EXPERTS from Cribben & Sexton, nationally famous makers of the Universal line of ranges, heaters and furnaces, will be in the Stove Section every day this week to point out, with our own experts, the advantages of cooking with a Universal and heating with a Universal.

EXTRA 26-Piece Set of Famous Rodgers Tableware FREE

THE factory has authorized us to include FREE with every Universal combination range, gas range, fuel range, pipeless furnace and ablast heater sold this week, a 26-piece set of Rogers silver-plated tableware.

FACTORY DEMONSTRATION OF THE "Universal" Combination Burns Coal and Wood or Gas

Women who have seen the Universal combination without exception pronounce it the one range that meets all requirements. Come and see for yourself how this range may be converted into a gas, coal or wood stove in an instant by a mere "twist of the wrist."

See the Self-starter for coal or wood, the beautiful "Unit" Porcelain in blue or gray, the broiler and the elevated gas oven.

It is "Two" Ranges in "One"

This wonderful range embodies all the conveniences of a gas range with all the advantages of a coal or wood range. Means a warm kitchen in cold weather—a cool kitchen in warm weather. No parts to change. Absolutely automatic.

FACTORY DEMONSTRATION OF "Universal" Porcelain Ranges

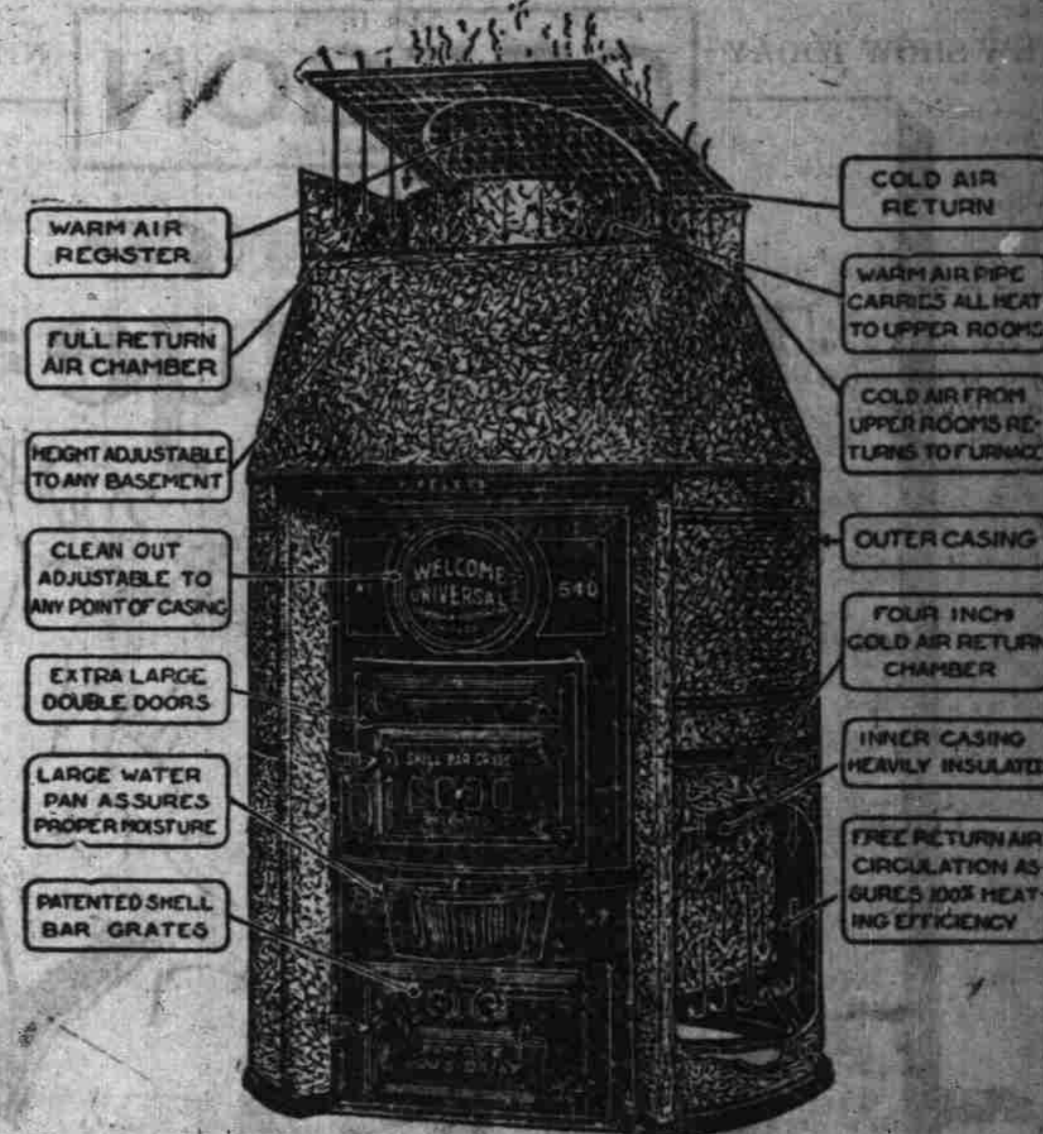

Sanitary, Washable, Indestructible

Think of owning a beautiful blue or gray range that can be cleaned with a damp cloth just as you clean the bathtub or sink. You can have that kind of a range in the Universal. A scientific, perfected process makes this porcelain as hard as flint. It will retain its lustre and beauty to the end. Intense heat will not chip, crack or discolor it. It will not absorb grease. Just wipe it off! It is as clean as a china dish.

Shown in Many Styles

In addition to the regular all-porcelain range finished in peacock blue or pearl gray, we offer many others—semi-porcelain, nickel trimmed and plain finish. Universal ranges can be furnished with or without hot-water connections.

FACTORY DEMONSTRATION OF "Universal" Furnaces

The Universal asbestos-insulated pipeless furnace is a scientific system of pipeless heating and ventilating. Now the entire house can be heated with one register. No pipes in basement or wall to waste heat—keeps basement cool. Asbestos insulation means perfect circulation. The Air Blast ends smoky chimneys. Home decorations remain long unsoiled. Any fuel is burned with minimum waste.
