## GREB WILL BATTLE FOR WILSON'S TITLE

NEW YORK, Aug. 30.—Championship boxing will return to the limelight tomorrow night at the Polo grounds where Harry Greb, the Pittsburgh "windmill" will attempt to remove the world's middleweight crown from Johnny Wilson of Boston in a 15-round match. It will be the first of three title matches scheduled here within two weeks, as Johnny Dundee and Benny Leonard battle for the lightweight championship next Wednesday and Jack Dempsey and Luis Firpo clash for the heavyweight honors the following week.

Both Greb and Wilson were pronounced in excellent condition today after going through light workouts. Both declared they would be well under the limit of 160 pounds when they weigh in tomorrow afternoon.

Greb, one of the most rugged men in the ring, and former American light heavyweight titleholder, has the backing of newspaper ring experts to capture Wilson's title, but the Boston boxer

has restored confidence among his followers by the excellent form he has shown in training.

## FIRPO INTERESTING AT MEALS PUNISHES EGG AND SIRLOIN DEMPSEY 100 PER CENT HITTER

SARATOGA SPRINGS, Aug. 30.—(By the Associated Press.)—Jack McAuliffe, the Detroit heavyweight, weighing 206 pounds and towering 6 feet, 2, was all but knocked out in less than three minutes in his initial training session with Jack Dempsey today. After the disastrous first round McAuliffe was unable to continue for the second. He crawled out of the ring with his right eye closed and a ripped left ear.

In the three minutes he faced the heavyweight champion, the half blinded McAuliffe did not land a solid blow, while Dempsey with McAuliffe groggy and leg-weary, heid his punches in restraint toward the finish of the round to avert what appeared to be a certain knockout. McAuliffe walked to his corner with shaky legs and gamely offered to continue for the second, but Dempsey urged him to quit. He was so badly handicapped by his closed eye that he would have been an easy victim.

While in the rubbing room after the workout having hot towels applied to his eye, McAuliffe, who was knocked out in three rounds by Luis Angel Firpo, declared that if the giant Argentine was able to go two rounds with Dempsey in their heavyweight championship contest September 14 he would be the most surprised man in the world.

"Does Dempsey hit as hard as Firpo?" he was asked.

"As hard?" McAuliffe exclaimed. "Why, there's no comparison. Dempsey is a 100 per cent better hitter with either hand. He's the snappier puncher and can step around with such speed that Firpo won't know what it's all about. All Firpo has is a right hand wallop. Dempsey, in my opinion, will tear him to pieces with left hooks."

were thrown and all windows in Odd Fellows hall, as well as many others in nearby buildings, were broken. Police Chief Tanneson then ordered his men to throw tear gas bombs and 13 of these, the town's entire supply, were exploded. The crowd fell back but advanced again, hurling more stones. It was then that a riot call was sounded and 150 firemen dashed to the scene.

## Mob Braves Water

After the firemen had run their apparatus directly at the surging mass of humanity and had failed to disperse the crowd, they attached hose lines to every available hydrant and drenched the rioters with several streams of water. Daunted for a few seconds the crowd fell back. Several of the more sturdy, however, braved the water and cut the hose lines with axes and knives while others threw stones at the firemen.

As one man dived from the crowd someone shouted "That man has a gun." A policeman

ATLANTIC CITY, N. J., Aug. 30.—(By the Associated Press.)—Luis Angel Firpo at his meals is as interesting as the Firpo of the boxing ring. What he can do with his fists on a punch counter is as nothing compared to the treatment he gives an inch and a half thick sirloin steak smothered with fried eggs.

The Argentine gladiator is one of the greatest eaters the boxing ring has known, declared Dr. Juan Reilly, Irish-Spanish specialist, who is making a study of Luis Angel for the University of Pennsylvania and various health institutions and foundations.

The man Jack Dempsey will meet for the world's heavyweight title September 14 is, insofar as eating is concerned, following an idea directly opposite to those of all the great American trainers and specialists. He eats eggs and meat and fruit three times a day in great quantities and has comparatively few vegetables on his plate.

"This man Firpo is no ordinary modern being," said Dr. Reilly. "He has come down through the ages a real gladiator. In psychological studies of him I have found things entirely new to me and puzzling. He trains his mind as well as his physical self and seems to know just what will happen when he meets Dempsey. What this knowledge is I of course do not know, but I am of the opinion that Dempsey will have a great man against him."

Firpo returned to his training work today after an idle spell enforced by rain. He was on the road, punched the sand and wind bags, skipped rope, shadow boxed and sparred five rounds with four punch catchers. He worked two rounds with Joe McCann and went through a fast round each with Frank Koebele, Jeff Clark, the Joplin Ghost, and Natalio Pera.

seized him, shoved him into an automobile and hurried him to the police station. Other cars, loaded with men, followed, but the prisoner was rushed through the station and locked in a stable at the rear. After searching the station, those who had followed returned to the scene of the fight.

Challenge Issued  
As some of the klansmen broke away from the fighting mass they shouted, "We're coming back—10,000 strong!"  
"All right," came the answer.

"We'll be waiting for you—20,000 strong!"  
The klans meeting had been widely advertised. Chief Tanneson took special precautions against possible trouble as the result of a somewhat lesser disturbance at a klans meeting several months ago. He stationed uniformed patrolmen and plain clothes men on the inside and outside of the hall and at several other points in the vicinity.

## Gather Early

The klansmen gathered soon after 8 o'clock, donned their robes and began their ceremonies. Soon little groups began to form in front of the building, the number being augmented until it was estimated that 5,000 persons were in the crowd. Men in the front ranks demanded admittance to the hall and when they were refused, the fight began.

Chief Tanneson declared after quiet had been restored that he knew the instigators of the trouble and promised the arrests of prominent local men.

LONDON, Aug. 30.—The Athens correspondent of the Exchange Telegraph says that the Italian demands which although not yet fully published by the press have become generally known, are considered to be excessively humiliating and without precedent in diplomatic annals. ## NAVAL MINISTER RETURNS

ROME, Aug. 30.—(By the Associated Press.)—Naval Minister Admiral Di Revelle returned hurriedly to Rome tonight from Paris and conferred with Premier Mussolini.

A semi-official statement issued tonight asserts that the government is resolved to obtain adequate reparations from Greece and that the Italian people may feel confident that everything it is possible to do will be done to uphold the national prestige.

## Accident Commission To Have Branch Offices

Branch offices of the Oregon industrial accident commission have been established at Klamath Falls and at Baker, with a man permanently located at each place, the commission announced yesterday.

To the Klamath Falls office E. C. Lucas is assigned to duty and to the Baker office L. A. McCoskrie is assigned. Both men are from the auditing office of the commission in Portland where they have been for several years. They will have charge of all the commission's business, including auditing and attending to all claims, in those territories from which much of the commission's business comes.

"Some day," said the high-browed young man, "I expect to have the world at my feet."  
"What have you been doing all this time," snarled the cynic; "walking on your hands?"
