## ELLA McMUNN SHOPS AT RUMMAGE SALE

(Continued from page 1.)

see that you do not observe the custom followed in homes of taste and refinement in having not more than five things on the mantel, and these to be in some way related." Well, so, I'll say we do not. There is a bust of Beethoven. On his head is a pretty little hood that belonged to a child we loved, an around his neck Mother keeps her beads so she will always know where they are. Then there is a statuette of the "Good Fairy." It is a very good plaster mummy, but the wife shows in one elbow. Next comes a pup composed of some chalk-like substance, and the old clock that has not run down or been oiled for the twenty years of its life. On the corner is a bouquet of dried "silver dollar" flowers, while in between there are two dozen red apples, just convenient for biting into as we sit around the fireplace.

But what I would consider the dream of my purchases at the rummage sale was a dozen Geographic magazines. I had heard of them before, but thought they told how much wheat could be placed in a warehouse a mile high, or how much of a dent you would make if you fell off the top of Washington's monument. Instead, I find them full of pictures I can easily comprehend, and ideas that I can apply to my own affairs. For instance, I find that in Mexico when the roof leaks they just climb up there and lay a board over the opening and put a rock on it to hold it down, and in some other country they plow with a sharp stick which is an immense saving on farm machinery, while in yet another place they

## QUART OF WATER CLEANS KIDNEYS

Take a Little Salts if Your Back Hurts, or Bladder is Troubling You.

No man or woman can make a mistake by flushing the kidneys occasionally, says a well known authority. Eating too much rich food creates acids, which excite the kidneys. They become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood. Then we get sick. Rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys, or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of spalding, begin drinking a quart of water each day, also get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast, and in a few days your kidneys may get free.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush and stimulate the kidneys; also to help neutralize the acids in the system, so they no longer cause irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; makes of delicious effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby often avoiding serious kidney complications. By all means have your physician examine your kidneys at least twice a year.—Adv.

## Raising the Family

IT'S AN OUTRAGE THE WAY YOU AND SOPHIE GET ALONG LIKE TWO STRANGE BULLDOGS BY GOSH!

WELL, WOT KIN I DO GID? THAT WOMAN'S GOT ME LASHED TO THE MAST!

WHY DAGGONIT SHOW HER A LIL AFFECTION YA NOTICE I KISS MY WIFE EVERY DAY!

OH SHUCKS, THAT'S NOTHIN—

I KNOW LOTS OF MEN WHO DO THAT!

bolll the seeds of the pig weed just as we do oatmeal. Think what it would mean to go out and get a dish of mush off your own bushes. The sale brought in something like \$250, which wonderfully pleased the good women who are trying to furnish a part of the new Salem hospital, and as for me I am simply "tickled to death" over it all, even though, no one did bring a Passion vine, a big dictionary or a cocconut cakee.

P. S. I believe that the adorable young woman who made such a hit with Mama, is Mrs. Saurman. I shall know it if I meet Dr. Saurman without a necktie.

## BEARCATS MAY REFUSE LETTERS

Willamette Players Spur Selves Toward Victory Over Whitman

Typifying the undercurrent of determination that characterizes the Bearcats' preparation for their big homecoming battle with Whitman college here Saturday comes the rumor that the Willamette grid men will voluntarily refuse football letters unless they are victors Saturday. Although official announcement was not to be made until after the game, word has leaked out and is now acknowledged by responsible leaders. Athletic men since the first of the year have been urging a higher standard of accomplishment for wearers of the "W" and the football men were especially strong in that opinion.

Rathbun is devoting this week to the perfection of his offensive. Formation practice with light scrimmage will be the order for the remaining two days. The men are receiving new plays each day and by Saturday will have a goodly stock of new formations to battle the Missionaries.

The backfield is receiving much attention in the last few days where an effort is being made to strengthen the quarter position and increase the smoothness of the machine. Booth has been doing creditable work in the practice scrimmages and is threatening the security of Isham's hold on that job. Moore is being given long workouts in the backfield which leads observers to predict that he will have a heavy share in the battle Saturday.

Little apprehension is being felt for the performance of the line in Saturday's game. Fasnacht, Hartley, Mason and Rhodes, the new men on the line, have been plugging away steadily and ripping big holes for the backfield runners. The end positions will likely be stronger in the coming game and all indications point to the probability that the Bearcat line will very nearly present the proverbial stone wall.

The Whitman squad will arrive by auto Friday morning and will go through through secret work-out here in the afternoon.

Anticipating an unusually large crowd, special efforts are being made to seat the fans. Reserve seats are being sold for the game and at a substantial reduction if purchased before Saturday.

## NEW SURGERY IS VERY ACTIVE PLACE

the operating room or any other room available.

The diet kitchen will be in charge of Miss Mable Root who is expected to arrive today. It is fitted up in the most approved manner with metal cupboards, a steam table and dumb waiter connecting with the kitchen.

Signal Lights Ample.

A new system of signal lights will be installed within a short time throughout the hospital. Each signal will light in three places over the patient's door, in the head nurse's room, and downstairs in the superintendent's office. If the light remains burning for some time it can be checked up from the office and there is no chance of a patient needing help and being unable to summon it.

The workmen are still engaged in completing the final details of constructions within the building. Locks, interior hardware equipment, refrigeration, and floor masonry are being installed this week, according to H. W. Meyers, executive secretary of the hospital board. A roller was being used on the driveway yesterday and the grounds will be put in shape in conformation with a landscape plan prepared by Dr. R. E. Lee Steiner.

New Wing Needed.

"What we need most just now is a new wing," was the statement of Mr. Meyers last night and Miss Steele remarked yesterday that she had begun to "talk wings already."

The main part of the hospital which is just completed contains the double surgery and other important parts with a very small number of private rooms in comparison which accounts in part for present crowded conditions.

Miss Steele is especially happy over her suite of rooms located on the first floor but says she finds it a trifle difficult just at first to adjust herself and her belongings to the larger quarters.

Among the patients now at the hospital are Mrs. John Evans, Miss Helen Savage and Mrs. C. H. Shanafelt, all of Salem.

## More Basketball Games Will Be Played Tonight

Everything is in readiness for the third of the series in the Commercial Basketball league games which will be played tonight. The games will be Central Pharmacy vs. Hauser and Standard Oil vs. Union Oil. The first game will be played at 7:30 o'clock and the second at 8:15 o'clock.

As the series progress, more and more interest is being shown in the games, and the rooters are increasing in number. A good-sized crowd witnessed the games Tuesday night.

## PRECEDENT SET BY COURT CASE

State Treasury Department Benefitted By Opinion By Judge Rand

A precedent was set that is of much importance to the state treasury department in the collection of inheritance taxes in the opinion of the supreme court yesterday in the case of Addie Stout against John Van Zante, executor of the estate of H. B. Stout, deceased. Van Zante was the appellant in the case.

Addie Stout and her husband, H. B. Stout, were joint owners of land, or owners in entirety. The land was sold prior to the death of the husband and mortgage notes taken in part payment. Van Zante, as executor, included half the valuation of the notes in the estate, whereupon the widow brought replevin action against him, claiming title to them in entirety, as in the case of title to the property. She won in the lower court in Multnomah county, but the supreme court yesterday reversed Judge T. E. J. Duffy, who heard the case.

The supreme court opinion, which was written by Justice Rand, holds that in the absence of evidence to the contrary a note taken by a husband and wife jointly gives each an undivided half interest, and upon the death of either that half interest passes to the estate of the deceased and not to the surviving spouse. It is held that an estate by entirety does not exist in personal property in Oregon.

Other opinions were: Gertrude Lahey, appellant, vs. John E. Lahey; appeal from Multnomah county; suit for divorce; opinion by Justice Brown. Judge Robert G. Morrow affirmed.

American National Bank appellant, vs. Joe Kerley, et al.; appeal from Umatilla county; suit to recover on promissory note. Opinion by Justice Harris. Judge Gilbert W. Phelps affirmed.

C. C. Sturtevant vs. Dawson & Moyer, appellants; appeal from Lane county; suit to recover on promissory note. Opinion by Chief Justice McBride. Judge G. F. Skipworth affirmed.

Julius Christenson vs. A. E. Torgerson, et al, appellants; appeal from Marion county; suit to foreclose mortgage. Opinion by Chief Justice McBride. Judge George G. Bingham affirmed.

O. M. Castleman, appellant, vs.

C. A. Fryer, et al; appeal from Multnomah county; garnishment proceedings. Opinion by Justice Bean. Judge Robert Tucker reversed and case remanded with directions to enter judgment in accordance with this opinion.

Petition for rehearing denied in Corbin vs. Preston.

## ROTARIANS HEED CALL OF BUGLE

Adjutant General George A. White Speaker at Yesterday's Session

Bugle calls, featuring the old familiar mess call of "come and get it," called the Rotarians to their luncheon Wednesday noon and were a part of the patriotic program arranged for the day. George A. White, adjutant general, was the principal speaker. "Armistice day means more today than any other celebration,"

declared Mr. White. "All of us were actors in that great tragedy which now seems like a forgotten fragment of a horrible nightmare. We must not forget the price our men had to pay, and their purpose was accomplished by the unform spirit of the people at home. Success came because Germany failed to recognize the spirit of 'free America.'"

Musical numbers were given by a male quartet consisting of Glaeser, Robertson, F. S. Barton and R. D. Barton, with Wenger at the piano.
