SAN FRANCISCO, Sept. 13.—The Seals took an easy victory from Portland today 6-0. It was San Francisco's ninth straight win. McWeeney's fast ball stood him in good stead by reason of a dark cloudy day and he allowed the Beavers only six hits, no two of which came in the same inning. Portland has only scored one run in the three games thus far played.

**Firpo's Record**  
 Luis Angel Firpo was knocked out in his first ring appearance as an amateur in Argentina, but since then he has never met defeat, his record reveals.

Firpo's solitary defeat was at the hands of a gentleman amateur, Angel Rodriguez, now retired from active ring competition. It was in January, 1917. The Argentine followed this setback with a string of victories, first as an amateur, and then as a professional in various parts of South America. He won a score or more of bouts by knockouts against leading South American heavyweights before he made his debut in the United States early in 1922.

Firpo has fought 13 times since then, six of his bouts occurring on exhibition tours of this country, Mexico and Cuba. He won all but two by knockouts. The record of these fights follows:

## SAFETY FIRST AT NEXT RACE

### Committee of Auto Races at Independence Sunday Promises Safety

Absolute safety from wrecks of a serious nature is the promise held out by the manager of the auto races to be held in Independence next Sunday afternoon at 2:30. The reason that the track is considered absolutely safe is that there is a perfectly level field surrounding it so that if any machine does leave the track it will simply coast along to a gentle stop, also the track being round eliminates the abrupt turns.

A committee of local men is promoting this race with the assistance of a number of capable AAA drivers who have spent many years in the racing game.

Entries in both the auto and motorcycle events have been secured from several towns in the northwest, and while it is not known definitely the number of machines that will be entered, it is probable that more than a dozen autos will be in action with perhaps half that number of motorcycles.

Adequate policing of the tracks has been promised to protect the public from any folly.
