FRAUD WARNING!

House-to-house solicitors are attempting to sell Phoenix hosiery in various sections of the United States. Sometimes they show alleged credentials in which the word "Phoenix" is prominently displayed. Their plan is to secure a dollar deposit, promising that the hosiery will be sent by mail, and the balance collected by the postman. And that is the last their victims ever hear of them. They pocket the dollar and disappear. In a few instances, however they have delivered some makeshift hosiery, worth about half the price.

These canvassers are outright frauds, for Phoenix hosiery is sold only through retail stores. As Phoenix is a leader in sales everywhere, and is probably the best known line of hosiery in the world these peddlers are trading upon that reputation to defraud the buying public.

REWARD

United States Post Office inspectors and the Pinkerton National Detective Agency are now searching for these defrauders, and are working on several such cases. We will pay liberally for information that will lead to the arrest of any of these unauthorized solicitors. If you are approached by any person offering Phoenix hosiery and seeking a deposit of money, please notify a Phoenix dealer, or your city's "Best Business Bureau," or if there is a Pinkerton agency in your city, notify them. Also telegraph us collect.

We issue this warning as a protection to the public, as well as ourselves, that no one may innocently purchase imitations for genuine Phoenix hosiery.

Unscrupulous and fraudulent house-to-house hosiery canvassers are daily mulcting the American public out of thousands of dollars. Beware of them.
