2000 Feet of Sande and Zev to Be Shown Here

Salem is to be the first place in the northwest to view the motion pictures of the great international horse race which was run last Saturday in New York. The film is being sent by express and airplane to the coast and will be shown at the Grand theater Friday, October 26—just six days after the race was run. The film is 2,000 feet in length and because Salem is considered more interested than other northwest towns it is to have the first chance to see it.

EARL SANDE, PREMIER AMERICAN RIDER, WHO PILOTED ZEV, THE AMERICAN COLT, TO VICTORY, IS A SON OF MR. AND MRS. JOHN SANDE OF SALEM AND THE RACE WAS OF MORE THAN USUAL INTEREST TO SALEM FOLK.

A brief debate preceded adoption of the resolution. The governor was "Who voted for me," he inquired in a low voice.

The governor inquired about three other votes all of which had been cast against him. "Will you have any statement tonight, governor?" he was asked.

"Not a word," the executive replied.

The vote on the impeachment charges in the house came unexpectedly late in the day. After most of the session had been devoted to reading testimony taken by the investigation committee and one effort to suspend the oral presentation had been voted down the house suddenly changed its course, cut off the reading and plunged into consideration of the second article on the impeachment bill. Consideration of Article 2 followed at once.

Article 2, the second of the 23 specified charges against the governor made in the committee report was approved without discussion by the house. It alleged that Governor Walton had diverted state funds to his own use by placing his private chauffeur on the state health department payroll.

The impeachment bill charged the executive with entering into "a corrupt agreement" with Dr. A. E. Davenport, state health commissioner, to place T. P.
