The troupe numbers five persons.

**HELP KIDNEYS
BY DRINKING
MORE WATER**

Take Salts to Flush Kidneys and Help Neutralize Irritating Acids.

Kidney and bladder irritations often result from acidity, says a noted authority. The kidneys help filter this acid from the blood and pass it on to the bladder, where it may remain to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread; the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it. Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is often one of the most simple ailments to overcome. Begin drinking lots of soft water, also get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast. Continue this for two or three days. This will help neutralize the acids in the system so they no longer are a source of irritation to the bladder and urinary organs, which then act normal again.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by acid irritation. Jad Salts causes no bad effects whatever. Here you have a pleasant, effervescent lithia-water drink which may quickly relieve your bladder irritation. By all means have your physician examine your

STATE FAIR POULTRY SHOW AND LIST OF AWARDS UP TO PRESENT

By W. C. CONNER.
The poultry exhibit at the state fair, in the new poultry pavilion, is up to its usual standard in both number of entries and the quality of the birds exhibited. As usual, the Barred Rocks comprise the largest class, with Rhode Island Reds second. There is a fine display of White Rocks, one entry by those veteran breeders, C. Daniels & Sons of Hoquiam, Wash.; another by S. K. Hartsock of Corvallis, and John Cornforth of Salem also comes in for a share of the winnings in this strong competitive class.

An entry of Buff Rocks by Judge Harry H. Collier of Tacoma was the best ever seen at this state fair. However, Mrs. Ella Plank of Woodburn, secured second cock and first hen in this strong competition.

Bolton & Landers of Albany have a large entry of wonderful Regal-Dorcas White Wyandottes, and in the Rhode Island Red alley there was real competition for the ribbons between the entries of Mr. and Mrs. J. T. Emert of Portland and Christopher & Young of Newberg. A. L. Lindbeck of Salem, in this his first show, secured third cockerel. J. A. Carpenter, Salem, second hen.

Rhode Island Whites are a pretty strong bunch of birds, and Grace Hatton, Milwaukie, Or., H. Peck, Portland; Artisan Home, Portland, share in the winnings.

Freaks and Rare Fowls
Among the most interesting features in this show is a Rhode Island Red rooster with a large brood of chickens which he is diligently and faithfully mothering, making the third brood of chickens he has reared to maturity during his brief career.

There is also a White Muscovy (quackless) duck with a large brood of baby ducks which look like butter balls. A fine Malay game cock entered by J. P. Limerick of Portland, and christened by Superintendent Ed Shearer as "Barney Google," is a long way from home. He came direct from Japan to Portland and was purchased from a sailor on an oriental merchant ship by Mr. Limerick. He stands two feet and four inches in his stocking feet and is game—every inch of him. We suggest his name be changed to "Dempsey."

A small flock of wild Brants (geese) in a large cage on the lawn in front of the poultry pavilion attract considerable attention.

A White Leghorn pullet hatched in May and which is equipped with three legs and two tails, is an unusual freak. She is evidently in good health and of normal size. Such freak chickens hardly ever survive over three or four days.

Pigeon Exhibit Large
The largest pigeon exhibit ever seen in Oregon has been nicely cooped in this show this year, 800 in all and 350 more than was entered last year, and practically ever known breed is included in this wonderful exhibit. Edwards & Son of Salem are among the largest entrymen. This section is being judged by C. R. King of Hayward, Cal.

A Great Rabbit Show
The rabbit exhibit is larger than last year, there being 243 paid
