. Barrett, confined to her sickroom for months, is expected to be made public immediately.

The new city manager will probably take up his duties on the 31st of this month, says reports. F. W. Woolley of The Dalles is named for the position by

reliable sources. Mr. Woolley is a business man, reported of long experience and great ability, with exceptional references. His application for the managership has been on file with the city council ever since the change to the managerial system, and evidence of his references being investigated appeared recently, giving rise to various rumors about his appointment.

Two Prizes Came to Oregon
ALBANY, Aug. 16.—An unexpected prize came to Donald H. Orr and the 483rd Artillery company last night when Major James S. Dusenbury junior state inspector, arrived with two large, silver loving cups. Orr, whose home is in Woodburn but who attended the camp from here since he was a freshman at Albany college, was the winner of a boxing bout at Ashland on the way south to camp. He did not know of the loving cup until last night.

The other cup was won by a man from Newport in wrestling at the same time. They will be taken to Salem to be engraved with the names of the winners. Orr's cup will be placed in the trophy case at the local armory.

Oregon Best Vacation Land
EUGENE, Aug. 16.—John H. Darrow is back from his vacation of 10 days in Washington and British Columbia, and firmly of the conviction, although he had a wonderful time on his trip, that Lane county is the northwest's best summer playground. "Isn't this wonderful weather? There's no need to go away for a vacation when you live here. I'm going to spend the rest of mine sitting in the park."

Society

MISS Esther McCracken leaves this morning for San Francisco from where she will sail for her missionary work in Teintsin, China. She has been assigned to duty in a boys' school there and will have charge of the English work, classes in Bible study and general charge of the commercial work.

Miss McCracken was graduated from Willamette university last June where she took special work as training for missionary work. She has also taken work at Kimball School of Theology.

Friends of Miss McCracken in the university and in Salem have united in assisting her for the trip which was not to have been made until a later date. She is accompanying a group of fellow workers over and the assignment came sooner than expected.

A steamer robe was presented to the departing missionary worker Wednesday evening by the women of the Foreign Missionary society of the First Methodist church. The members of the Mothers' class of the church presented her with a solid leather hand bag. Other gifts from groups of friends and from individuals have been numerous. A group of women of the church met at the M. C. Findley

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache Often Means You Have Not Been Drinking Enough Water

When you wake up with backache and dull misery in the kidney region it may mean you have been eating foods which create acids, says a well-known authority. An excess of such acids overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and sluggish. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, also you have backache, sick headache, dizzy spells, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scale and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys, also to neutralize acids in the system, so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink. Drink lots of soft water. By all means have your physician examine your kidneys at least twice a year.—Adv.

home Tuesday to see for her, since the departure being hurried, her preparations were not complete when she received the call.

Mr. and Mrs. George W. Shand are at Lake Lytle where they will attend the wedding of their niece, Miss Helen Watt and Clifford Zollinger, both of Portland. The wedding will be held today. Mr. Zollinger is a law student in Portland.

Mrs. Herbert Fawk of Portland is a house guest of Mr. and Mrs. W. W. Fawk.

Guests at the O. Ireton home include Mrs. R. R. Davison and daughter, Alene, of Willard. They will be here for a week.

Mr. and Mrs. C. A. Kells have returned from a three weeks stay in Newport.

Dr. and Mrs. B. L. Steeves and their guests, Mr. and Mrs. E. R. Morse of Kansas City, have just returned from a trip to Crater Lake. Mr. and Mrs. Morse will remain two weeks more in Salem. They have been visiting this summer with their son and daughter-in-law, Mr. and Mrs. Paul Morse.

Mr. and Mrs. George M. King and children have just returned from an extended trip. They spent two weeks in Pendleton and then drove through to Salt Lake City where Mrs. King and the children visited with her parents. Mr. King went on to Chicago and St. Louis.

Mrs. E. W. Williams of Los Angeles is a house guest of Mrs. W. M. Fleming.

Miss Jennie Vandevort is home following a visit with friends in Newport.

Mrs. George H. Alden is visiting relatives in Seattle.

Mrs. R. L. Farmer is visiting with Mrs. Ben W. Olcott at Cannon Beach.

Mrs. T. C. Smith is visiting at the J. J. Roberts cottage at Agate Beach.

Mr. and Mrs. V. E. Kuhn and daughter, Ruth, spent the week-

end at Newport. Lee Kuhn spent the week-end at Rockaway with Mrs. C. A. Hendricks.

Mrs. V. E. Kuhn is anticipating the visit of Mrs. C. A. Allard of Pasco, Wash. Mrs. Allard will arrive the last of August.

Miss Helen West of Portland will leave within a short time for California, where she will enter Mills College.

Miss Margaret Rodgers and Miss Mary Jane Albert have been guests this week of Miss Eleanor Eakin of Astoria. They have been entertained while there at a number of affairs.

CORVALLIS, Aug. 16.—A letter from Mrs. Ada Wallace Unruh was read at the business meetings of the College Hill WCTU at the home of Mrs. S. H. Rondeau, Mrs. Unruh says the state WCTU is considering having a booth at the state fair at Salem. She suggests that nearby unions express opinions about having the booth and help run it if it is undertaken. The College Hill union voted to help and suggested that an exhibit be made of interesting features of the children's farm home.

Those who would like a bazaar to be held in connection with the booth are asked to make things to sell. From letters from Mrs. D. H. Bodine of Albany and the report of Mrs. Mary Reader a list of articles most needed at the farm was made. Silence cloths, mattress protectors, and sheet and pillow cases for the smallest beds are needed now. The small sheets would be about one and three-fourths yards long and at least a yard wide, a little wider is better.

HAZEL GREEN
The new box of library-books from the state association are at the church ready for distribution. Rev. Lella Luckey and brother and family are spending a few days at Pacific City.

After visiting friends and relatives at Salem, Turner, Hopewell and Pacific City Mrs. E. O. Shepherd and daughter, Denea, spent Sunday with friends here.

Joe Domogola and family of Salem were visitors at B. C. Zellinski's Sunday.

Mr. and Mrs. Albert Carlson

and son, Stein, of Portland, were week-end visitors at G. G. Looney's.

The Carlsons are to leave soon for California.

W. B. Davis's was the scene of a very enjoyable party Wednesday afternoon, the occasion being Miss Wilma's birthday.

Bernice and Floyd Salisbury of Portland spent part of the week with their mother, who is ill at the home of her sister, Rev. Luckey.

Miss Tartar Will Sing At Band Concert Tonight

Selections from "Faust," the overture from "The Merry Wives of Windsor," together with various popular number and two vocal solos by Lena Belle Tartar will feature the program of the Cherrin band concert this evening.

Miss Tartar will sing "The Little Gray Home in the West" and "Closely." The program for this evening as announced yesterday by Oscar Steelhammer, director, is as follows:
March, "Brooks Chicago Marine Band"
Overture, "Jolly Robbers"
Suppe Waltz, "Marguerite" from "Faust"
Popular Numbers
Overture, "Merry Wives of Windsor"
Vocal Solo
"Air de Ballet La Torpille"
Losey Selection "Reception"
Schelegrell March, "Robinson's Grand Entertainment"
King "Star Spangled Banner"

\$11,000,000 IS TOTAL IN LOANS

Large Percentage in Multnomah County—Marion Gets \$600,000

The soldiers' bonus commission has now loaned to veterans in Oregon a total of \$11,000,000, out of a total authorized fund of \$30,000,000, according to a statement issued by A. C. Hopkins, secretary of the commission.

Of 4400 loans actually paid, approximately 1600 have been placed in Multnomah county. These 1600 loans represent a distribution of over \$4,100,000. Marion county holds second place with 250 loans (\$600,000); Clackamas, third, with 230 loans (\$525,000), and Lane fourth, with 186 (\$456,000). That city loans are more in demand than farm loans is evidenced by these figures: City, 2888; farm, 1512.

The first loans authorized by the bonus law were paid on May 5, 1922. Despite the magnitude of the undertaking, the entire \$11,000,000 has been distributed in approximately 15 months. To date \$20,000,000 of bonus bonds have been sold to provide the necessary funds for cash bonuses and loans. "Four million dollars are on hand to meet current requirements. With an estimated total of 9000 loan applicants before June 30, 1927, time limit for filing, the report indicates that half the veterans have already been cared for. Thus far, only eight foreclosure suits, totaling \$15,000 have been instituted.

The repayments on loans are now coming in at the rate of \$60,000 a month. These payments, together with the one-mill tax levied by the bonus law, comprise the sinking fund for the retirement

of the bonds. Based upon the assessed value of all the taxable property in the state, the one mill tax yields \$1,000,000 annually. The surplus, after interest requirements have been met, is invested in bonus bonds. Within 18 months the commission has repurchased \$888,000 of bonds, or almost one-twentieth of the entire amount outstanding. Because of the two-fold security behind the bonds—taxing power and repayments on loans—and because of the prudent management of the

sinking fund, Oregon bonus bonds are being very closely held in the New York market.

HOPS
NEW YORK, Aug. 16.—Firm, state 1922, 24@30c; 1921, 17@20c; Pacific coast 1922, 24@28c; 1921, 20@22c.
The big ones are getting away over at Catalina, as usual, this summer.
