

PEACE IN EUROPE ASSURED

Italians Will Evacuate Corfu September 27—If Greece Does Not Do All in Power to Punish Assassins Money to Be Forfeited

PARIS, Sept. 13.—(By the Associated Press)—The danger to the peace of Europe from Italian occupation of Corfu ended tonight when after another difficult session the ambassadors' council came to a full agreement. Italy consented to evacuate Corfu before the end of September. It is understood they are to leave the island by September 27.

It is also understood the council agreed that if on the date of evacuation the inter-allied commission of inquiry reports that Greece has not done all possible to discover and punish the assassins of the Italian members of the Græco-Albanian boundary mission, the fifty-million lire deposited by the Greek government shall be paid over to the Italian government as reparations.

Italy Holds Back
Up to almost the last moment the Italians insisted that the powers ought to take Premier Mussolini's word as to the evacuation and leave it to him to fix the exact date after the reparations measures had been carried out. The British ambassador insisted quite as strongly that public opinion throughout the world ought to be assured by a definite arrangement that would put an end to the talk that Italy intended to remain in Corfu indefinitely. He asked that the Italian premier choose a fixed date which would be early enough to set all speculation as to Italy's intentions at rest.

Assurance Given
The allies assured the Italian ambassador that the greatest diligence would be exercised in pursuing the inquiry into the assassination of General Tellini and the other members of the Italian boundary commission and pleaded with him to urge Rome to accept the desire of Great Britain and fix a precise date for the evacuation of Greek territory so as to relieve the world of anxiety. The afternoon session was postponed until six o'clock and then again to 6:30 o'clock, in order to give time for the ambassadors to communicate with their governments.

Two more hours were occupied by the ambassadors at the evening session before they came to an agreement but eventually it was announced with an air of great relief that Italy had agreed to evacuate.

Members to Leave
An official communique issued soon afterwards said:
"The ambassadors' council has adopted a solution which it considers such as will put an end to the situation created by the assassination of the Italian delegation. The solution will be immediately transmitted to Athens and also communicated to the league council and will be made public tomorrow at noon."

NEW SENATE RULES FAVORED BY JONES

Washington Senator Says He Hopes Extra Senate Session Called

SPOKANE, Sept. 13.—A suggestion that troublesome political times are ahead and a plea for a special session of the senate to revise its rules was voiced by Senator Wesley L. Jones of Washington in a newspaper interview here today.

"One thing I should like to see President Coolidge do is to call the senate in special session at least a month before the regular meeting of the congress for the purpose of studying its rules with the view of simplifying them to expedite business," Senator Jones said. "Especially with the view of making it possible for the majority after ample discussion and consideration to bring a measure to a vote. Under present rules a determined minority can prevent almost indefinitely a final vote on a measure."

VANDALS APPEAR AT WRECKED BOATS

Guards Ordered to Shoot to Kill Any Who Approach Destroyers

SANTA BARBARA, Cal., Sept. 13.—Sea vandals have appeared at Point Naval where the hulks of seven naval destroyers are being beached to pieces by the waves, following the catastrophe of last Saturday night. A naval detail stationed there has been armed with rifles with instructions to fire to kill upon the approach of any unidentified boats near the wrecks.

A dozen shots were fired tonight at two fishing boats which attempted to send boarding parties to the hulks, according to Lieut. C. V. Lee, naval officer in charge of the guard detail. These boats appeared out of the fog and were holed alongside the stranded vessels, Lieutenant Lee said, when he gave orders to fire. None of the shots were effective and the unidentified craft made away. A sealisk coat, the property of the wife of the Chauncey's commander, is missing from the wreck of that vessel, and other small but valuable equipment is said to have been stolen before the guard was armed.

Two more bodies were recovered today. One was identified as that of Gordon J. Overhiser of San Jose, Cal. The other had not been identified tonight. Further search of the hulk of the Young failed to locate any additional bodies, and no more efforts will be made in that direction. It is the theory at Point Honda that all bodies of victims not recovered are afloat in the sea and eventually will be washed ashore.

RELIEF FUND GROWS

CONFERENCE IN DEAD LOCK OVER CHOICE

No One Receives Majority Vote As Second Delegate to National Conference of Church

DR. C. T. WILSON ONE REPRESENTATIVE

Dr. J. C. Spencer, Formerly of Salem, Highest on Last Ballot

PORTLAND, Ore., Sept. 13.—A deadlock which developed today in the Oregon state conference of the Methodist Episcopal church over election of delegates to the coming general conference of the church was still in evidence when the conference adjourned for the day.

One delegate, Dr. Clarence True Wilson, of the board of temperance, prohibition and public morals, was elected on the first ballot as a delegate but subsequent balloting throughout the day failed to show a majority for any of the other candidates voted on.

An analysis of the last two ballots to be announced showed that Dr. W. W. Youngson, superintendent of the Portland district, who was second on the first and leader of the second ballot, dropped to second place in favor of Rev. J. C. Spencer of Albany. Mr. Spencer received 50 votes on the last ballot.

Where the conference for the next year will be held is beginning to absorb the attention of delegates. It is expected that two cities—Medford and Newberg—will make the strongest bid for the convention.

GOVERNOR PIERCE TO GIVE ADDRESS

State Executive to Appear Before United Brethren Conference

The conference of the United Brethren Church in Christ now in session continues in interest. Bishop Washington gave an inspiring address at the opening of the session on the theme, "Jesus Christ, Man's Unchanging Friend," based on Hebrews 13:3. "Jesus Christ, the same yesterday, today and forever." He spoke on the shortness of life, the soul's longing which is supplied in the knowledge of Christ as his Saviour, and showed Christ as his providing the atonement for man yesterday is his intercessor today, and shall be judge tomorrow. Today at 9 o'clock he speaks on the "Runaway Preacher." Governor Pierce will speak Saturday at 11 o'clock.

The afternoon session was largely taken up with reports on the different departments of the church work. Mrs. E. B. Ward, who was with her husband, a missionary in China for over 20 years spoke of the needs and the problems of retrenchments. Dr. Shannon, from Dayton, Ohio, secretary of evangelism, spoke on Sunday schools. He said that 75 per cent of the Sunday school scholars are lost to the church and the only way to stop the leakage is to build a wall of fathers and mothers around them. All the church should be in the Sunday school, and all the Sunday school in the church and everybody in both, he said.

"The older people have no right to growl because the boys and girls don't stay for church when the older people do not attend the Sunday school. The big boys will go where the fathers go," he declared.

Rev. E. J. Hardman of Portland was chosen recording secretary and Dr. E. E. McDonald of Portland was selected conference superintendent. This is his eighth year in that capacity.

President H. Dixon Boughter of Philomath college spoke on Christian education last night. The college has recently acquired a new residence for the president and Rev. and Mrs. F. B. Church of Weston gave the money for a conservatory of music. The college expects a large increase in enrollment.

Member of Salem Elks Lodge who is appointed district deputy grand, exalted ruler for Oregon south.

FRANK T. WRIGHTMAN

Frank T. Wrightman, deputy sheriff in charge of the tax collector's office, yesterday received notice of his appointment to the office of district deputy grand exalted ruler of the Benevolent and Protective Order of Elks for the Oregon south district. The notice came from J. G. McFarland of Watertown, S. D., grand exalted ruler of the Elks, who conferred the appointment upon Mr. Wrightman. The Salem man will leave September 30 for Chicago where he will confer with Mr. McFarland.

He succeeds Frank Cohen of Marshfield.

The appointment of Mr. Wrightman is the second time this honor has been conferred on the Salem lodge. The first time was the appointment of F. H. D'Arcy in 1916.

CANNOT USE NAVY TO ENFORCE LAWS

Attorney General Rules No Emergency Exists Regarding Prohibition

WASHINGTON, Sept. 13.—The navy cannot legally be used in enforcing prohibition, Attorney General Daugherty ruled today. In addition, he said, there is no national emergency in the situation calling for the employment of warships to make the dry laws effective.

Delivering to President Coolidge the formal opinion asked last spring by the late President Harding, the attorney general held that the naval establishment could be used as an enforcement agency only by special authorization from congress or in an emergency which made civil processes impotent.

John Raymond Bayne Dies After Years of Illness

John Raymond Bayne, 27 years old, son of Mr. and Mrs. John Bayne, died yesterday following an illness of several years. While he had been ill for a long time, Mr. Bayne had been improving during the last few weeks and the family and friends had hope that he would recover.

He suffered a sinking spell Tuesday and after that time he sank rapidly. Besides his parents he is survived by three sisters, Mrs. Florence Bayne-Beck, wife of San Francisco, Miss Mary Bayne, who recently went to Maryville, Cal., to teach, and Miss Agnes Bayne, stenographer in the governor's office; and one brother, Kenneth Bayne, also of Salem. The sisters from California are expected to arrive in Salem late today or tomorrow.

The funeral will be held Saturday afternoon at 2:30 from the Webb funeral parlor. Rev. W. C. Kantner will be in charge.

SPANISH ARMY TAKES POWER IN OWN HANDS

Resents Treatment Accorded it By Parliament Following Campaign Against Moroccan Rebels

ATTITUDE OF KING AS YET UNKNOWN

Contradictory Reports Prevalent in Madrid—Foreign Minister Disliked

MADRID, Sept. 13.—(By the Associated Press)—Spain is in the travail of a revolution. A military coup d'etat, originating in Barcelona, has spread rapidly through various districts and provinces of the country and has aroused the deepest concern to the government.

At the head of the movement is the captain-general of Barcelona, Primo Rivera, a man of strong influence and power associations. Behind him are the officers of the army, who have been chafing for many months under the ignominy of the Moroccan campaign and with the officers are the rank and file, who seem ready to follow their leaders to the end.

King Away
King Alfonso is believed to be at San Sebastian. There are various reports as to his probable action in the crisis, and he may even now be on his way to Madrid to take up consideration of the threatening situation, with Premier Althecemas.

After protracted meetings of the cabinet a message was sent to General Primo Rivera requesting him to abandon the movement for patriotic reasons, but he refused. The foreign minister, Santiago Alba, who is believed to be particularly obnoxious to the revolting elements, has resigned from the ministry, as well as the minister of labor, Felix Armatan.

Many Reports Out
The under-secretary of war, General Bermudez Castro, informed the correspondents this afternoon that the minister of war had a long conversation on the telephone with the captain general of Barcelona, who informed the minister that he had rebelled against some members of the present government. The captain-general paid tribute to Premier Althecemas and the minister of the interior, the Duke of Almodovar.

Contradictory reports are very prevalent here. Although the under-secretary of war told the newspapers that King Alfonso had left San Sebastian by automobile for Madrid, there was an authoritative report much later that the king was still sojourning there and that he would not come to the capital until tomorrow.

RECALL PETITION IS IN READINESS

Freewater Man Says That He Has One Fixed Up for Circulation

PENDLETON, Ore., Sept. 13.—County Commissioner Bean today said in response to an inquiry made for The Associated Press, that he had a copy of a recall petition to be circulated against Governor Pierce in Umatilla county.

Mr. Bean is also editor of the Freewater Times. He intends to put the petitions into immediate circulation here. For several weeks a recall has been agitated in different sections of the state against the governor, but this is the first definite move so far in this direction.

SILVERTON, Ore., Sept. 13.—(Special to The Statesman)—C. M. Riviness became seriously ill at his home west of Silverton Monday night. While walking about on the lawn he lost consciousness which he has not yet regained. It is thought that he suffered a hemorrhage of the brain.

DEMPSEY FAVORITE AMONG FIGHT FANS 90,000 TO ATTEND

Battle of Continents Will Be Staged Tonight—Betting Three to One on Champion—Firpo Followers Believe Mighty Right Will Uphold Calculations.

Foreign Capitals Show Interest

RIO DE JANEIRO, Sept. 13.—(By Associated Press.)—Interest in the Firpo-Dempsey fight exceeds that taken in any previous sporting event, not even excluding the Dempsey-Carpentier battle, which started amateur boxing throughout Brazil. Sentiment here as to which will be the victor is divided, but the majority pick Dempsey. The betting, which is by no means heavy, favors the world's champion.

Those who are interested in the fight are preparing for all-night vigils to receive the returns. The newspapers will publish special editions and also are arranging for telephone and wireless service.

PARIS, Sept. 13.—(By Associated Press.)—The Dempsey-Firpo fight holds a place on the first page in all the Parisian newspapers, which are printing columns of details of the battle and also photographs of both the fighters. The fight is creating the greatest interest ever evinced in pugilistic encounter in the history of boxing with the exception of the Carpentier-Dempsey battle at Jersey City.

NEW YORK, Sept. 13.—(By Associated Press.)—Two modern gladiators—Jack Dempsey and Luis Angel Firpo—will match their speed, courage and punch tomorrow night in the greatest test of their careers—a "battle of the continents" in which that greatest prize of the ring, the heavyweight championship of the world, will be at stake.

The American holder of the title, king in the square circle for the last four years, will go into the conflict with his bronzed grim-visaged South American adversary an overwhelming favorite among close followers of the game to stand and win decisively, but while expert analysis of the fight all point toward victory for the champion, those who have followed the meteoric rise of Firpo, his climb from obscurity to fame in a year and a half, believe that the "mighty right" that has thrust aside all opposition heretofore may upset calculations and bring triumph to the "Wild Bull of the pampas."

BETS HIS HAT

LA CROSSE, Wis., Sept. 13.—Fiske O'Hara, widely known singer, made a bet here tonight with Allen Reid, the "bareheaded bard of the corn belt" who has never worn a hat. O'Hara is to go bareheaded for a year if Jack Dempsey does not win in ten rounds over Luis Angel Firpo in their fight in New York tomorrow night. Otherwise the poet will wear a hat for one year.

Attracting the greatest interest of any international encounter during honors since the Dempsey-Carpentier battle two years ago, the 15-round title match at the polo grounds tomorrow night promises to rival as a spectacle that historic struggle in which the champion vanquished his rival from France.

A throng of more than 50,000 will pay approximately \$2,250,000 to witness the fight, according to Tex Richard.

More Seats Provided
The promoter declared tonight that revised figures of buildings who erected vast temporary additions to the field showed a total of 90,374 seats.

The promoter announced that but a few thousand reserved seats remained un sold tonight, most of them of \$16.50 and \$23 denotations, with a few of the ringside pastebards at \$27.50. The cheaper reserved sections were sold out.

Massive ticket specifications were reported to be doing a thriving business, despite the combined efforts of federal, state and local officials to check their activities. Ringside seats were said to be available in the theatrical district at prices ranging from \$25 to \$150 a piece.

Bogus Tickets Out
Something of a flurry in ticket circles has been aroused by reports that counterfeiters managed to get some bogus pastebards on the market despite a number of arrests and the confiscation of forging materials.

The influx of fans from all parts of the country, as well as from many parts of the globe, early this evening had crowded larger hotels close to their capacity with indications that tomorrow would witness an even greater in-pouring of ring followers.

Wagering on the outcome of the fight, which so far had been comparatively light, gained in impetus with the arrival of thousands from out of town.

The confidence of the majority in Dempsey's ability to win was reflected in the odds, which lightened on the champion with reports of several large wagers at three to one that he would be the victor.

Fighters Ready
The fighters, resting in seclusion over night, were pronounced in perfect condition, Dempsey this afternoon breaking camp at Saratoga Springs, and went at once to a hotel. Firpo, who returned yesterday from his training quarters in Atlantic City, spent the day at his uptown apartment, except for an hour or two this afternoon when he attended a reception given in his honor by the Spanish society. The fighters will meet tomorrow for the final time when they weigh in at the

PUBLIC MARKET FOR AUTOS PLAN

Certified Establishment Indorsed at Meeting of Dealers Last Night

Establishment of a certified public market for the purpose of selling reconditioned automobiles was unanimously approved by nearly 20 of Salem's automobile dealers at a meeting at the Chamber of Commerce last night. The market will be conducted under the auspices of the dealers, but they will have no control of the market.

Dealers have felt the problem of handling trade-ins and second-hand cars for some time, and a market has been held the solution to the question.

The proposal as explained by Dan Burns, will give buyers a square deal and eliminate the robbing of men who are forced to sacrifice their cars to jobbers. While the movement has been indorsed there has been no suggestion as to a location for the market.

Several bankers of the city were present, short talks being made by Joseph H. Albert, S. B. Elliott and George F. Rodgers.
