STENDEL WINS ANOTHER FOR JOHN M'GRAW

For Second Time Kansas
City Castaway Drives
Giants to Victory With
Gigantic Clout

RECORD-BREAKING CROWD SEES GAME

Babe Ruth Walked Twice,
Singles Once and Whiffs
Another Time

NEW YORK, Oct. 12.—(By the Associated Press.)—Cast permanently, it would seem, in heroic mold, Casey Stengel—"Casey the immortal"—smashed the New York Giants to victory with a home run drive this afternoon for the second time in three days of record-breaking world's series strife with the Yankees.

Lashed into the right field bleachers of the Yankee stadium in the seventh inning, Stengel's blow broke up a huriling duel between Art Nehf, southpaw star of the Giants, and "Sad Sam" Jones of the Yankees, and gave the world's champions their sufficient margin in a brilliant 1 to 0 triumph.

Drama Is Stirring
The greatest throng that ever paid its way into a baseball arena—55,000 frenzied fans—massed in the gigantic enclosure while 50,000 more swirled about the entrance outside, saw Stengel deliver the climatic blow that gave John McGraw and his warriors a 3 to 1 advantage in the most stirring baseball drama of all time.

All world's series records for attendance and gate receipts were shattered by that vast gathering to baseball's greatest amphitheater. Actual paid attendance was 52,436, besides 3,000 more who did not go through the turnstiles, while the total receipts were \$291,072, putting the three-game figures beyond \$500,000 and practically assuring for 1923 the first million dollar championship in history. The paid attendance broke the former record of 60,311, established in a double header at the stadium late in the regular season, while the gathering as a whole has but one superior in size in baseball, that of approximately 70,000 that witnessed the dedication of the big structure last spring.

How Legged, Lion-Hearted
For a day Stengel had stepped out of the limelight while Babe Ruth rose to the pinnacle of fame with two circuit clouts that swept the Yanks to victory in the second game of the third successive title struggle between these Gotham rivals.

But today "Old Casey," bow-legged but lion-hearted, knew again the call to glory that was his when his ninth inning home run gave the Giants their first triumph—and again he answered its summons.

Perhaps the setting today was not so dramatic as in the first game, but that mattered not to Casey, for the result was just as effective and gave to the veteran a record that has no renewal in world's series annals—the feat of winning two games with two home runs in a single contest. Its nearest approach is the mark of "Home Run" Baker, who won two games for the old Athletics with circuit blows, but in separate series—1911 and 1913.

Pipp Again Injured
And so, stripping to its essentials the classic of 1923 in which home run punch so far has played a monumental role, the score stands: Stengel, two victories; Ruth, one.

It was a heartbreaking setback for Jones, melancholy moundman of the Yankees, who pitched even more brilliantly than did his southpaw rival, Nehf, in triumph. And too, it was doubly disastrous

BRITON THRILLED BY BIG WILDERNESS

Lloyd George Speeds Thru
Canada to Keep Appointment
at Winnipeg

ON BOARD LLOYD GEORGE'S SPECIAL TRAIN, Chapleau, Ont., Oct. 12.—(By the Associated Press.)—On a 1400-mile jump from Niagara Falls to Winnipeg, Lloyd George, war-time premier of Great Britain, in his tour of Canada today went through a region little removed from primitive wilderness. Passing on his special train to the north of Lake Superior, he made a few stops at isolated points where the log house is still used and where big game is plentiful. At Hudson Bay company points Indians were conspicuous, drawn up in silent lines beside the train. The former premier enjoyed the experience to the full, with its fascinating scenery of woods and quiet lakes.

"It is like passing through an endless picture gallery by a first-class artist," he said. "Why there should be slums in Europe when there is so much wealth here, I don't know."

Peter B. Kyne, the American novelist, has left the party after having joined it at New York to assist in the making of arrangements, especially in the United States.

Lloyd George will leave Winnipeg Sunday afternoon for Minneapolis.

LABOR RANKS TO BE SOLID SAYS GOMPERS

President of Federation Says
That Convention Has Given
Notice of Cleavage
From All Radicals

OFFICERS RETAINED IN FINAL ELECTION

Dunn Was Not Regularly
Elected Delegate Claim
in Gompers' Speech

PORTLAND, Or., Oct. 12.—(By the Associated Press.)—Samuel Gompers, re-elected unanimously as president of the American Federation of Labor just before adjournment of the 43rd annual convention here today, declared in his closing address, that the gathering had given notice that a cleavage had been made between those loyal to organized labor and those who, boring from within, had sought to stab the labor movement in the back.

The results of this convention, he said, will make for solidarity in the ranks of labor.

EL PASO WINS

The convention came to an exciting close in a sharp contest for the next convention in which El Paso, Texas, won over Detroit, Mich., 14,588 to 12,884. El Paso's claims were urged by George L. Berry of New York, president of the Pressmen's union, who declared that by meeting at El Paso the American Federation of Labor would be of great help to organized labor in Mexico. James Wilson of Cincinnati proposed Detroit. Andrew Furuseth of San Francisco and James Connors of Chicago seconded El Paso. Connors said that the weather would be cold in Detroit when the next convention is held, as it is to open the third Monday in November, and added that Detroit had extended no invitation.

Officers of the federation were retained. The vice presidents, who function as members of the executive council are: James Duncan, Quincy, Mass., first; J. F. Valentine, Cincinnati, second; Frank Duffy, Indianapolis, third; William Green, Indianapolis, fourth; T. A. Rickett, Chicago, fifth; Jacob Fischer, Indianapolis, sixth; Matthew Wolf, Chicago, seventh; Martin F. Ryan, Kansas City, eighth. Since the last convention W. D. Mahon of Detroit, resigned as fifth vice president, and those following him in rank had been stepped up one notch.

GOMPERS SPEAKS

Daniel J. Tobin, Indianapolis, was re-elected treasurer, and Frank Morrison, Washington, secretary. Peter P. Brady, New York and Edward Gainer, Washington, were chosen as delegates to the British trades union congress, and William Britton, New York, as fraternal delegate to the Canadian Trades and Labor congress.

President Gompers, in his address, reviewing the convention's work, referred to the expulsion of William F. Dunne, delegate from Butte, Mont. "This is a convention of organized labor," he said, "and any man who is hostile to labor has no right in this convention. I feel that the action taken has clarified the atmosphere. I think we have been entirely too lenient towards those who have been boring from within."

"Those men who meet at midnight in the forest plotting not only against the government but against the labor movement can go ahead as they please, but they must do so outside the ranks of organized labor."

Gompers declared he had been informed that Dunn had not been regularly elected as a delegate from the Silver Bow Trades and Labor council of Butte, to which he was accredited, but that he had solicited credentials on the condition he would pay his own expenses to the convention.

PAN AMERICA HAS PROMISE OF GOOD WILL

Secretary Hughes Addresses
Women of Two Continents
at Big Conference

WASHINGTON, Oct. 12.—Relations between the United States and its sister republics to the south were never more satisfactory or carried better promise of good will, Secretary Hughes said here tonight, speaking at the Columbus Day conference of the Pan-American international women's committee.

"I say this," he said, "after taking into account the complaining utterances that find place from time to time in the press and the criticism of those mentors and publicists who supply the tang which gives relief to our intellectual repasts. The millennium itself would turn out to be a tame affair if no fault could be found with it."

Alleged Leader of Whipping
Gang Sentenced to Two
Years in Prison

AMARILLO, Tex., Oct. 12.—The state scored in its first case in a series of indictments growing out of a recent flogging here when T. W. Stanford, alleged Ku Klux Klansman, was today found guilty in district court on a charge of white capping. His punishment was set at two years in the state prison.

Motion for a new trial was denied by District Judge Bishop and defense counsel gave notice of appeal.

Stanford was the alleged leader in a band of men who, dressed in Klan robes and hoods, ordered E. T. McDonald, railroad worker, to leave this city and on a later night took him to the country and gave him a severe flogging. Four other men are awaiting trial on charges of assault with a prohibited weapon. Sheriff Lees Whitaker and County Attorney Henry Ford are under indictments of misconduct in office all growing out of the flogging.

Passing of Covered Wagon
Shows History of Southern
Oregon Country

KLAMATH FALLS, Or., Oct. 12.—After a day of parades and sight seeing visitors to the Klamath Falls railroad celebration marking actual construction of the Eugene-Klamath Falls line tonight revived the days of the early west when they attended the historical pageant "The Passing of the Covered Wagon."

Old time Klamath Indian scouts who served under Captain C. C. Applegate of Klamath Falls in the Modoc war; Mike Weeks, Captain Siv. Lionheart, Brick Jim, Jim Dewane, Jim Cowan and Charley Cowan—performed their tribal dances in regalia.

The coming of the railroad ushered in present day developments and a special engine and cars were driven across the big outdoor stage and across the most modern logging devices loaded on a flat car in record time with the aid of a picked crew of Klamath loggers.

Special cars of excursionists from Eugene and Medford came in with the Portland delegation this morning.

Two California excursion trains arrived one hour after the Portlanders with a big delegation of San Francisco and Sacramento businessmen.

Tomorrow visiting excursionists and a train for the convenience of the local people will go to Kirk, 45 miles north of Klamath Falls and the present terminus of the Pacific line, where a silver spike will be driven and a celebration at the commencement of work on the Klamath Lake line to Eugene held.

SUIT FILED BY MRS. M'DOUGAL

Plaintiff Seeks to Have
Mortgage Given Bertha
McDougal Set Aside

Isobel McDougal yesterday filed suit against the Iorn Hill Orchard company Inc., Walter McDougal, Elliott McDougal and Bertha McDougal his wife. The plaintiff seeks to have a mortgage given to Bertha McDougal for \$15,000 set aside on the grounds that it was done without consideration and with the intent of defrauding the plaintiff.

Isobel McDougal was granted a divorce from Walter McDougal, November 15, 1922, and was granted \$150 a month alimony and \$800 costs and fees. There is now a total due the plaintiff of \$1800 from Walter McDougal, she alleges.

Before the divorce was granted but during the time when marital trouble was known to exist between Isobel McDougal and Walter McDougal, the holdings of the latter were incorporated by him as the Iorn Hill Orchard company. One share was retained by Walter McDougal, 43 were in his father, Elliott McDougal's name and the other share was and still is in the name of Isobel McDougal.

Later the plaintiff was induced to sign a mortgage for \$15,000 for supposed indebtedness of Walter McDougal, to his sister, Bertha McDougal. The plaintiff claims the mortgage was without consideration and asks that it be set aside.

POLICE SEEK MAN WHO KILLED GIRL

New York Department Store
Executive Found Dead in
Room By Friend

NEW YORK, Oct. 12.—Police tonight broadcast descriptions of a man, believed to be the son of a Montreal millionaire, who occupied a furnished room in West 97th street, adjoining that of Miss Estelle Phillips, attractive department store executive whose mutilated and almost nude body was found today on the floor near her bed.

Police, believe the assault was committed by a man who entered the room while Miss Phillips was asleep and strangled her before she could call for help.

A handbag containing four cents, found open at her feet, investigators think, was left by the murderer to give the appearance of robbery as the motive of the crime. A towel was knotted about the dead woman's throat and there were evidences of a desperate struggle.

Miss Kathryn Meltris, friend of the murdered woman and an occupant of the same house, gave the best description of the suspect after she had found Miss Phillips dead when she entered the room to arouse her this morning. She said she was awakened shortly after midnight by "smothered, gurgling sounds," from the direction of Miss Phillips' room. Alarmed, she arose and lighted the gas.

She said she heard steps in the hall a half hour later. Opening her door, she peered out and saw the man starting down stairs. His room separated hers from Miss Phillips'.

The man wore a cap and carried a suitcase and an army overcoat on his arm, she said.

Redding Men Recall Seeing

Day—Owners Warned

EXPLOSIVES SET BY LONG WIRED MAGNETO

Unconfirmed Report Says
Crew Found Indicates
Air Route of Escape

REDDING, Cal., Oct. 12.—An unconfirmed report received here is that officers at tunnel No. 13, where the San Francisco express of the Southern Pacific railway was held up yesterday, have a clew that the bandits escaped in an airplane.

This recalls two incidents in Redding which appear to give foundation to the belief. One is that early morning travelers yesterday saw an airplane upside down but apparently undamaged on the east side of the state highway at Churn Creek crossing, six miles north of Redding. Last evening the craft was gone.

Machine Observed
The second incident is that two aviators in one airplane landed on the Placer street hill, west of Redding, about 10 days ago. Out of curiosity, Arthur Thatcher motored out to see the machine. The aviators asked Thatcher to watch the craft while they went down town for supplies. As Thatcher accepted the charge, one of the aviators said:

"Don't touch the airplane as there are explosives aboard."

The aviators were gone half an hour. When they returned they flew north. Hills, Calif., near where the train holdup occurred yesterday is north of Redding.

BLOODHOUNDS FALL TO PICK UP TRAIL OF HOLDUP BANDITS

Footprints Found Leading up Hill Near Scene
of Robbery—Tracks Led to Old Toll Road
—Thought it Would Have Been Easy For
Highwaymen to Make Get Away.

ASHLAND, Ore., Oct. 12.—Bloodhounds worked today in an effort to locate the trail of bandits who held up the Southern Pacific train No. 13 in tunnel 13 at the summit of the Siskiyou mountains yesterday. Footprints were found leading from the south entrance of the tunnel where the mail car was smashed to kindling with dynamite.

The trail was seen to lead up the hill from the point in the brush close to the track where a wire led from the blast set under the car and where the bandits set off the explosion. Tracks led into the old toll road, now abandoned, that used to cross the chain of mountains from this point. It is said it would have been easy for the train robbers to reach the highway to the north of the little station of Siskiyou, close to the north tunnel portal, where it is surmised they sped away in an automobile.

MARSHFIELD, Or., Oct. 12.—Martin Covell, 16 and Arthur Covell, his uncle, a cripple, were indicted yesterday here today on charges of first degree murder growing out of the slaying of Mrs. Fred Covell, wife of a Bandon chiropractor, at her home two months ago. BOOTLEGGERS FACES CHARGE OF MURDER

Illinois Man, Two Sons
and Assistant, Held With-
out Bail for Grand Jury

PANA, Ill., Oct. 12.—(By the Associated Press.)—John Tokoly, proprietor of a soft drink parlor, his two sons, Paul and Stephen, and Robert A. Smith, a chemist, tonight were ordered held without bond on charges of murder for the grand jury by a coroner's jury which investigated the deaths of five men presumably from poisonous whiskey here Wednesday and yesterday. The jury returned a verdict that the men died as a result of drinking fuel oil in beverage sold to them by John Tokoly.

Tokoly with his son, Stephen, is under arrest at a local hospital where they are suffering from the effects of drinking the beverage while Paul has not been apprehended and Smith left the city this afternoon telling his wife he was going to Pekin, Ill.

The coroner's jury returned its verdict this evening after hearing the testimony of 25 witnesses, including prominent businessmen of Pana. John Tokoly, who was one of the witnesses, asserted that Smith concocted the alcohol used in the whiskey. State's Attorney Dowell said. Tokoly collapsed on the witness stand and was taken to the hospital where physicians said little hope was held for his recovery.

Three more men were taken to the hospital today suffering from the effects of the poisonous liquor, bringing to six the number of persons who are in a critical condition as a result of drinking the beverage. Doctors hold out little hope for their recovery.
