WORLD SERIES OPENS OCT. 10

Colonel Ruppert Wins Toss to Decide Which Team Opens Struggle

NEW YORK, Sept. 25.—(By the Associated Press)—The 1923 world's series will open on Wednesday, Oct. 10 at the Yankee stadium, home of the three-time American league champions and the greatest baseball park in the country, regardless of whether the New York Giants or the Cincinnati Reds win the fight to represent the National league in the annual classic.

This was decided today at a meeting of local club officials with Commissioner K. M. Landis, when Colonel Jacob Ruppert, owner of the New York Yankees won the toss for the team which should have the honor of opening the series.

"That's a good start anyway," said Colonel Ruppert afterward.

Last year the Yankees lost the toss and the series to their Cincinnati rivals.

Should the Giants stand off the Yankees' challenge of the Reds and capture the pennant, thus making the series an all-metropolitan affair for the third successive year, the title game will alternate

between the Yankee stadium and the Polo grounds, until one club wins the necessary majority of four contests.

In the event that Cincinnati upsets calculations and wins the flag by a miracle finish, the first two games will be played in the Yankee stadium and the next two at Redland field with a probable lapse of a day for the shifting of battlefields.

The scale of prices at both local parks will be similar to that of last year at the Polo grounds where the entire series was contested. These prices are \$6 for box seats, \$5 for reserved seats, \$3 for general unreserved admission and \$1 for bleachers.

The scale that would prevail at Redland field in the event that Cincinnati wins, will be determined later.

The games will start at 2 p. m. the same as last year, it was decided.
