LOCAL DEALER HAS NEW ICE PLANT
Home Refrigeration Plant Is New and Novel in its Operation and Convenience

A. L. Fraser, at 454 Ferry street in displaying one of the most unusual and unique home refrigerating plants for the home seen for some time. The plant operates automatically, makes ice, and maintains an even temperature at all times in the home ice box, and is operated at a cost not exceeding in this country three cents per day. One of the unusual features of the plant is its compactness and its high efficiency in delivering the required service. A solution of salt water and sulphur dioxide in certain mixtures is responsible for its freezing qualities and the plant getting its power from any electric current is attached to the light cord in a simple way.

A mathematical woodpecker mourned himself to death. He was trying to prove that two pecks make one bushel! The Papago Indians have only 13 words in their language. They ought to be trained for the barber business!

HORSE SHOW GETS BIGGER

Far More Entries for State Fair Event This Year Than Ever Before

The night horse show to be held in connection with the state fair, on the nights of September 24, 25, 26, 27, 28 and 29, should be easily the largest and most successful ever held on the state fair grounds.

The Portland Hunt club horses have always been rated as among the very best hunter and jumping types to be found anywhere in the United States, and as such have charge of the entries. It is now planned to show 54 classes of harness, saddle and jumping horses during the six nights of the show.

The stadium has heretofore been divided between the horse show quarters and those for the members of the industrial clubs, as well as setting aside much space for overflow exhibits from the other buildings.

The graceful and distinctive appearance of Western Giant Cords lends an air of class that is appreciated on small and medium sized cars, as well as on the finest cars. Of equal importance is the feeling of security which comes with the knowledge of riding on tires that are dependable; that retain their non-skid qualities long after ordinary tires are worn smooth.

CORDS

Table with columns: Size, Roadripper, Western Giant, Price. Rows include 30x3 1/2, 32x3 1/2, 31x4, 32x4, 33x4, 34x4, 32x4 1/2, 34x4 1/2, 35x5.

Your Car is Deserving of Good Care. When you bought your car you no doubt said to yourself, 'What'll I take good care of this bus'—but as time went on and the car kept running—everything seemingly in the best of condition, buying nothing for it but gasoline and occasionally a quart of oil, your idea of taking good care of the car is long forgotten.

"Cop-Spotter" Mirrors. See "the road behind" without inconvenience. No "any way" but as time went on and the car kept running—everything seemingly in the best of condition, buying nothing for it but gasoline and occasionally a quart of oil, your idea of taking good care of the car is long forgotten.

Tonneau Windshield. The coming fall days and nights will make you wish you had equipped your tonneau with a windshield, and the price for one of double strength glass with rubber gaskets is only \$20.00

"Lokwel" Steering Wheel. As an approved looking device the "LOKWEI" wheel meets all the requirements of the insurance companies and is as efficient and positive as any on the market.

Safety Stop Signal. Why not protect your car and give the fellow behind a chance? The signal works automatically from the brake pedal and is a really creative traffic device. A rare buy at these low \$1.45 prices. Black Enamel \$1.75 Nickel \$1.95
